NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Allstate Insurance Company (referred to as the "Company") prepares its financial statements in conformity with accounting practices prescribed or permitted by the Illinois Division of Insurance ("IL DOI"). Prescribed statutory accounting practices include a variety of publications of the National Association of Insurance Commissioners ("NAIC"), as well as state laws, regulations and general administrative rules. Permitted statutory accounting practices encompass all accounting practices not so prescribed.

The state of Illinois requires its domestic insurance companies to prepare financial statements in conformity with the NAIC Accounting Practices and Procedures Manual ("APPM"), subject to any deviations prescribed or permitted by the IL DOI.

B. The preparation of financial statements in conformity with accounting practices prescribed or permitted by the IL DOI requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

C. Listed below is a summary of the accounting policies that materially affect the financial statements.

Investments

Investments are stated at values prescribed by the NAIC Securities Valuation Office ("SVO"). Bonds, including bank loans, which are primarily senior secured corporate loans, loan-backed and other structured securities, are stated at amortized cost using the scientific interest method with two exceptions. Bonds with an NAIC designation of 3 through 6 and 5* are carried at the lower of amortized cost or fair value, with the difference reflected in unassigned surplus. 5* means the NAIC designation was assigned by the SVO in reliance on the insurer's certification that the issuer is current in all principal and interest payments. In addition, bonds with an NAIC designation of 6* are carried at zero. 6* means the NAIC designation was assigned by the SVO due to inadequate certification of interest and principal payments.

Loan-backed securities, which consist of single class and multi-class mortgage-backed and asset-backed securities, utilize anticipated repayments to determine the effective yield at purchase. Any significant changes in the anticipated repayments are incorporated when determining statement value. Generally, significant changes in estimated cash flows from the original purchase assumptions are accounted for using the retrospective method. Beneficial interests held in securitized assets, which are not of high credit quality, are accounted for using the prospective method.

Redeemable preferred stocks are stated at amortized cost or the lower of amortized cost or NAIC fair value, depending on the assigned credit rating. Perpetual preferred stocks are carried at the NAIC fair value or the lower of cost or fair value depending on the assigned credit rating. Unaffiliated common stocks are carried at NAIC fair value. For preferred stocks stated at NAIC fair value and unaffiliated common stocks, the differences between amortized cost or cost and NAIC fair value are recorded as a change in net unrealized capital gains (losses), which is a component of unassigned surplus. Common stock investments in insurance subsidiaries, controlled, and affiliated entities are based on the underlying statutory equity of the subsidiary and adjusted for unamortized goodwill, if applicable. Common stock investments in non-insurance subsidiaries, controlled and affiliated entities are generally recorded based on the underlying Generally Accepted Accounting Principles ("GAAP") equity of the investee, with unrealized gains or losses reflected in unassigned surplus.

Mortgage loans are carried at outstanding principal balances, net of unamortized premium or discount and book value adjustments. Book value adjustments include derivative hedging adjustments and other-than-temporary impairment adjustments. Generally, if the fair value of collateral, less the estimated costs to obtain and sell, is less than the outstanding principal balance and the decline is deemed to be other than temporary, an impairment is reflected in the carrying value and included in realized capital losses. If the decline is deemed to be temporary, the adjustment is reflected in a valuation allowance and included in unrealized capital losses.

Investments in real estate are stated at the lower of depreciated cost or fair value less encumbrances. The carrying value of real estate is adjusted for impairments that are other than temporary.

Cash equivalent investments are short term, highly liquid investments, whose original maturities at the time of acquisition are three months or less. They are both readily convertible into known amounts of cash and so near to their maturity that they present an insignificant risk of change in value because of changes in interest rates.

Short-term investments are carried at cost or amortized cost that approximates fair value.

Collateral received in connection with the Company's securities lending business activities, funds received in connection with dollar reverse repurchase agreements, cash collateral received from counterparties related to derivative transactions and securities purchased under agreements to resell are invested and classified as short-term investments or bonds as applicable. For these transactions, the Company records an offsetting liability for the Company's obligation to return the collateral or funds received.

Other invested assets include investments in joint ventures, limited partnerships, limited liability companies and surplus notes. Investments in joint ventures, limited partnerships and limited liability companies are generally recorded based on the underlying GAAP equity of the investee, with unrealized gains or losses reflected in unassigned surplus. Limited partnerships include low income housing tax credit ("LIHTC") property investments. LIHTC property investments are generally recorded at cost and amortized based on the utilization of tax credits. Surplus notes of affiliates are carried at either their face value or at a reduced face value based on a prescribed statement factor calculation.

Investment income consists primarily of interest and dividends. Interest is recognized on an accrual basis using the effective yield method and dividends are recorded at the ex-dividend date. Interest income on mortgage-backed and asset-backed securities is determined by considering estimated principal repayments obtained from widely accepted third party data sources and internal estimates. Interest income on certain beneficial interests in securitized assets is determined using the prospective yield method, based upon projections of expected future cash flows. For all other asset-backed and mortgage-backed securities, the effective yield is recalculated on the retrospective basis. Accrual of income is suspended for bonds and mortgage loans that are in default or when the receipt of interest payments is in doubt.

Realized capital gains and losses include gains and losses on investment dispositions, write-downs in value due to other-than-temporary declines in fair value and periodic changes in the fair value and settlements of certain derivatives. Dispositions include sales, losses recognized in anticipation of dispositions and other transactions, such as calls and prepayments. Realized capital gains and losses on investment dispositions are determined on a specific identification basis.

The Company recognizes other-than-temporary impairment losses on bonds and common and preferred stocks when the decline in fair value specific to an issuer's fundamental credit difficulties, or a non-interest related decline, is deemed to be other than temporary. There are a number of assumptions and estimates inherent in evaluating impairments specific to an issuer's fundamental credit difficulties, or non-interest related decline, and determining if they are other than temporary, including: 1) the Company's ability and intent to retain the investment for a period of time sufficient to allow for an anticipated recovery in value; 2) the recoverability of principal and interest; 3) the length of time and extent to which the fair value has been less than amortized cost for bonds or cost for common and preferred stocks; 4) the financial condition, near-term and long-term prospects of the issue or issuer, including relevant industry conditions and trends, and implications of rating agency actions and offering prices; and 5) the specific reasons that a security is in a significant unrealized loss position, including market conditions which could affect access to liquidity. Interest rate related impairments are deemed other than temporary when the Company has the intent to sell an investment, at the reporting date, before recovery of the cost of the investment.

Derivative financial instruments

Derivative financial instruments used by the Company include swap agreements (including swaption agreements), futures contracts (domestic index, commodities, interest rate and equities), options and forward sale contracts. When derivatives meet specific criteria, they may be designated as accounting hedges, which means they may be accounted for and reported on in a manner that is consistent with the hedged

NOTES TO FINANCIAL STATEMENTS

asset or liability. Derivatives that are not designated as accounting hedges are accounted for on a fair value basis, with changes in fair value recorded as unrealized gains or losses in unassigned surplus. The Company's accounting policy for the various types of derivative instruments is discussed in detail in Note 8, Part C.

Off-balance sheet financial instruments

Commitments to invest, credit guarantees, and commitments to extend mortgage loans have off-balance sheet risk because their contractual amounts are not recorded in the Company's Assets or Liabilities, Surplus and Other Funds pages of the Annual Statement. The contractual amounts of these instruments are presented in Note 16.

Premium revenue

Premiums are deferred and earned on a pro-rata basis over the policy period. The portion of premiums written applicable to the unexpired periods of the policies is recorded as unearned premiums. Premiums received in advance of the policies' effective dates are recorded as advance premiums.

Premiums written and not yet collected and agents' balances are shown as a receivable, with balances older than 90 days nonadmitted. The Company regularly evaluates this receivable and establishes valuation allowances, as appropriate, for items less than 90 days.

Reserves for losses and loss adjustment expense

Reserves for losses and loss adjustment expenses are the estimated amounts necessary to settle both reported and unreported claims for the ultimate cost of insured losses, based upon the facts in each case and the Company's experience with similar cases. Estimated amounts of salvage and subrogation are deducted from the reserves for losses and loss adjustment expenses. The establishment of appropriate reserves, including reserves for catastrophes, is an inherently uncertain and complex process. Reserve estimates are regularly reviewed and updated using the most current information available. Any resulting reestimates are reflected in the current Statement of Income.

Reinsurance

In the normal course of business, the Company seeks to limit aggregate and single exposure to losses on large risks by purchasing reinsurance. The dollars reported in the Assets page as amounts recoverable from reinsurers includes amounts billed to reinsurers for losses and loss adjustment expenses paid, as well as estimates of amounts expected to be recovered from reinsurers on losses and loss adjustment expense reserves that have not yet been paid. Reserves are reported net of unpaid reinsurance recoverables. Reinsurance recoverables on unpaid losses are estimated based upon assumptions consistent with those used in establishing the liabilities related to the underlying reinsured contract. Reinsurance premiums are generally reflected as income in a manner consistent with the recognition of premiums on the reinsured contracts or are earned ratably over the contract period to the extent coverage remains available. Reinsurance does not extinguish the Company's primary liability under the policies written. The Company regularly evaluates whether a provision for reinsurance is needed by evaluating the admissibility, collectibility and collateralization of reinsurers' balances in accordance with the APPM. A provision for reinsurance is established, as appropriate, and reported as a liability.

Income taxes

The income tax provision is calculated under the liability method. Deferred tax assets and liabilities are recorded based on the difference between the statutory financial statement and tax bases of assets and liabilities at the enacted tax rates. The principal liabilities giving rise to such differences were unearned premiums, nonadmitted assets and insurance reserves. Deferred income taxes also arise from unrealized gains and losses on common stocks, limited partnerships and impaired bonds carried at fair value. The net change in deferred tax assets and liabilities is applied directly to unassigned surplus. The nonadmitted portion of a gross deferred tax asset is determined by applying the rules prescribed by Statement of Statutory Accounting Principles ("SSAP") No. 10, *Income Taxes*.

2. Accounting Changes and Corrections of Errors

The Company did not have material accounting changes or corrections of errors for the years ended December 31, 2007 or 2006.

3. Business Combinations and Goodwill

A. Statutory Purchase Method

Encompass Insurance Company of America ("EICA")
Encompass Property and Casualty Company ("EPC")
Encompass Independent Insurance Company ("EIIC")
Encompass Insurance Company of Massachusetts ("EICMA")
Encompass Home and Auto Insurance Company ("EHAIC")

On October 1, 2005, Encompass Financial Group, LLC ("Encompass"), a subsidiary dissolved into the Company in December 2006, purchased all the outstanding common stock of EICA, EPC, EIIC, EICMA and EHAIC for $60 million from Continental Casualty Company ("CCC"). Encompass acquired these companies in order to utilize their insurance licenses to further develop the personal lines' independent agency business. The Company paid consideration in 1999 for the option to acquire these insurance companies from CCC at a future date. This consideration was recorded as an intangible asset on the Company's books. In conjunction with the purchase of these five companies, the $8 million balance of intangible asset at October 1, 2005 was reclassed to goodwill and included in common stock investments. The purchase price, which included $55 million of cash, cash equivalents and short-term investments acquired, goodwill recorded by Encompass and the goodwill amortized in 2007 and 2006 by the Company is presented in the table below:

(in thousands)

Company Acquired	Purchase Price	Goodwill	Goodwill Amortized 2007	Goodwill Amortized 2006
EICA	$ 28,655	$ 6,475	$ 809	$ 648
EPC	14,423	900	112	90
EIIC	5,891	500	63	50
EICMA	5,546	175	22	18
EHAIC	5,372	400	50	40

Northbrook Indemnity Company ("NIC")

On January 1, 2000, the Company purchased all the outstanding common stock of NIC for $26 million from St. Paul Fire & Marine Insurance Company. The Company acquired NIC to further develop the personal lines' independent agency business. The transaction was accounted for using the statutory purchase method. At the purchase date, goodwill of $429 thousand was recorded. In 2007 and 2006, the Company recognized goodwill amortization related to this acquisition of $43 thousand each year.

Encompass Insurance Company ("EIC")

On July 2, 2001, Encompass Holdings LLC ("Encompass LLC"), a former subsidiary of NIC, purchased all the outstanding common stock of EIC, formerly known as USF&G Business Insurance Company for $12 million from Fidelity and Guaranty Company. EIC was acquired in order to utilize its insurance licenses further develop the personal lines' independent agency business. At the purchase date, goodwill of $2

NOTES TO FINANCIAL STATEMENTS

million was recorded and evaluated annually by Encompass LLC for impairment per the applicable Generally Accepted Accounting Principles guidance. Effective December 31, 2003, Encompass LLC was dissolved and its assets, including its investment in EIC and the related goodwill, were transferred to NIC. In 2004, NIC began amortizing the goodwill. On December 31, 2006, NIC paid an extraordinary stock dividend of all the common shares of EIC, including the related unamortized goodwill of $1 million, to its parent, Encompass. Subsequently, on December 31, 2006 Encompass was dissolved and its assets, including its investment in EIC and the related unamortized goodwill, were transferred to the Company. The Company recognized goodwill amortization related to the acquisition of EIC of $237 thousand in 2007.

B. Statutory Merger

The Company did not participate in business combinations taking the form of a statutory merger in 2007 or 2006.

C. Impairment Loss

The Company did not recognize an impairment loss on the transactions described above in 2007 or 2006.

4. Discontinued Operations

The Company did not have discontinued operations in 2007 or 2006.

5. Investments

A. Mortgage Loans, including Mezzanine Real Estate Loans

1. The minimum and maximum lending rates for new mortgage loans in 2007 and 2006 were 5.45% and 6.82%, and 5.51% and 6.57%, respectively. All new mortgage loans in 2007 and 2006 were commercial.

2. The Company refinanced a commercial mortgage loan with a carrying value, excluding interest, of $35 million in 2007. The interest rate was reduced by 0.20%. The Company did not reduce interest rates due to refinancing mortgage loans in 2006. The Company did not reduce interest rates on commercial mortgage loans as a result of troubled debt restructuring in 2007 or 2006.

3. For loans acquired during the year, the maximum percentage of any one loan to the value of security at the time of the loan was 78.79% and 71.25% in 2007 and 2006, respectively.

(in millions)	2007	2006

a. Total interest due on mortgages with interest more than 180 days past due	$ -	$ -
5. Taxes, assessments and any amounts advanced and not included in the mortgage loan total	$ -	$ -
6. Current year impaired loans with a related allowance for credit losses	$ -	$ -
a. Related allowance for credit losses	-	-
7. Impaired mortgage loans without an allowance for credit losses	$ -	$ -
8. Average recorded investment in impaired loans	$ -	$ -
9. Interest income recognized during the period the loans were impaired	$ -	$ -
10. Amount of interest income recognized on a cash basis during the period the loans were impaired	$ -	$ -
11. Allowance for credit losses:

b. Additions charged to operations	-	-
c. Direct write-downs charged against the allowances	-	-
d. Recoveries of amounts previously charged off	-	-
e. Balance at end of period	$ -	$ -

12. Mortgage loans are impaired when it is probable the Company will be unable to collect all amounts due according to the contractual terms of the loan agreement. Interest income for impaired loans is recognized on an accrual basis if payments are expected to continue to be received; otherwise cash basis is used.

B. Debt Restructuring

1. The total recorded investment in troubled debt restructurings was $39 million at both December 31, 2007 and 2006. The Company did not have investments in troubled loan restructurings at December 31, 2007 or 2006.

2. The Company did not recognize realized capital losses related to troubled debt or troubled loan restructurings in 2007 or 2006.

3. The Company did not enter into contractual commitments to lend additional funds to debtors owning receivables whose terms were modified in troubled debt or troubled loan restructurings.

4. Interest income on nonperforming bonds is recognized on a cash basis once the original cost of the investment is recovered. Interest income for impaired mortgage loans is recognized on an accrual basis if payments are expected to continue to be received; otherwise cash basis is used.

C. Reverse Mortgages

The Company did not enter into reverse mortgages in 2007 or 2006.

D. Loan-Backed Securities

1. The Company elected not to use the book value as of January 1, 1994, as the cost for applying the retrospective adjustment method to securities purchased prior to that date.

NOTES TO FINANCIAL STATEMENTS

2. Prepayment assumptions for single class and multi-class mortgage-backed and asset-backed securities were obtained from broker/dealers and internal estimates.

3. In 2007 and 2006, there were no securities with negative yields requiring the Company to change methodologies from retrospective to prospective.

E. Repurchase Agreements

The Company did not enter into repurchase agreements in 2007 or 2006.

See Note 11 for information relating to the Company's dollar reverse repurchase agreements.

F. Real Estate

1. The Company did not recognize impairment losses related to its real estate investments in 2007 or 2006.

2. In 2007, the Company classified a $26 million investment in a South Barrington, Illinois office building ("South Barrington") as held for sale after determining it was not a core building. The Company is actively marketing South Barrington to third parties. A gain or loss was not recorded when South Barrington was reclassified to held for sale. The Company did not sell or classify real estate investments as held for sale in 2006.

3. The Company did not experience changes to a plan of sale for a real estate investment in 2007 or 2006.

4. The Company did not engage in retail land sales operations in 2007 or 2006.

G. LIHTC Property Investments

1. For the Company's LIHTC property investments, the number of remaining years of unexpired tax credits ranged from 1 to 13 years and 1 to 12 years at December 31, 2007 and 2006, respectively. These investments have a required holding period of 15 years.

2. Except for normal ongoing compliance monitoring, none of the Company's LIHTC property investments were subject to regulatory review at December 31, 2007 or 2006.

3. The Company's LIHTC property investments did not exceed 10% of total admitted assets at December 31, 2007 or 2006.

4. The Company did not recognize other-than-temporary impairment losses for its LIHTC property investments in 2007 or 2006.

5. In 2007 and 2006, the Company did not write-down or reclassify LIHTC property investments.

6. Joint Ventures, Partnerships and Limited Liability Companies

A. The Company did not have investments in joint ventures, partnerships or limited liability companies that exceeded 10% of its admitted assets at December 31, 2007 or 2006.

B. The Company recognized an impairment write-down of $9 million on a limited liability company investment in 2007. The limited liability company is in the business of constructing solar panels which generate renewable energy and qualifies for federal tax credits. As part of the economic benefits from the investment, the Company received federal tax credits in 2007, which reduced the amount of the Company's income tax expense and income tax payable, but not the carrying value of the limited liability company investment. Since the remaining benefits expected to be received on this limited liability company investment is less than its carrying value, an impairment write-down was recorded at December 31, 2007. The Company did not recognize impairment write-downs on joint ventures, partnerships or limited liability companies in 2006.

7. Investment Income

1. All due and accrued investment income, excluding that related to mortgage loans, is included in unassigned surplus except for amounts that are over 90 days past due, which are nonadmitted. Interest on mortgage loans in default, which is 180 days past due, is nonadmitted. All due and accrued investment income deemed uncollectible is written off in the period it is determined to be uncollectible.

2. All due and accrued investment income was admitted at December 31, 2007 and 2006.

8. Derivative Instruments

A. Derivative financial instruments utilized by the Company during 2007 and 2006 included call and put option contracts on specific equities, swaption agreements, index option contracts, interest rate, credit default and excess return swap agreements, foreign currency forward contracts and futures contracts.

Index option contracts provide returns at specified or optional dates based on a specified equity index applied to the option's notional amount. Call and put option contracts are publicly traded option contracts on specific equities. Swaption agreements give the holder the right to enter into an interest rate swap agreement at a future date. Interest rate swap agreements are agreements that periodically exchange the difference between two designated sets of cash flows, (fixed to variable rate, variable to fixed rate, or variable to variable rate) based upon designated market rates or rate indices and a notional amount. Credit default swap agreements are used for either buying credit protection or selling credit protection on a specified entity, basket of entities or index. Buying credit protection requires a payment of a premium to a counterparty in exchange for a future cash settlement or a promise to deliver a bond, if a specified credit event occurs. Selling credit protection provides for the receipt of a premium from a counterparty in exchange for a future cash settlement, or a promise to purchase a bond, if a specified credit event occurs. Excess return swap agreements involve the payment of a fixed amount in exchange for the receipt of an excess return on the Goldman Sachs Commodity Index. Foreign currency forward contracts involve the future exchange or delivery of foreign currencies based on terms negotiated at the inception of the contract which are settled at the end of the contract. The Company utilizes the following types of futures contracts: domestic index, commodities, interest rate and equity. Futures contracts are defined as commitments to buy or sell designated financial instruments based on specified prices, yields or indexes. These futures contracts provide returns at specified or optional dates based upon a specified index applied to a notional amount.

Market risk is the risk that the Company will incur losses due to adverse changes in market rates and prices. Market risk exists for all of the derivative financial instruments the Company currently holds, as these instruments may become less valuable due to adverse changes in market conditions. To limit this risk, the Company's senior management has established risk control limits. In addition, changes in the fair value of the derivative financial instruments that the Company uses for risk management purposes are generally offset by the change in the fair value or cash flows of the hedged risk component of the related assets, liabilities or forecasted transaction.

The Company manages its exposure to credit risk by utilizing highly rated counterparties, establishing risk control limits, executing legally enforceable master netting agreements and obtaining collateral where appropriate. The Company uses master netting agreements for over-the-counter derivative transactions, including interest rate and credit default swap agreements, swaption agreements, and certain option contracts. These agreements permit either party to net payments due for transactions covered by the agreements. Under the provisions of the agreements, collateral is either pledged or obtained when certain predetermined exposure limits are exceeded. The Company has not incurred any losses on derivative financial instruments due to counterparty nonperformance. Other derivatives, including futures and certain

NOTES TO FINANCIAL STATEMENTS

option contracts, are traded on organized exchanges, which require margin deposits and guarantee the execution of trades, thereby mitigating any potential credit risk associated with transactions executed on organized exchanges.

Credit exposure represents the Company's potential loss if all counterparties concurrently fail to perform under the terms of the contracts and all collateral, if any, becomes worthless. This exposure is measured by the fair value of contracts with a positive fair value at the reporting date reduced by the effect, if any, of legally enforceable master netting agreements.

The cash requirements of the derivatives vary by instrument. When the Company purchases/sells option contracts at specific prices, it is required to pay/receive a premium to/from the counterparties. The amount of premium paid/received is based on the number of contracts purchased, the specified price and the maturity date of the contract. The Company receives/pays cash equal to the premium of written/purchased options when the contract is established. If the option is exercised, the Company receives/pays cash equal to the specified price in the contract (strike price) in exchange for the equity upon which the option is written/purchased. If the options are not exercised, then no additional cash is exchanged when the contract expires. Swaption agreements typically require a premium paid to the counterparty at the inception of a contract. Cash settlements for swap agreements usually occur at dates specified in individual agreements. The amount of cash exchanged is equal to the difference between the rate in the contract at which the Company receives cash compared to the rate at which the Company is to pay cash. Foreign currency forward contracts require cash settlements when the contract matures. The amount of cash exchanged is based on the difference between the specified rate on the date the contract was entered into (contract rate) compared to the actual rate on the settlement date. If the contract rate is less than the actual rate on the settlement date, the Company receives cash equal to the difference in rates multiplied by a specified notional amount. If the contract rate is greater than the actual rate on the settlement date, the Company pays cash equal to the difference in the rates multiplied by a specified notional amount. Daily cash settlement of variation margins is required for futures contracts and is based on the changes in daily prices. The final settlement of interest rate, commodity, and equity futures contracts and index option contracts is in cash or through delivery of an underlying instrument (e.g. specified bond). The final settlement of indexed futures contracts is always in cash.

B. The Company primarily uses derivative financial instruments to reduce its exposure to market risk (principally interest rate and equity price) and to replicate assets in conjunction with asset-liability management.

Purchased put and call option contracts on specific equities and index option contracts allow the Company to participate in increases in the underlying market price of equities while limiting downside risk to the premium paid. Written put and call option contracts on specific equities and index option contracts allow the Company to limit potential losses on equities owned in exchange for a premium received. Swaption agreements are primarily used to hedge interest rate risk. Written option contracts used for income generation provide limited protection against declines in the underlying market price of equities owned by the Company. The Company primarily uses interest rate swap agreements to change the interest rate characteristics of existing assets to facilitate asset-liability management. The Company enters into certain credit default swap agreements to reduce the credit risk in a particular bond while leaving the security intact. The Company enters into other credit default swap agreements as replication transactions, enabling greater diversification of credit risk by selling protection on specified entities, baskets of entities or indices that may not be frequent issuers in the traditional corporate bond market. Excess return swap agreements and commodities futures contracts are used to allow the Company to participate in asset classes that offer diversification benefits within the Company's existing portfolio. Foreign currency forward contracts are utilized to substantially eliminate currency risk exposure arising from investments in foreign currency denominated investments. The Company primarily utilizes index and interest rate futures contracts to reduce the duration of its bonds, manage equity risk in its equity portfolio and to reduce interest rate and equity risk associated with certain deferred compensation liability contracts. These futures contracts hedge the changes in fair value of certain assets or liabilities. The Company enters into equity futures contracts as replication transactions, enabling it to add equity returns to fixed income instruments.

C. The notional amounts specified in the contracts are used to calculate the exchange of contractual payments under agreements and are generally not representative of the potential for gain or loss on these agreements. However, the notional amounts specified in credit default swap agreements represent the maximum amount of potential loss, assuming no recoveries.

Purchased put and call option contracts on specific equities and index option contracts are reported on Schedule DB, Part A and receive non-hedge accounting. Premiums paid on purchased option contracts are reported as aggregate write-ins for invested assets. The change in the fair value of purchased option contracts is reported as net unrealized capital gains or losses, within unassigned surplus, with an adjustment to a corresponding asset. If the purchased option contract is exercised or expires without being exercised, the premiums paid are reported as realized capital losses and the corresponding asset previously recorded is reversed.

Swaption agreements are also reported on Schedule DB, Part A and receive non-hedge accounting. Premiums paid on swaption agreements are reported as aggregate write-ins for invested assets. The change in the fair value of open swaption agreements is reported as net unrealized capital gains or losses, within unassigned surplus, with an adjustment to the aggregate write-ins for invested assets. If a swaption agreement terminates prior to its expiration date, gains or losses are reported in net realized capital gains or losses.

Written option contracts are reported on Schedule DB, Part B and receive non-hedge accounting. Premiums received on written option contracts are reported as a liability. The change in the fair value of written option contracts is reported as net unrealized capital gains or losses, within unassigned surplus, with an adjustment to a corresponding liability. If the written option contract is exercised by the counterparty, the difference between the strike price and the cost basis of the equity, adjusted for the amount of premiums received, is reported as realized capital gains or losses. If the written option contract expires without being exercised, the premiums received are reported as realized capital gains and the corresponding liability previously reported is reversed.

Interest rate, credit default and excess return swap agreements are reported in Schedule DB, Part C, and if used for replication purposes, Schedule DB, Part F. Interest rate and credit default swap agreements used for buying protection receive non-hedge accounting, and the change in the fair value of open swap agreements are reported as net unrealized capital gains and losses within unassigned surplus. Credit default and excess return swap agreements entered into as replication transactions are valued at amortized cost. Periodic settlements, which represent amounts receivable from/payable to the counterparties are based on the settlement terms within the agreement, and reported as a component of net investment income for credit default swap agreements and realized capital gains or losses for interest rate and excess return swap agreements.

Foreign currency forward contracts are also reported in Schedule DB, Part C, and receive non-hedge accounting. The change in the fair value of open foreign currency forward contracts is reported as net unrealized capital gains or losses, within unassigned surplus, until closed (e.g. terminated or settled). If the contract was hedging coupon payments of a bond, then at closing, previously reported net unrealized capital gains and losses are reclassified to net investment income earned. If the contract was hedging the original principal of a bond or the bond the Company was hedging is disposed of, then at closing, previously reported net unrealized capital gains and losses are reclassified to realized capital gains or losses.

Futures contracts are reported in Schedule DB, Part D and receive either fair value hedge accounting or non-hedge accounting, depending on the strategy. Equity futures contracts entered into as replication transactions are also reported in Schedule DB, Part F. Daily cash settlement of margin gains or losses for futures contracts receiving fair value hedge accounting are reported in net investment income. The daily cash settlements of margins gains and losses for futures contracts that receive non-hedge accounting and have matured are reported in net realized capital gains or losses. The daily cash settlements of margins gains and losses for open futures contracts that receive non-hedge accounting are reported as net unrealized capital gains and losses within unassigned surplus.

D. The Company did not have gains or losses in net unrealized capital gains or losses that represented a component of any derivatives' gain or loss that was excluded from the assessment of hedge effectiveness in 2007 or 2006.

E. The Company did not have gains or losses in net unrealized capital gains or losses that resulted from derivatives that no longer qualify for hedge accounting in 2007 or 2006.

F. The Company did not have derivatives accounted for as cash flow hedges of a forecasted transaction.

2. The consolidated group has elected under Internal Revenue Code ("IRC") Section 1552(a)(2) to allocate the consolidated federal income tax liability based on each member's federal income tax liability computed on a separate return basis, except all tax benefits resulting from operating losses and tax credits are allocated to the Company to the extent they can be utilized in the consolidated return. In years when the consolidated tax return results in an alternative minimum tax liability, the regular tax is allocated first as described above, and the excess of the alternative minimum tax over the regular tax is allocated to the members whose tax posture gave rise to the alternative minimum tax.

NOTES TO FINANCIAL STATEMENTS

10. Information Concerning Parent, Subsidiaries and Affiliates

A.,
B. &
C. The following transactions were entered into by the Company with related parties in 2007 and 2006 that involved more than ½ of 1% of the Company's admitted assets. Activity resulting from reinsurance agreements, insurance contracts or cost allocation transactions in accordance with intercompany agreement provisions was excluded.

Transactions with The Allstate Corporation ("Corporation")

The Company paid the following cash dividends to its parent, the Corporation:

(in millions)

Date of payment	2007	2006
February 1	$ 400	$ -
March 15	300	-
April 2	300	-
May 7	400	-
June 1	500	-
July 2	600	-
August 1	500	-
September 6	500	-
September 13	-	300
October 3	500	-
October 27	-	400
November 1	500	-
November 29	-	311
December 3	422	-
Total	$ 4,922	$ 1,011

The Company received excess tax benefits of $30 million and $53 million in 2007 and 2006, respectively, primarily related to the Corporation's stock options exercised by Company employees. These amounts are presented in the Company's Statement of Income as surplus paid in.

The Company entered into an intercompany loan agreement with the Corporation. The amount available to the Company is at the discretion of the Corporation, however, the maximum amount of loans the Corporation can have outstanding to all eligible subsidiaries at any given point in time is limited to $1 billion. From time to time, the Company borrows money from the Corporation to meet its short-term cash needs. At December 31, 2007 and 2006, the Company did not have intercompany loans with the Corporation outstanding. Total interest paid on intercompany debt during 2007 and 2006 was $52 thousand and $2 million, respectively.

Transactions with Allstate Life Insurance Company ("ALIC")

The Company received the following cash dividends on common stock from its subsidiary, ALIC:

(in millions)

Date of payment	2007	2006
June 27	$ -	$ 125
September 21	-	300
September 24	85	
December 15	-	250
December 17	251	-
December 21	389	-
Total	$ 725	$ 675

The $389 million of dividends paid on December 21, 2007 and the $250 million of dividends paid on December 15, 2006 were extraordinary dividends. The $300 million of dividends paid on September 21, 2006 included $29 million of ordinary dividends and $271 million of extraordinary dividends.

At December 31, 2006, the Company also held a $500 million note issued by ALIC. The details are presented in Note 10, Part D.

D. The Company reported the following as receivable from affiliates at December 31:

(in millions)	2007	2006
ALIC	$ 129	$ 539
Lincoln Benefit Life Company	59	33
Allstate Financial Services, LLC	13	14

Allstate Property and Casualty Insurance Company	-	1
Encompass Indemnity Company	-	1
Total	$ 242	$ 669

NOTES TO FINANCIAL STATEMENTS

The Company also reported the following as payable to affiliates at December 31:

(in millions)	2007	2006
Corporation	$ 178	$ 167
Allstate Floridian Insurance Company	18	27
Allstate New Jersey Insurance Company	14	-
Allstate Indemnity Company	3	-
Allstate Property and Casualty Insurance Company	3	-
EICA	1	-
Total	$ 217	$ 194

Intercompany receivables and payables are generally cash settled at least quarterly.

On March 17, 2007, ALIC repaid in cash the $500 million intercompany note issued by the Company on December 27, 2006. Total interest paid on the 5.25% note was $5 million. This note was combined with other amounts received from ALIC and classified as receivables from parent, subsidiaries and affiliates at December 31, 2006.

E. The Company purchased structured settlement annuities, a type of immediate annuity, at prices determined based on interest rates in effect at the time of purchase, to fund structured settlements from ALIC and its subsidiary, Allstate Life Insurance Company of New York (“ALNY”). Prior to July 1, 2001, these annuities were issued to Allstate Settlement Corporation (“ASC”), a subsidiary of ALIC. Most of the structured settlements issued to ASC were under a “qualified assignment”, meaning these entities assumed the Company’s obligation to make future payments.

The Company issued surety bonds to guarantee the payment of structured settlement benefits assumed by ASC (from both the Company and non-related parties) and funded by certain annuity contracts issued by ALIC and ALNY. ASC entered into a General Indemnity Agreement pursuant to which it indemnified the Company for any liabilities associated with the surety bonds and provided certain collateral security rights with respect to the annuities and certain other rights in the event of default covered by the surety bonds. Reserves recorded by ALIC and ALNY for annuities that are guaranteed by the surety bonds were $4.98 billion and $5 billion at December 31, 2007 and 2006, respectively.

The Company and ALIC entered into a Capital Support Agreement effective December 14, 2007. Under the terms of this agreement, the Company agrees to provide capital and surplus to ALIC in order for ALIC to maintain a company action level risk-based capital (“RBC”) ratio of at least 150%. The Company’s obligation to provide capital and surplus to ALIC is limited to an aggregate amount of $1 billion. In exchange for providing this capital and surplus, on March 1 of each year, ALIC will pay the Company an annual commitment fee of 1% of the amount of the Capital and Surplus Maximum, as defined in the agreement, that remains available on January 1 of such year. ALIC or the Company have the right to terminate this agreement when: 1) ALIC qualifies for a financial strength rating from Standard and Poor’s, Moody’s or A.M. Best, without giving weight to the existence of this agreement, that is the same or better than its rating with such support; or 2) ALIC’s company action level RBC ratio is at least 300% or 3) the Company no longer directly or indirectly owns at least 50% of the voting stock of ALIC. At December 31, 2007, no capital or surplus had been provided by the Company under this agreement.

F. There is an Amended and Restated Service and Expense Agreement (the "Agreement") between the Company, the Corporation and certain affiliated insurance companies pursuant to which the Company furnishes a variety of services. The Agreement provides for the cost sharing and allocation of operating expenses among the parties.

The Company is a party to an Investment Management Agreement with Allstate Investments, LLC ("AILLC") whereby AILLC provides investment management services and advice.

There is a Reimbursement Agreement with the Corporation under which the Corporation sponsors certain benefit and compensation plans.

The Company is a party to a federal income tax allocation agreement with the Corporation (see Note 9, Part F)

G. The Company is a wholly-owned subsidiary of the Corporation.

H. At both December 31, 2007 and 2006, the Company owned 37,471 common shares of the Corporation with a cost of $1 million. The entire amount of the investment was reported as a nonadmitted asset.

I. The Company did not have investments in subsidiaries, controlled or affiliated (“SCA”) entities that exceeded 10% of the Company’s December 31, 2007 or 2006 admitted assets.

J. The Company recognized an impairment write-down of $9 million on a limited liability company investment in 2007, which is also considered an SCA entity investment. The details of the write-down are described in Note 6. The Company did not recognize any impairment related to its SCA entity investments in 2006.

K. The Company did not have investments in foreign insurance subsidiaries that were calculated by adjusting annuity GAAP account value reserves using the Commissioners Annuity Reserve Valuation Method and the related actuarial guidelines.

11. Debt

The Company did not have capital notes outstanding at December 31, 2007 or 2006.

The Company did not have dollar reverse repurchase agreements outstanding as of December 31, 2007. The Company had dollar reverse repurchase agreements outstanding as of December 31, 2006, with total book and fair values of $53 million. Under the terms of dollar reverse repurchase agreements, the Company sells a portion of its investments, generally mortgage-backed securities, and agrees to repurchase securities with the same or substantially the same projected cash flows at a specified date. The sold investments are not removed from their investment category on the Assets page and the proceeds from the sale are recorded as borrowed money in the Liabilities, Surplus and Other Funds page. The Company’s policy is to maintain collateral equal to between 98% and 105% of the fair value of securities transferred. The Company is permitted to sell or re-pledge the collateral; however, it did not in 2007 or 2006. Interest paid on dollar reverse repurchase agreements was $6 million and $14 million for the years ending December 31, 2007 and 2006, respectively. The weighted average coupon rates for dollar reverse repurchase agreement transactions were 5.42% and 5.00% in 2007 and 2006, respectively. All of the December 31, 2006 transactions ended January 11, 2007.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

Defined benefit pension plans cover most full-time employees, certain part-time employees and employee-agents. Benefits under the pension plans are based upon the employee’s length of service and eligible annual compensation. A cash balance formula was added to the Allstate Retirement Plan effective January 1, 2003. All eligible employees hired before August 1, 2002 were provided with a one-time opportunity to choose between the cash balance formula and the final average pay formula. The cash balance formula applies to all eligible employees hired after August 1, 2002.

The Company also provides certain health care and life insurance subsidies for employees hired before January 1, 2003 when they retire (“postretirement benefits”). Qualified employees may become eligible for these benefits if they retire in accordance with the Company’s established retirement policy and are continuously insured under the Company’s group plans or other approved plans in accordance with the plans’ participation requirements. The Company shares the cost of the retiree medical benefits with retirees based on years of service, with the

NOTES TO FINANCIAL STATEMENTS

Company's share being subject to a 5% limit on annual medical cost inflation after retirement. The Company has the right to modify or terminate these pension and postretirement benefit plans.

The Company calculates benefit obligations based upon generally accepted actuarial methodologies using the projected benefit obligation ("PBO") for pension plans and the accumulated postretirement benefit obligation ("APBO") for other postretirement plans. The determination of pension costs and other postretirement obligations as of December 31 were determined using an October 31 measurement date. The benefit obligations represent the actuarial present value of all benefits attributed to employee service rendered. The PBO is measured using the pension benefit formula and assumptions as to future compensation levels. The plans' funded status is calculated as the difference between the benefit obligation and the fair value of plan assets. The Company's funding policy for pension plans is to make annual contributions at a minimum level that is at least in accordance with regulations under the IRC and in accordance with generally accepted actuarial principles. The Company's postretirement benefit plans are not funded.

A reconciliation of the plans' funded status to amounts recognized in Liabilities, Surplus and Other Funds as of December 31 was as follows:

	Pension Benefits		Postretirement Benefits	
(in millions)	2007	2006	2007	2006
Fair value of plan assets	$ 4,808	$ 4,393	$ -	$ -
Benefit obligation	4,677	4,957	619	766
Funded status	131	(564)	(619)	(766)
Amounts not recognized:				
Unamortized prior service cost	(18)	(21)	34	(7)
Unamortized transition (asset)/obligation	(139)	(151)	79	95
Unamortized net actuarial loss/(gain)	976	1,831	(264)	(41)
Net amount recognized	$ 950	$ 1,095	$ (770)	$ (719)
Prepaid benefit cost	$ 998	$ 1,138	$ -	$ -
Accrued benefit cost	(150)	(139)	(770)	(719)
Intangible asset	56	59	-	-
Minimum pension liability	46	37	-	-
Net amount recognized	$ 950	$ 1,095	$ (770)	$ (719)

The majority of the $976 million and $1.83 billion of unrecognized net actuarial pension benefit losses in 2007 and 2006, respectively, reflected the effect of increases in the PBO resulting from decreases in the discount rate in prior years, and the impact of unfavorable equity market conditions on the value of the pension plan assets in prior years. The Company amortizes its excess unrecognized net actuarial losses over the average remaining service period of active employees expected to receive benefits.

The accumulated benefit obligation ("ABO") for all defined benefit pension plans was $4.06 billion and $4.16 billion at December 31, 2007 and 2006, respectively. The ABO is the actuarial present value of all benefits attributed by the pension benefit formula to employee service rendered. However, it differs from the PBO due to the exclusion of an assumption as to future compensation levels. A minimum pension liability is recognized when the ABO exceeds the fair value of plan assets. The minimum pension liability, less allowable intangible assets, was $46 million and $37 million, at December 31, 2007 and 2006, respectively, and was reported as an adjustment to unassigned surplus.

The accrued pension benefit cost of $150 million and $139 million for 2007 and 2006, respectively, relates to certain unfunded non-qualified plans.

The change in benefit obligations for all plans for the years ended December 31 was as follows:

	Pension Benefits		Postretirement Benefits	
(in millions)	2007	2006	2007	2006
Benefit obligation, beginning of year	$ 4,957	$ 4,914	$ 766	$ 773
Service cost	175	199	34	32
Interest cost	292	289	44	45
Participant contributions	-	-	41	40
Plan amendments	-	-	40	-
Actuarial (gain) loss	(297)	100	(223)	(60)
Benefits paid	(444)	(533)	(83)	(76)
Other	(6)	(12)	-	12
Benefit obligation, end of year	$ 4,677	$ 4,957	$ 619	$ 766

The PBO and ABO for non-vested pension participants were $21 million and $15 million, respectively, at December 31, 2007. The PBO and ABO for non-vested pension participants were $77 million and $66 million, respectively, at December 31, 2006. The postretirement benefit obligation for non-vested employees was $223 million and $285 million at December 31, 2007 and 2006, respectively.

The components of net periodic cost for all plans for the years ended December 31 were as follows:

	Pension Benefits		Postretirement Benefits	
(in millions)	2007	2006	2007	2006
Service cost	$ 175	$ 199	$ 34	$ 32
Interest cost	292	289	44	45
Expected return on plan assets	(337)	(306)	-	-
Amortization of:				
Unrecognized transition obligation	5	(1)	16	17
Prior service cost	(3)	(3)	(1)	(1)
Unrecognized prior period (gain) loss	132	150	-	-
Settlement loss	12	12	-	-
Curtailment	-	-	-	13
Special termination benefit	-	-	-	9
Net periodic cost	$ 276	$ 340	$ 93	$ 115

Weighted average assumptions used to determine net pension cost and net postretirement benefit cost for the years ended December 31 were:

	Pension Benefits		Postretirement Benefits	
	2007	2006	2007	2006
Weighted average discount rate	6.00 %	6.00 %	6.00 %	6.00 %
Rate of increase in compensation levels	4.00 - 4.50	4.00 - 4.50	n/a	n/a
Expected long-term rate of return on plan assets	8.50	8.50	n/a	n/a

NOTES TO FINANCIAL STATEMENTS

Weighted average assumptions used to determine benefit obligations at December 31 based on an October 31 measurement date, were:

	Pension Benefits		Postretirement Benefits	
	2007	2006	2007	2006
Weighted average discount rate	6.50 %	6.00 %	6.50 %	6.00 %
Rate of increase in compensation levels	4.00 - 4.50	4.00 - 4.50	n/a	n/a

The weighted average health care trend rate used in measuring the APBO is 8.5% for 2008, gradually declining to 5.0% in 2015, and remaining level thereafter.

Assumed health care cost trend rates have a significant effect on the amounts reported for the postretirement health care plans. A one percentage-point increase in assumed health care cost trend rates would increase the total of the service and interest cost components of net periodic benefit cost of other postretirement benefits and the APBO by $2 million and $36 million, respectively. A one percentage-point decrease in assumed health care cost trend rates would decrease the total of the service and interest cost components of net periodic benefit cost of other postretirement benefits and the APBO by $2 million and $28 million, respectively.

The pension plans target percentage of plan assets at 2007 and the actual percentage of plan assets, by asset category at December 31 were as follows:

Asset Category	Target Percentage of Plan Assets 2007	Percentage of Plan Assets 2007	Percentage of Plan Assets 2006
Equity securities	63 %	62 %	65 %
Fixed income securities	30	32	29
Real estate	4	4	3
Other	3	2	3
Total	100 %	100 %	100 %

The expected long-term rate of return on plan assets reflects the average rate of earnings expected on plan assets. This assumption is reviewed annually giving consideration to appropriate financial data including, but not limited to, the plan asset allocation, the period over which benefits will be paid, historical returns on plan assets and other relevant market data. A consistent method was used to determine the long-term return on plan assets assumption at December 31, 2007 and 2006 of 8.50%. As of the 2007 measurement date, the arithmetic average of the annual actual return on plan assets for the most recent 10 and 5 years was 9.07% and 13.71%, respectively.

Pension plan assets included $4 million and $5 million of the Corporation's stock at December 31, 2007 and 2006, respectively. No plan assets are expected to be returned to the Corporation during 2008.

The change in pension plan assets for the years ended December 31 was as follows:

(in millions)	2007	2006
Fair value of plan assets, beginning of year	$ 4,393	$ 4,278
Actual return on plan assets	734	543
Employer contributions	131	117
Benefits paid	(444)	(533)
Other	(6)	(12)
Fair value of plan assets, end of year	$ 4,808	$ 4,393

There was no minimum funding requirement under the IRC for the tax qualified pension plans as of December 31, 2007. The Company currently plans to contribute $135 million to its pension plans in 2008. This plan may be amended or terminated at any time.

The Company contributed $42 million and $36 million to the postretirement benefit plans in 2007 and 2006, respectively. Contributions by participants were $41 and $40 million in 2007 and 2006, respectively.

Estimated future benefit payments expected to be paid in the next 10 years, based on the assumptions used to measure the Company's benefit obligation at December 31, 2007 and the estimated subsidy to be received were as follows:

(in millions)		Postretirement Benefits	
	Pension Benefits	Gross Benefit Payments	Gross Medicare Part D Receipts
2008	$ 253	$ 51	$ 3
2009	248	52	3
2010	278	53	3
2011	303	54	3
2012	329	55	3
2013 – 2017	2,052	277	20
Total benefit payments	$ 3,463	$ 542	$ 35

Employees of the Company are eligible to become members of The Savings and Profit Sharing Fund of Allstate Employees. The Company's contributions are based on the Company's matching obligation and performance. The cost allocated to the Company for this benefit was $100 million and $102 million in 2007 and 2006, respectively.

13. Capital and Surplus, Dividend Restrictions and Quasi-Reorganizations

1. The Company had 42,000 common shares authorized, issued and outstanding at December 31, 2007 and 2006. All shares had a par value of $100 per share.

2. The Company did not have preferred stock outstanding at December 31, 2007 or 2006.

3. The ability of the Company to pay dividends is dependent on business conditions, income, cash requirements of the Company, receipt of dividends from subsidiaries and other relevant factors. Without prior approval of the IL DOI, ordinary dividends to the shareholder are limited to $4.96 billion. This amount is formula driven based on net income and capital and surplus, as well as the timing and amounts of dividends paid in the preceding twelve months as specified by Illinois insurance law. Dividends are not cumulative.

4. Within the limitations of Part 3 above, there were no restrictions placed on the portion of the Company's profits that may be paid as ordinary dividends to stockholders.

5. The unassigned funds, which are held for the benefit of the shareholder, are unrestricted except by requirement for regulatory approval as described in Part 3 above.

NOTES TO FINANCIAL STATEMENTS

6. The Company is not a mutual or similarly organized company, and therefore, this disclosure requirement does not apply.

7. The Company did not hold stock for special purposes at December 31, 2007 or 2006.

8. In September 1996, the Company completed the sale of its United States based reinsurance operations for policies written after 1984 to SCOR U.S. Corporation ("SCOR"). The transaction consisted of the sale of certain non-insurance assets, liabilities and renewal rights and a reinsurance transaction for the insurance liabilities. The Company followed NAIC accounting guidance for the treatment of retroactive contracts and reported the gain on the sale as a "write-in" adjustment to special surplus from retroactive reinsurance account. The balance of the special surplus funds was $27 million at December 31, 2007 compared to $41 million at December 31, 2006. The decrease in the special surplus funds balance was primarily the result of a reduction in reserves due to a commutation.

9. Cumulative unrealized gains and losses increased unassigned funds by $2.16 billion and $3.44 billion at December 31, 2007 and 2006, respectively.

10. The Company did not have surplus notes or similar obligations outstanding at December 31, 2007 or 2006.

11. The Company did not have restatements due to quasi-reorganizations in 2007 or 2006.

12. The Company was not quasi-reorganized.

14. Contingencies

A. Contingent Commitments

The Company has made the following contingent commitments in addition to the related party commitments described in Note 10, Part E.

Commitments to acquire financial interests or make capital contributions

The Company made commitments to invest in limited partnerships interests of $999 million and $721 million at December 31, 2007 and 2006, respectively. These commitments are generally for making additional capital contributions or acquiring financial interests.

California Earthquake Authority ("CEA")

Exposure to certain potential losses from earthquakes in California is limited by the Company's participation in the CEA, which provides insurance for California earthquake losses. The CEA is a privately-financed, publicly-managed state agency created to provide insurance coverage for earthquake damage. Insurers selling homeowners insurance in California are required to offer earthquake insurance to their customers either through their company or by participation in the CEA. The Company's homeowners policies continue to include coverages for losses caused by explosions, theft, glass breakage and fires following an earthquake, which are not underwritten by the CEA.

Should losses arising from an earthquake cause a deficit in the CEA, additional funding would be obtained through reinsurance proceeds and assessments on participating insurance companies. Participating insurers are required to pay an assessment, currently estimated not to exceed $2.20 billion, if the capital of the CEA falls below $350 million. Participating insurers are required to pay a second assessment, currently estimated not to exceed $1.47 billion, if aggregate CEA earthquake losses exceed $8.62 billion and the capital of the CEA falls below $350 million.

In 2007, the authority of the CEA to assess participating insurers was extended for ten years from December 1, 2008, the date the previous authority was due to expire. Beginning December 1, 2008, participating insurers would be required to pay an assessment currently estimated not to exceed $1.47 billion if the capital of the CEA falls below $350 million. Participating insurers are required to pay a second assessment, currently estimated not to exceed $1.30 billion, if aggregate CEA earthquake losses exceed $8.62 billion and the capital of the CEA falls below $350 million.

At September 30, 2007, the CEA's capital balance was approximately $2.81 billion. If the CEA assesses its member insurers for any amount, the amount of future assessments on members is reduced by the amounts previously assessed. To date, the only assessment made by the CEA has been its initial assessment paid by participating insurers beginning in 1996.

All future assessments on participating CEA insurers are based on their CEA insurance market share as of December 31 of the preceding year. As of December 31, 2006, the Company's share of the CEA was 21.6%. The Company does not expect its CEA market share to materially change. At this level, the Company's maximum possible CEA assessment would be $791 million during the period of January 1, 2008 to November 30, 2008, and $597 million beginning December 1, 2008. Accordingly, assessments from the CEA for a particular quarter or annual period may be material to income and cash flows, but not the financial position of the Company. Management believes the Company's exposure to earthquake losses in California has been significantly reduced as a result of its participation in the CEA.

Shared markets

As a condition of maintaining its licenses to write personal property and casualty insurance in various states, the Company is required to participate in assigned risk plans, reinsurance facilities and joint underwriting associations that provide various types of insurance coverage to individuals or entities that otherwise are unable to purchase such coverage from private insurers. Underwriting results related to these arrangements, which tend to be adverse, were immaterial to the Statement of Income.

Guarantees

The Company provides residual value guarantees on Company leased automobiles. If all outstanding leases were terminated effective December 31, 2007, the Company's maximum obligation pursuant to these guarantees, assuming the automobiles have no residual value, would be $17 million at December 31, 2007. If all outstanding leases were terminated effective December 31, 2006, the Company's maximum obligation pursuant to these guarantees, assuming the automobiles have no residual value, would be $18 million at December 31, 2006. The remaining term of each residual value guarantee is equal to the term of the underlying lease, which ranges from less than one year to three years. Historically, the Company has not made any material payments pursuant to these guarantees.

The Company owns certain bonds that obligate the Company to exchange credit risk or to forfeit principal due, depending on the nature or occurrence of specified credit events for the referenced entities. In the event all such specified credit events were to occur, the Company's maximum amount at risk on these bonds, as measured by the amount of the aggregate initial investment was $10 million and $17 million at December 31, 2007 and 2006, respectively. The obligations associated with these bonds expire at various dates during the next seven years.

A guarantee to Morgan Stanley DW, Inc. ("Morgan Stanley) was executed by the Company, related to the obligations of Northbrook Holdings, LLC ("Northbrook"), a wholly owned subsidiary of the Company, under a certain Note Purchase Agreement between Northbrook and Morgan Stanley and promissory notes issued by Northbrook pursuant thereto. The balance of the notes was paid off in the first quarter of 2007. The balance of the notes was $6 million at December 31, 2006.

PMI Runoff Support Agreement

The Company has certain limited rights and obligations under a capital support agreement ("Runoff Support Agreement") with PMI Mortgage Insurance Company ("PMI"), the primary operating subsidiary of The PMI Group, related to the Company's disposition of PMI in prior years. Under the Runoff Support Agreement, the Company would be required to pay claims on PMI policies written prior to October 28, 1994, if PMI fails certain financial covenants and fails to pay such claims. The agreement only covers these policies and not any policies issued on or after

NOTES TO FINANCIAL STATEMENTS

that date. In the event any amounts are so paid, the Company would receive a commensurate amount of preferred stock or subordinated debt of PMI Group or PMI. The Runoff Support Agreement also restricts PMI's ability to write new business and pay dividends under certain circumstances. Management does not believe this agreement will have a material adverse effect on the net income, liquidity or financial position of the Company.

B. Assessments

Guaranty funds

Under state insurance guaranty fund laws, insurers doing business in a state can be assessed, up to prescribed limits, for certain obligations of insolvent insurance companies to policyholders and claimants. Amounts assessed to each company are typically related to its proportion of business written in each state. The Company's policy is to accrue guaranty fund assessments based on notification of new and ongoing insolvencies received from individual state guaranty associations. At December 31, 2007 and 2006, the Company had accrued $108 million and $118 million, respectively, for future guaranty fund assessments and $21 million and $27 million, respectively, for the related premium tax offset expected to be realized. The period over which assessments are expected to be paid varies. Premium tax offsets are realized on a straight-line basis over the period allowed by each individual state once the guaranty fund assessment has been paid.

Florida Hurricane Catastrophe Fund ("FHCF")

The Company participates in the mandatory coverage provided by the FHCF, and therefore, has access to reimbursement on certain qualifying Florida hurricane losses from the FHCF, has exposure to assessments and pays annual premiums to the FHCF for this reimbursement protection. The FHCF has the authority to issue bonds to pay its obligations to insurers participating in the mandatory coverage, in excess of its capital balances. Payment of these bonds is funded by emergency assessments on all property and casualty premiums in the state, except workers' compensation, medical malpractice, accident and health insurance and policies written under the National Flood Insurance Program ("NFIP"). The FHCF emergency assessments are limited to 6% of premiums per year beginning in the first year in which reimbursements require bonding, and up to a total of 10% of premiums per year for assessments in the second and subsequent years, if required to fund additional bonding. In 2006, the FHCF issued approximately $4 billion in bonds, and the Florida Office of Insurance Regulation ("FL OIR") ordered an emergency assessment of 1% of premiums collected, which began on January 1, 2007. As required, companies will collect this FHCF emergency assessment directly from policyholders and remit them to the FHCF as they are collected.

State facilities

The Company is also subject to assessments from Florida Citizens Property Insurance Corporation ("FL Citizens"), which was initially created by the state of Florida to provide insurance to property owners unable to obtain coverage in the private insurance market. FL Citizens, at the discretion and direction of its Board of Governors ("FL Citizens Board"), can levy a regular assessment on "assessable insurers" and "assessable insureds" for a deficit in any calendar year up to a maximum of the greater of 10% of the deficit or 10% of Florida property premiums industry-wide for the prior year. The base of "assessable insurers" includes all property and casualty premiums in the state except workers' compensation, medical malpractice, accident and health insurance and policies written under the NFIP. An insurer may recoup a regular assessment through a surcharge to policyholders. In order to recoup this assessment, an insurer must file for a policy surcharge with the FL OIR at least fifteen days prior to imposing the surcharge on policies. If a deficit remains after the regular assessment, FL Citizens can also levy emergency assessments in the current and subsequent years. Companies are required to collect the emergency assessments directly from residential property policyholders and remit them to FL Citizens as collected. In addition, FL Citizens may issue bonds to further fund a deficit. Participating companies are obligated to purchase any unsold bonds issued by FL Citizens.

FL Citizens reported losses from Hurricane Wilma in 2005, which followed a deficit for the 2004 plan year. The FL Citizens Board certified the 2005 FL Citizens deficit at $1.73 billion of which $920 million was to be funded through a regular assessment. The Company paid its portion of the deficit assessment totaling $2 million during 2006. The Company did not recoup any of this assessment from policyholders. The difference between the assessment and recoupment was primarily due to the Company's exit from the commercial property market in Florida announced in May 2005 and completed in 2007. The remainder of the deficit was funded by bonds issued in 2006.

The Company is also subject to assessments from the Louisiana Citizens Property Insurance Corporation ("LA Citizens"). LA Citizens can levy a regular assessment on participating companies for a deficit in any calendar year up to a maximum of the greater of 10% of the calendar year deficit or 10% of Louisiana direct property premiums industry-wide for the prior calendar year.

FL Citizens, LA Citizens and the FHCF are generally designed so that the ultimate cost is borne by policyholders, however, the exposure to assessments and the availability of recoupments or premium rate increases from these facilities may not offset each other in the Company's financial statements. Moreover, even if they do offset each other, they may not offset each other in financial statements for the same fiscal period due to the ultimate timing of the assessments and recoupments or premium rate increases, as well as the possibility of policies not being renewed in subsequent years.

C. Gain Contingencies

The Company has not recognized gain contingencies subsequent to December 31, 2007, but prior to the issuance of the Company's Annual Statutory Statement.

D. Claims Related Extra Contractual Obligation and Bad Faith Losses Stemming From Lawsuits

The Company incurred losses on a direct and net basis of $2 million on 3 claims in 2007. In 2006, the Company incurred losses on a direct and net basis of $21 thousand on one claim.

E. All Other Contingencies

Regulation

The Company is subject to changing social, economic and regulatory conditions. From time to time, regulatory authorities or legislative bodies seek to influence and restrict premium rates, require premium refunds to policyholders, restrict the ability of insurers to cancel or non-renew policies, require insurers to continue to write new policies or limit their ability to write new policies, limit insurers' ability to change coverage terms or to impose underwriting standards, impose additional regulations regarding agent and broker compensation and otherwise expand overall regulation of insurance products and the insurance industry. The ultimate changes and eventual effects of these initiatives on the Company's business, if any, are uncertain.

Legal and regulatory proceedings and inquiries

Background

The Company and certain subsidiaries are involved in a number of lawsuits, regulatory inquiries, and other legal proceedings arising out of various aspects of its business. As background to the "Proceedings" subsection below, please note the following:

- These matters raise difficult and complicated factual and legal issues and are subject to many uncertainties and complexities, including the underlying facts of each matter; novel legal issues; variations between jurisdictions in which matters are being litigated, heard or investigated; differences in applicable laws and judicial interpretations; the length of time before many of these matters might be resolved by settlement, through litigation or otherwise; the fact that some of the lawsuits are putative class actions in which a class has not been certified and in which the purported class may not be clearly defined; the fact that some of the lawsuits involve

NOTES TO FINANCIAL STATEMENTS

multi-state class actions in which the applicable law(s) for the claims at issue is in dispute and therefore unclear; and the current challenging legal environment faced by large corporations and insurance companies.

- The outcome on these matters may also be affected by decisions, verdicts, and settlements, and the timing of such decisions, verdicts, and settlements, in other individual and class action lawsuits that involve the Company, other insurers, or other entities and by other legal, governmental, and regulatory actions that involve the Company, other insurers, or other entities.

- In the lawsuits, plaintiffs seek a variety of remedies including equitable relief in the form of injunctive and other remedies and monetary relief in the form of contractual and extra contractual damages. In some cases, the monetary damages sought include punitive or treble damages. Often specific information about the relief sought, such as the amount of damages, is not available because plaintiffs have not requested specific relief in their pleadings. When specific monetary demands are made, they are often set just below a state court jurisdictional limit in order to seek the maximum amount available in state court, regardless of the specifics of the case, while still avoiding the risk of removal to federal court. In our experience, monetary demands in pleadings bear little relation to the ultimate loss, if any, to the Company.

- In connection with regulatory examinations and proceedings, government authorities may seek various forms of relief, including penalties, restitution and changes in business practices. The Company may not be advised of the nature and extent of relief sought until the final stages of the examination or proceeding.

- For the reasons specified above, it is often not possible to make meaningful estimates of the amount or range of loss that could result from the matters described below in the "Proceedings" subsection. The Company reviews these matters on an ongoing basis and follows the provisions of SSAP No. 5, *Liabilities, Contingencies and Impairments of Assets*, when making accrual and disclosure decisions. When assessing reasonably possible and probable outcomes, the Company bases its decisions on its assessment of the ultimate outcome following all appeals.

- Due to the complexity and scope of the matters disclosed in the "Proceedings" subsection below and the many uncertainties that exist, the ultimate outcome of these matters cannot be reasonably predicted. In the event of an unfavorable outcome in one or more of these matters, the ultimate liability may be in excess of amounts currently reserved and may be material to the Company's net income or cash flows for a particular quarterly or annual period. However, based on information currently known to it, management believes that the ultimate outcome of all matters described below as they are resolved over time is not likely to have a material adverse effect on the financial position of the Company.

Proceedings

There is one 19-state certified class action lawsuit pending against the Company in Washington state court alleging that its failure to pay "inherent diminished value" to insureds under the uninsured motorist property damage liability provisions of auto policies constitutes breach of contract and fraud. Plaintiffs define "inherent diminished value" as the difference between the market value of the insured automobile before an accident and the market value after repair. Plaintiffs allege that they are entitled to the payment of inherent diminished value under the terms of the policy. This lawsuit is similar to others filed against other carriers in the industry. A settlement of the class action for an amount that is not material has been preliminarily approved by the court. In January 2008, notice of the settlement was mailed to class members in 16 of the 19 states inviting them to participate in the settlement. The entire case will be dismissed as a result of the settlement.

There are a number of state and nationwide class action lawsuits pending in various state courts challenging the legal propriety of the Company's medical bill review processes on a number of grounds, including the manner in which the Company determines reasonableness and necessity. These lawsuits, which to a large degree mirror similar lawsuits filed against other carriers in the industry, allege these processes result in a breach of the insurance policy and, in some cases, the plaintiffs also allege fraud. Plaintiffs seek monetary damages in the form of contractual and extra contractual damages. The Company denies these allegations. One nationwide class action and one statewide class action have been certified. A settlement of the statewide class action for an amount that is not material has been approved by the court. The Company continues to vigorously defend the other cases.

There is a nationwide putative class action pending against the Company that challenges the Company's use of a vendor's automated database in valuing total loss automobiles. To a large degree, this lawsuit mirrors similar lawsuits filed against other carriers in the industry. Plaintiffs allege that flaws in the database result in valuations to the detriment of insureds. The plaintiffs are seeking actual and punitive damages. The lawsuit is in the early stages of discovery and the Company is vigorously defending it.

The Company is defending a number of matters filed in the aftermath of Hurricanes Katrina and Rita, including individual lawsuits, and several statewide putative class action lawsuits pending in Mississippi and Louisiana. These matters are in various stages of development. The lawsuits and developments in litigation arising from the hurricanes include the following:

- The Mississippi Attorney General filed a suit asserting that the flood exclusion found in the Company's and other insurance companies' policies is either ambiguous, unenforceable as unconscionable or contrary to public policy, or inapplicable to the damage suffered in the wake of Hurricane Katrina. Our motion for judgment on the pleadings is pending.

- The United States Court of Appeals for the Fifth Circuit has upheld the federal trial court's finding that the flood exclusion in the Company's policy in Mississippi applies to "storm surge" damage suffered in the wake of Hurricane Katrina.

- In a putative class action in Mississippi, some members of the Mississippi Windstorm Underwriters Association ("MWUA") have filed suit again the MWUA board members and the companies they represent, including a subsidiary of the Company, alleging that the Board purchased insufficient reinsurance to protect the MWUA members. Plaintiffs motion for class certification is pending. Discovery is ongoing.

- In a putative class action in Louisiana, the trial court ruled that the Company's and other insurers' flood, water and negligent construction exclusions do not apply to man-made floods (i.e., floods caused by human negligence), and do not apply to flooding in the New Orleans area to the extent it was caused by human negligence in the design, construction and/or maintenance of the levees. The Company and other insurers pursued an interlocutory appeal and in June 2007, the United States Court of Appeals for the Fifth Circuit reversed the trial court's ruling. The matter has been remanded to the trial court for further proceedings, which have been consolidated along with other putative class and individual actions brought against the Company and other insurers, challenging the adjustment and settlement of Hurricane Katrina claims. The trial court has issued an order staying all insurance coverage issues pending the decision of the Louisiana Supreme Court in a case involving a similar challenge to the flood exclusion of another carrier. Also, plaintiffs in the class action have filed a petition with the U.S. Supreme Court challenging the Fifth Circuit's decision not to certify the matter to the Louisiana Supreme Court. On February 19, 2008, the U.S. Supreme Court denied plaintiffs' petition, and thus, declined to review the Fifth Circuit's decision. Lastly, in January 2008, the Company filed with the trial court a motion to effectuate the mandate of the Fifth Circuit or, for leave to file a motion for partial summary judgment based on the Company's water damage exclusion. That motion was denied. The Company then filed a new motion with the Fifth Circuit requesting that it recall its mandate and reform to clarify that its earlier ruling, that the Company's flood exclusions unambiguously exclude coverage for flood losses sustained when the levees failed, applies with equal force to the Company's water damage exclusion. The Fifth Circuit denied the motion to recall the mandate. The parties and the District Court are now awaiting a ruling from the Louisiana Supreme Court in the above referenced case involving another carrier. Once that ruling is issued, the federal court will have to decide what effect, if any, the ruling has on the matters before it.

- In another case, the trial court dismissed a putative class action brought against the Company and other insurers under Louisiana's Valued Policy Law, holding that the law did not apply where the cause of the policyholder's total loss was due in part to a non-

NOTES TO FINANCIAL STATEMENTS

covered peril, such as flood. The United States Court of Appeals for the Fifth Circuit has affirmed the trial court's dismissal of the case. The U.S. Supreme Court has denied plaintiffs' petition for review.

- The Company has also been sued in a putative class action in the United States District Court for the Western District of Louisiana which challenges the Company's estimating and adjusting of Hurricane Katrina and Rita property damage claims in the state of Louisiana. The Company's motion to strike the class allegations was denied and the parties are proceeding with discovery. Plaintiffs' motion for class certification is pending.

- The Louisiana Attorney General filed a class action lawsuit in state court against the Company and other insurers on behalf of Road Home fund recipients alleging that the insurers have failed to pay all damages owed under their policies. The insurers removed the matter to federal court. The district court has denied plaintiffs' motion to remand the matter to state court and plaintiffs are appealing that decision to the U.S. Court of Appeals for the Fifth Circuit.

- The Louisiana Attorney General also has filed a lawsuit in the state court against the Company, other insurers, a consulting company and two computer database companies. The lawsuit is brought under the Louisiana Monopolies Act and generally alleges the defendants conspired to suppress competition and thwart policyholder recoveries. The defendants removed the matter to federal court. Plaintiffs' motion to remand to state court is pending.

- Private plaintiffs have filed qui tam actions under the Federal False Claims Act against the Company and certain other insurers in Louisiana and Mississippi federal courts regarding claims that they administered under the NFIP. The action brought in federal court in Louisiana has been dismissed. Plaintiffs are appealing that dismissal. In the Mississippi action, the Company has not yet been served. The U.S. government has notified the federal court that it will not intervene at this juncture but will continue to monitor the lawsuit and reserve its right to intervene in the future.

The various suits described above seek a variety of remedies, including actual and/or punitive damages in unspecified amounts and/or declaratory relief. The Company has been vigorously defending these suits and other matters related to Hurricanes Katrina and Rita.

In addition, the Company is responding to subpoenas and requests for information in connection with investigations into the insurance industry's handling of claims in the aftermath of Hurricanes Katrina and Rita. These investigations are being conducted by federal and state authorities, including a federal grand jury sitting in the Southern District of Mississippi. Other insurers have received similar subpoenas and requests for information.

The Company is defending various lawsuits involving worker classification issues. These lawsuits include several certified class actions challenging the overtime exemption claimed by the Company under the Fair Labor Standards Act or state wage and hour laws. In these cases, plaintiffs seek monetary relief, such as penalties and liquidated damages, and non-monetary relief, such as injunctive relief. These class actions mirror similar lawsuits filed against other carriers in the industry and other employers. The Company is continuing to vigorously defend its worker classification lawsuits.

The Company is defending certain matters relating to the Company's agency program reorganization announced in 1999. These matters are in various stages of development.

- These matters include a lawsuit filed in 2001 by the U.S. Equal Employment Opportunity Commission ("EEOC") alleging retaliation under federal civil rights laws (the "EEOC I" suit) and a class action filed in 2001 by former employee agents alleging retaliation and age discrimination under the Age Discrimination in Employment Act ("ADEA"), breach of contract and ERISA violations (the "Romero I" suit). In 2004, in the consolidated EEOC I and Romero I litigation, the trial court issued a memorandum and order that, among other things, certified classes of agents, including a mandatory class of agents who had signed a release, for purposes of effecting the court's declaratory judgment that the release is voidable at the option of the release signer. The court also ordered that an agent who voids the release must return to the Company "any and all benefits received by the [agent] in exchange for signing the release." The court also stated that, "on the undisputed facts of record, there is no basis for claims of age discrimination." The EEOC and plaintiffs asked the court to clarify and/or reconsider its memorandum and order and in January 2007, the judge denied their request. In June 2007, the court granted the Company's motions for summary judgment. Following plaintiffs' filing of a notice of appeal, the Third Circuit issued an order in December 2007 stating that the notice of appeal was not taken from a final order within the meaning of the federal law and thus not appealable at this time. Responses to the order were filed in mid-December.

- The EEOC also filed another lawsuit in 2004 alleging age discrimination with respect to a policy limiting the rehire of agents affected by the agency program reorganization (the "EEOC II" suit). In EEOC II, in 2006, the court granted partial summary judgment to the EEOC. Although the court did not determine that the Company was liable for age discrimination under the ADEA, it determined that the rehire policy resulted in a disparate impact, reserving for trial the determination on whether the Company had reasonable factors other than age to support the rehire policy. The Company's interlocutory appeal of the trial court's summary judgment order is now pending in the United States Court of Appeals for the Eighth Circuit.

- The Company is also defending a certified class action filed by former employee agents who terminated their employment prior to the agency program reorganization. These plaintiffs have asserted breach of contract and ERISA claims. The court approved the form of class notice which was sent to approximately 1,800 potential class members in November 2007. Fifteen individuals opted out. The Company has moved for judgment on the pleadings and summary judgment.

- A putative nationwide class action has also been filed by former employee agents alleging various violations of ERISA, including a worker classification issue. These plaintiffs are challenging certain amendments to the Agents Pension Plan and are seeking to have exclusive agent independent contractors treated as employees for benefit purposes. This matter was dismissed with prejudice by the trial court, was the subject of further proceedings on appeal, and was reversed and remanded to the trial court in 2005. In June 2007, the court granted the Company's motion to dismiss the case. Following plaintiffs' filing of a notice of appeal, the Third Circuit issued an order in December 2007 stating that the notice of appeal was not taken from a final order within the meaning of the federal law and thus not appealable at this time. Responses to the order were filed in mid-December.

In all of these various matters, plaintiffs seek compensatory and punitive damages, and equitable relief. The Company has been vigorously defending these lawsuits and other matters related to its agency program reorganization.

The Company is vigorously defending its homeowners' insurance rates in administrative actions filed by the Texas Department of Insurance ("TX DOI") and California Department of Insurance ("CA DOI"). The TX DOI and CA DOI are focusing on the reasonableness of the Company's rates for the risks to which they apply.

- In 2004, the Company made a rate filing requesting to reduce its rates by approximately 1.5%. In December 2004, the Texas Commissioner of Insurance ("Commissioner") disapproved that filing and began proceedings to disapprove the Company's then current rates. Following an administrative hearing process in 2006, the Commissioner ordered the Company to reduce its then current homeowners' rates by 5% and to pay refunds on the difference plus interest back to December 30, 2004, for which the Company has been accruing. The Company implemented a 5% rate decrease occurring in two stages but challenged this 2006 refund order in Travis County, Texas district court. In March 2007, the district court affirmed in whole the Commissioner's rate refund order. In April 2007, the Company appealed the judgment of the district court to the Third Court of Appeals, Austin, Texas. This appeal remains pending.

- The Company filed and implemented an 8% rate increase in August 2007 and immediately received an order from the Commissioner disapproving the rate change. In addition, in October 2007 the Commissioner ordered the Company to pay refunds of its homeowners rating amounting to approximately 6.5% for the period between August 20, 2007 and October 5, 2007, and refunds of approximately 18.5% for the period following October 5, 2007, plus interest. The Company was granted a permanent injunction that allows the Company's August rate change to stay in place while the Company defends the rate change in disputing the refund order. The Company has filed a petition for an administrative hearing with respect to the refund order.

- The Company also is vigorously defending its homeowners' rates in response to an order to show cause issued by the CA DOI. The CA DOI is seeking an order directing the Company to issue refunds to its California homeowners customers for rates dating to May

NOTES TO FINANCIAL STATEMENTS

2007 based upon the allegation that the Company's current rates are excessive. The CA DOI has issued a notice initiating an administrative hearing with respect to the order to show cause. The CA DOI has acknowledged that an action seeking refunds from an insurer charging approved rates based solely on an allegation of excessiveness is unprecedented, and the Company maintains that this action is inconsistent with California's prior approval ratemaking scheme and not authorized under California law.

Other matters

Various other legal, governmental and regulatory actions, including state market conduct exams, and other governmental and regulatory inquiries are currently pending that involve the Company and specific aspects of its conduct of business. Like other members of the insurance industry, the Company is the target of a number of class action lawsuits and other types of proceedings, some of which involve claims for substantial or indeterminate amounts. These actions are based on a variety of issues and target a range of the Company's practices. The outcome of these disputes is currently unpredictable.

One or more of these matters could have an adverse effect on the Company's net income or cash flows for a particular quarterly or annual period. However, based on information currently known to it, management believes that the ultimate outcome of all matters described in this "Other matters" subsection, in excess of amounts currently reserved, as they are resolved over time is not likely to have a material effect on the net income, cash flows or financial position of the Company.

15. Leases

A. Lessee Operating Lease

1. The Company leases certain office facilities and computer equipment under various noncancelable operating lease agreements that expire through 2018. Total rent expense, net of sublease rental income, was $292 million and $305 million in 2007 and 2006, respectively, before allocation to affiliates. Sublease rental income was $2 million and $1 million in 2007 and 2006, respectively.

2. a. At December 31, 2007, the Company's minimum aggregate rental commitments under noncancelable operating leases with an initial or remaining term of more than one year were as follows:

(in millions)	
2008	$ 204
2009	157
2010	119
2011	78
2012	59
Thereafter	114
Total	$ 731

b. At December 31, 2007, the Company's total of minimum aggregate rental commitments to be received under noncancelable subleases with an initial or remaining term of more than one year were as follows:

(in millions)	
2008	$ 3
2009	2
2010	2
2011	2
Total	$ 9

3. Sale-leaseback transactions

a. The Company did not enter into sale-leaseback transactions in 2007.

In 2006, the Company entered into various sale-leaseback transactions to dispose of three buildings and lease back certain portions of the buildings ranging from 49% to 100% for a period of ten years. The transaction resulted in a pre-tax gain of $12 million of which $4 million was recognized as a gain in 2006 and $8 million was deferred and will be amortized as a reduction of rent expense over the ten-year leaseback period. The Company also entered into another sale-leaseback transaction in 2006 to dispose of a building and leaseback approximately 23% of the building for a period of three years. This transaction resulted in a pre-tax gain of $8 million of which $7 million was recognized as a gain in 2006 and the remaining $1 million was deferred and will be amortized as a reduction to rent expense over the three-year leaseback period. The Company has limited involvement other than being a tenant and the leases are accounted for as operating leases.

b. The transactions described above were not accounted for as a deposit.

B. Lessor Leases

Leasing activities were not part of the Company's business activities in 2007 or 2006.

16. Information about Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk

Derivative financial instruments

1. The following tables summarize the notional amount, statement value and fair value of the Company's derivative financial instruments at December 31:

(in millions)	**2007**		
	Notional Amount	**Statement Value**	**Fair Value**
Interest rate contracts			
Interest rate swap agreements	$ 21,500	$ 23	$ 23

Replication excess return swap agreements	575	-	-
Total other derivative financial instruments	826	(1)	(1)
Total derivative financial instruments	$ 2,460	$ -	$ 2

The notional amounts specified in the contracts are used to calculate the exchange of contractual payments under the agreements and are generally not representative of the potential for gain or loss on these agreements. However, the notional amounts specified in credit default swap agreements represent the maximum amount of potential loss, assuming no recoveries. Statement values are generally equal to consideration paid or received except when non-hedge accounting is used, in which case statement value is equal to current fair value. Fair value is the estimated amount that the Company would receive or pay to terminate the derivative contracts at the reporting date. The fair value for exchange traded derivative contracts is based on observable market quotations in active markets, whereas the fair value for non-exchange traded derivative contracts is determined using widely accepted valuation models and other appropriate valuation methods.

2. The credit risk, market risk and cash requirements of the Company's derivative instruments utilized during 2007 and 2006 are discussed in Note 8, Part A. The accounting policies for the Company's derivative instruments are disclosed in Note 1, Part C and Note 8, Part C.

3. The following table summarizes the credit exposure on the Company's over-the-counter contracts at December 31:

(in millions)	2007	2006
Interest rate swap agreements	$ 22	$ 1
Credit default swap agreements – buying protection	2	-
Replication credit default swap agreements	(2)	-
Total derivative financial instruments	$ 22	$ 1

Credit exposure represents the Company's potential loss if all counterparties concurrently fail to perform under the terms of the contracts and all collateral, if any, becomes worthless. This exposure is measured by the fair value of contracts with a positive fair value at the reporting date reduced by the effect, if any, of master netting agreements. The Company has not incurred any losses on derivative financial instruments due to counterparty nonperformance.

4. The Company's policy for requiring collateral is discussed in Note 8, Part A. In general, the collateral pledged by the Company is in the custody of a counterparty or an exchange. However, the Company has access to this collateral at any time, subject to replacement. For exchange traded derivatives, the exchange requires margin deposits as well as daily cash settlements of margin accounts. At December 31, 2007 and 2006, the Company pledged $36 million and $39 million, respectively, of securities in the form of margin deposits. Usually, the Company pledges U.S. Treasury bonds to satisfy this collateral requirement. The Company uses master netting agreements for over-the-counter derivative transactions. These agreements permit either party to net payments due for transactions covered by the agreements. Under the provisions of the agreements, collateral is either pledged or obtained when certain predetermined exposure limits are exceeded. As of December 31, 2007, counterparties pledged $40 thousand in cash to the Company, however the Company did not pledge any collateral to counterparties. As of December 31, 2006, counterparties did not pledge any collateral to the Company, and the Company did not pledge any collateral to counterparties.

Other than derivative financial instruments

1. The contractual amounts of off-balance sheet financial instruments, other than derivatives, at December 31 were as follows:

(in millions)	2007	2006
Commitments to invest in limited partnership interests	$ 999	$ 721
Credit guarantees	10	17
Commitments to invest – other	1	-
Commitments to extend mortgage loans	-	45

2. Commitments to invest represent commitments to acquire financial interests or instruments. The Company enters into these agreements primarily to allow for additional participation in certain limited partnership investments. The Company also enters into delayed draw term loan agreements, which are facilities that can be funded over a given period of time and allow for the purchase of specified assets or acquisitions in exchange for a fee. Delayed draw term loan agreements are included in Commitments to invest - other. Commitments to invest are generally callable at the counterparty's request.

   Credit guarantees represent conditional commitments included in certain bonds owned by the Company. These commitments provide for obligations to exchange credit risk or to forfeit principal due, depending on the nature or occurrence of credit events for the referenced entities. The Company enters into these transactions in order to achieve higher yields than direct investment in referenced entities. The fees for assuming the conditional commitments are reflected in the interest reported in net investment income over the lives of the contracts.

   Commitments to extend mortgage loans are agreements to lend to a borrower provided there is no violation of any condition established in the contract. The Company enters into these agreements to commit to future loan fundings at a predetermined interest rate. Commitments generally have fixed expiration dates or other termination clauses. Commitments to extend mortgage loans, which are secured by the underlying properties, are valued based on estimates of fees charged by other institutions to make similar commitments to similar borrowers.

3. The contractual amounts presented in Part 1 above represent the amount at risk if the contract was fully drawn upon, the counterparty defaults and the value of any underlying security becomes worthless.

4. The Company does not require collateral or other securities to support off-balance sheet financial instruments with credit risk.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

A. The Company did not report transfers of premium receivables as sales in 2007 or 2006.

B.
   1. During 2007 and 2006, the Company entered into securities lending agreements. The Company was able to estimate the fair value of assets obtained and liabilities incurred in these agreements.

NOTES TO FINANCIAL STATEMENTS

2. The Company entered into securities lending agreements using U.S. Treasury and corporate bonds and domestic and foreign equities in 2007 and 2006. Securities lent were either specifically identified by the lending bank or segregated into a separate custody account. The fair values of securities loaned were $1.59 billion and $1.80 billion at December 31, 2007 and 2006, respectively. The Company receives collateral for securities loaned in an amount generally equal to 102% and 105% of the fair value of securities and records the related obligations to return the collateral in aggregate write-ins for liabilities. All collateral is received in the form of cash, unrestricted and maintained in a separate custody account. None of the collateral was sold or repledged.

   Generally, collateral is invested in short-term investments or bonds during the agreement period. The Company monitors the fair value of securities loaned on a daily basis and obtains additional collateral as necessary to mitigate counterparty credit risk. The Company maintains the right and ability to redeem the securities loaned on short notice. Substantially all of the Company's securities loaned were placed with large brokerage firms. Securities lending transactions are generally short-term in nature (usually 30 days or less).

3. The Company did not enter into servicing asset or liability agreements in 2007 or 2006.

4. The Company was not a transferor of securitized financial assets in 2007 or 2006.

5. The Company did not retain interest in securitized financial assets in 2007 or 2006.

6. The Company did not transfer receivables with recourse in 2007 or 2006.

C. In the course of managing the Company's investment portfolio, securities are sold and reacquired within 30 days of the sale date. Such transactions are referred to as wash sales. The details, by NAIC designation 3 or below, of securities sold during 2007 and 2006 and reacquired within 30 days of the sale date were:

($ in millions)	2007

18. Gain or Loss to the Reporting Entity from Uninsured Plans and the Uninsured Portion of Partially Insured Plans

    The Company did not act as a third party administrator for uninsured plans.

19. Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

    There were no direct premiums written/produced by managing general agents/third party administrators in 2007 or 2006.

20. Other Items

    A. Extraordinary Items

       The Company did not have extraordinary items at December 31, 2007 or 2006.

    B. Troubled Debt Restructuring: Debtors

       The Company did not have troubled debt restructurings at December 31, 2007 or 2006.

    C. Other Disclosures

       Company license suspension

       The FL OIR filed an Immediate Final Order (the "Order") with respect to the Company as well as nine other named affiliated Allstate companies ("Companies") on January 17, 2008, suspending their certificates of authority in Florida and ordering them to discontinue transacting any new insurance business in Florida until all requested documents were produced in accordance with previously issued FL OIR subpoenas. The subpoenas are in connection with the investigation of residential property insurance rate practices. The Order did allow the Companies to continue all of their existing insurance business and renewals of that insurance; only the writing of new insurance policies was prohibited. On January 18, 2008, the Companies filed an emergency motion for immediate relief with the First District Court of Appeal of the state of Florida. The Court granted the motion and stayed the Order and subsequently upheld the stay pending a final disposition on the merits. The Court also ordered that the appeal process be expedited. The Companies continue to write new business in the interim. In February 2008, the FL OIR filed an administrative complaint against the Companies regarding the response to the subpoenas and certain rate filings. The filing of this complaint provides the Companies with an opportunity for an evidentiary hearing, which was required by Florida law after the FL OIR issued the Order. As part of this complaint, the FL OIR is seeking to suspend the certificates of authority of these Companies and has stated their intention that the suspension apply to new business writings. Additionally, following hearings in February 2008 regarding residential property insurance rate practices before the Florida Senate Select Committee on Property Insurance Accountability ("Committee"), the Committee has submitted a request to the Companies to produce certain documents.

       Credit facility

       In May 2007, the Company replaced its primary credit facility expiring in 2009. The new $1 billion unsecured revolving line of credit has an initial term of 5 years expiring in 2012 with two 1 year extensions that can be exercised in the first or second year of the facility if approved. It also contains an increase provision that would make up to an additional $500 million available for borrowing provided the increased portion could be fully syndicated at a later date among existing and new lenders. There were no borrowings under the existing or new credit facility during 2007 or 2006.

NOTES TO FINANCIAL STATEMENTS

Miscellaneous

Included in the Annual Statement is a schedule of net losses and loss expenses unpaid, as reported in Schedule P - Part 1, columns 13 through 24, for accident years 1997, 1996, 1995, 1994, 1993 and 1992 and prior, for each line of business reported.

Other expenses reported on Page 3, Line 5, Liabilities, Surplus and Other Funds, included $59 million and $50 million of reserves related to employee medical and dental plans at December 31, 2007 and 2006, respectively.

Internally developed software

Internally developed software consisted of the following:

(in millions)	2007	2006
January 1, beginning balance	$ 167	$ 134
Capitalized cost	80	61
Depreciation	(34)	(28)
December 31, ending balance	$ 213	$ 167

Accumulated depreciation on internally developed software was $276 million and $245 million at December 31, 2007 and 2006, respectively. The internal and external costs incurred to develop internal-use computer software and web sites during the application and development stage and infrastructure stage are capitalized, and since it is all non-operating software, amortized on a straight-line basis over the lesser of five years or its estimated useful life. All internally developed software was nonadmitted at December 31, 2007 and 2006.

D. Premium Balances Reasonably Possible to be Uncollectible

The Company routinely assesses the collectibility of its premiums and considerations that are less than 90 days old. The allowance for uncollectible premiums and considerations is determined based on the age of the receivable and prior collection experience. The allowance balance for admitted premiums and considerations, after reinsurance, was $19 million and $16 million at December 31, 2007 and 2006, respectively. Premiums and considerations older than 90 days are nonadmitted.

E. Business Interruption Insurance Recoveries

The Company did not procure business interruption insurance in 2007 or 2006, and therefore, did not receive recoveries.

F. State Transferable Tax Credits

1. At December 31, 2007, the Company had unused transferable state tax credits in Connecticut of $4 million, with a carrying value of $3 million. At December 31, 2006, the Company had unused transferable state tax credits in Missouri of $890 thousand, with a carrying value of $800 thousand.

2. The Company estimates the utilization of the remaining transferable state tax credit by projecting the future tax liability and comparing it to the availability of remaining transferable state tax credits. At December 31, 2007, the estimated unused transferable state tax credits are expected to be fully utilized by December 31, 2009.

3. The Company did not recognize impairment losses on the carrying values of state transferable tax credits in 2007 or 2006.

G. Deposits Admitted Under IRC Section 6603

The Company did not have deposits admitted under Section 6603 of the IRC at December 31, 2007 or 2006.

I. Subprime Mortgage Related Risk Exposure

1. During 2007, the Company identified that it had exposure to subprime residential mortgage related risk in the form of asset-backed residential mortgage-backed securities ("ABS RMBS"), as well as a limited partnership investment. The ABS RMBS portfolio includes securities that are collateralized by mortgage loans issued to borrowers that cannot qualify for prime or alternative financing terms due in part to an impaired or limited credit history. It also includes securities that are collateralized by certain second lien mortgages regardless of the borrower's credit profile. At December 31, 2007, the ABS RMBS portfolio had net unrealized losses of $128 million which were fully comprised of gross unrealized losses.

   In addition, the Company owns Alt-A residential mortgage-backed securities ("Alt-A") which it does not consider to be a component of its exposure to subprime mortgage related risk. The Alt-A portfolio consists of mortgage-backed securities at fixed or variable rates and includes certain securities that are collateralized by residential mortgage loans issued to borrowers with stronger credit profiles than subprime borrowers, but do not qualify for prime financing terms due to high loan-to-value ratios or limited supporting documentation. At December 31, 2007, the Atl-A portfolio had net unrealized losses of $11 million, of which $12 million were gross unrealized losses and $1 million were gross unrealized gains.

   Both ABS RMBS and Alt-A securities are considered loan-backed, and included in bonds in the Company's Asset page. Additionally, at December 31, 2007, 99% of the total ABS RMBS securities and all of the Alt-A securities were rated NAIC 1FE.

   The Company has a comprehensive portfolio monitoring process to identify and evaluate, on a case-by-case basis, investments whose carrying value may be other-than-temporarily impaired. See the investments significant accounting policy in Note 1, Part C for more details. At December 31, 2007, the Company recorded investment write-downs of $3 million in the ABS RMBS portfolio related to asset impairments. The Company continues to believe that the unrealized losses on these securities are not necessarily predictive of the performance of the underlying collateral. In the absence of further deterioration in the collateral relative to the Company's positions in the securities' respective capital structures, which could require recognition of other-than-temporary impairments, the unrealized losses should reverse over the remaining lives of the securities.

   The Company's practice for acquiring and monitoring ABS RMBS and Alt-A mortgage-backed securities takes into consideration the quality of the originator, quality of the servicer, security credit rating, underlying characteristics of the mortgages, borrower characteristics, level of credit enhancement in the transaction, and bond insurer strength, where applicable. The originators and servicers of the underlying mortgage loans are primarily subsidiaries of large banks and broker/dealers.

2. The Company did not have direct exposure in subprime mortgage loans.

3. The Company's direct exposure for other subprime investments is summarized as follows at December 31, 2007:

(in millions)

Type of Investment	Actual Cost	Book/ Adjusted Carrying Values	Fair Values	Other-Than-Temporary Losses
ABS RMBS	$ 1,616	$ 1,603	$ 1,475	$ 3
Other assets	13	13	13	-
Total	$ 1,629	$ 1,616	$ 1,488	$ 3

   In addition, the Company had Alt-A securities at December 31, 2007 with actual cost and book/adjusted carrying values of $321 million and fair values of $310 million. The Company did not record investment write-downs or realized losses due to the potential sale of assets to meet future cash flow requirements for Alt-A securities.

4. The Company did not sell mortgage guaranty or financial guaranty insurance coverage, and therefore, does not have underwriting exposure to subprime mortgage risk.

21. Events Subsequent

Effective January 1, 2008, the Company and ALIC entered into a one-year Intercompany Liquidity Agreement ("Liquidity Agreement") which allows for short-term advances of funds to be made between the parties for liquidity and other general corporate purposes. It shall be automatically renewed for a subsequent one-year term unless terminated by the parties. The Liquidity Agreement does not establish a commitment to advance funds on the part of either party. Both parties may make or receive advances. The maximum amount of advances each party may make or receive is limited to $1 billion. Netting or offsetting of advances made and received is not permitted. Advances between the parties are required to have specified due dates less than or equal to 364 days from the date of the advance and be payable upon demand by written request from the lender at least ten business days prior to the demand date. The borrower may make prepayments of the outstanding principal balance of an advance without penalty. Advances will bear interest equal to the rate applicable to 30-day commercial paper issued by the Corporation on the date the advance is made with an adjustment on the first day of each month thereafter. Additional direct and indirect subsidiaries of the Corporation may be added to the Liquidity Agreement from time to time and are subject to obtaining all required corporate authorizations and regulatory approvals.

On January 14, 2008, the Company declared a cash dividend of $400 million to the Corporation, which was paid on February 1, 2008.

On February 11, 2008, the Company declared a cash dividend of $300 million to the Corporation.

22. Reinsurance

A. Unsecured Reinsurance Recoverables

The Company had unsecured reinsurance recoverables that exceeded 3% of the Company's policyholders surplus of $969 million and $981 million at December 31, 2007 and 2006, respectively, with the Michigan Catastrophic Claim Association (NAIC Group Code 0000, FEIN AA-9991159).

B. Reinsurance Recoverable in Dispute

The Company did not have reinsurance recoverables on paid or unpaid (including incurred but not reported) losses in dispute by reason of notification, arbitration or litigation at December 31, 2007 or 2006, that either individually exceeded 5% of the Company's policyholders surplus, or in the aggregate exceeded 10% of the Company's policyholders surplus.

NOTES TO FINANCIAL STATEMENTS

C. Reinsurance Assumed and Ceded

1. The maximum amount of return commission which would have been due to reinsurers if they or the Company had canceled all of the Company's reinsurance, or if the Company or a receiver had canceled all the Company's insurance assumed as of December 31 with the return of unearned premium reserve was as follows:

(in millions)	2007

2. The Company had no additional or return commission, predicated on loss experience or any other form of profit sharing arrangement as a result of existing contractual arrangements at December 31, 2007 or 2006.

3. The Company had no protected cells at December 31, 2007 or 2006.

D. Uncollectible Reinsurance

In 2007, the Company wrote-off reinsurance balances within incurred losses of $11 million with Highlands Insurance Co. (U.K.), Ltd. In 2006, the Company wrote-off reinsurance balances within incurred losses of $1 million with Vesta Group Companies.

E. Commutation of Ceded Reinsurance

In 2007, the Company recorded an increase to incurred losses of $12 million as a result of the commutation of reinsurance with Global Re of America, U.S. Branch.

In 2006, the Company recorded an increase to incurred losses of $1 million as a result of the commutation of reinsurance. The increase in incurred losses was due to a loss of $2 million recognized on a commutation with CX Reinsurance Limited, partially offset by a gain of $1 million recognized on a commutation with Saskatchewan Government Insurance.

F. Retroactive Reinsurance

The Company entered into an Assumption and Indemnity Retrocession Agreement with SCOR.

e. SCOR (NAIC Company Code 30058) was the only cedant involved in all the transactions included in the summary totals above.

There were no reinsurers the Company assumed retroactive reinsurance from in 2007 or 2006.

f. There were no amounts of total paid loss or loss adjustment expenses recoverable at December 31, 2007 or 2006.

G. Reinsurance Accounted for as a Deposit

On October 1, 1999, the Company completed the acquisition of the personal lines business from CNA Financial Corporation ("CNA"). The transaction included an indemnity reinsurance agreement and a reserve agreement. The reserve agreement guaranteed the adequacy, in all material respects, of the loss reserves transferred by CNA under the indemnity reinsurance agreement. The Company used deposit accounting to account for the indemnity reinsurance agreement, as the portion of the indemnity reinsurance agreement governing the transfer of the loss reserves did not, despite its form, transfer both components of insurance risk. In accordance with the requirements of deposit accounting, an initial asset deposit of $1.05 billion was recorded. The inception-to-date payments for this agreement totaled $824 million and $817 million at December 31, 2007 and 2006, respectively. Inception-to-date net adjustments related to the reserve agreement reduced the reserves on deposit by $187 million at both December 31, 2007 and 2006. The balance of the reserves on deposit was $36 million and $43 million at December 31, 2007 and 2006, respectively.

NOTES TO FINANCIAL STATEMENTS

23. Retrospectively Rated Contracts and Contracts Subject to Redetermination

A. The Company accrued estimated retrospective premium adjustments on certain commercial insurance policies through the review of each individual retrospectively rated risk, comparing the known loss development, including incurred but not reported reserves, with that anticipated in the policy contract to arrive at the best estimate of returned or additional retrospective premium.

The Company accrues estimated retrospective premium adjustments related to Your Choice Auto platinum ("YCA"), Your Choice Home ("YCH") and Allstate Blue policies in eligible states. YCA and YCH policies that are claim free during the policy period receive 5% of the premium paid for certain major coverages as a billing credit or refund. Allstate Blue policies offer non-standard auto coverage and contain a loyalty bonus which rewards eligible policyholders who stay with the Company for a full policy term with a 5% to 10% bonus of premium paid for certain major coverages. The amount of accrued retrospective premium adjustments was determined by analyzing the historical loss experience of these policyholders.

B. The Company recorded accrued retrospective premium as an adjustment to earned premiums on certain commercial insurance policies. For YCA, YCH and Allstate Blue policies, the Company recorded accrued retrospective premium as an adjustment to written premiums.

C. The amount of net premiums written by the Company in 2007 and 2006 subject to retrospective rating features was $962 million and $423 million, respectively. These amounts represented 3.8% and 1.7% of total net premiums written in 2007 and 2006, respectively.

D. The Company nonadmitted 10% of accrued retrospective premiums related to certain commercial insurance policies not offset by retrospective return premiums, other liabilities to the same party (other than loss and loss adjustment expense reserves), or collateral as permitted by SSAP No. 66, Retrospectively Rated Contracts, as follows:

(in millions)	**2007**	**2006**
a. Total accrued retro premiums	$ 3	$ 3
b. Unsecured amount	3	3
c. Less: Nonadmitted amount (10%)	-	-
d. Less: Nonadmitted for any person for whom agents' balances or uncollected premiums are nonadmitted	-	-
e. Admitted amount (a) – (c) – (d)	$ 3	$ 3

The Company is responsible for the return of premium to YCA, YCH and Allstate Blue policyholders. These amounts represent a liability to the Company.

24. Change in Incurred Losses and Loss Adjustment Expenses

The Company establishes reserves for losses and loss adjustment expenses on reported and unreported claims of insured losses. The Company's reserving process takes into account known facts and interpretations of circumstances and factors including the Company's experience with similar cases, actual claims paid, historical trends involving claim payment patterns and pending levels of unpaid claims, loss management programs, product mix and contractual terms, law changes, court decisions, changes to regulatory requirements and economic conditions. In the normal course of business, the Company may also supplement its claim processes by utilizing third party adjusters, appraisers, engineers, inspectors, other professionals and information sources to assess and settle catastrophe and non-catastrophe related claims. The effects of inflation are implicitly considered in the reserving process.

Since reserves are estimates of the unpaid portion of losses that have occurred, including IBNR losses, the establishment of appropriate reserves, including reserves for catastrophes, is an inherently uncertain and complex process. The ultimate cost of losses may vary materially from recorded amounts, which are based on management's best estimates. The highest degree of uncertainty is associated with reserves for losses incurred in the current reporting period as it contains the greatest proportion of losses that have not been reported or settled. The Company regularly updates its reserve estimates as new information becomes available and as events unfold that may affect the resolution of unsettled claims. Changes in prior year reserve estimates, which may be material, are reported in the Statement of Income in the period such changes are determined.

Activity in the reserve for losses and loss adjustment expenses is summarized as follows:

(in millions)	**2007**	**2006**
Balance at January 1	$ 14,340	$ 16,483
Incurred related to:		
Current year	16,317	15,501
Prior years	(81)	(748)
Total incurred	16,236	14,753
Paid related to:		
Current year	10,351	9,694
Prior years	5,998	7,202
Total paid	16,349	16,896
Balance at December 31	$ 14,227	$ 14,340

Incurred losses and loss adjustment expenses represent the sum of paid losses and reserve changes in the calendar year. This expense includes net losses from catastrophes of $1.35 billion and $917 million in 2007 and 2006, respectively. Included in 2007 and 2006 losses from catastrophes are accruals for assessments from FL Citizens and various other facilities (see Note 14, Part B). Catastrophes are an inherent risk that have contributed to, and will continue to contribute to, material year-to-year fluctuations in the Company's net income and financial position.

The Company calculates and records a single best reserve estimate for losses from catastrophes, in conformance with generally accepted actuarial principles. As a result, management believes that no other estimate is better than the recorded amount. Due to the uncertainties involved, including the factors described above, the ultimate cost of losses may vary materially from recorded amounts, which are based on management's best estimates. Accordingly, management believes that it is not practicable to develop a meaningful range for any such changes in losses incurred.

Incurred losses and loss adjustment expenses attributable to insured events of prior years were $(81) million and $(748) million as a result of the reestimation of unpaid losses and loss adjustment expenses for the years ending December 31, 2007 and 2006, respectively. During 2007, incurred losses and loss adjustment expenses related to prior years were primarily composed of decreases in auto reserves due to claim severity development that was better than expected, partially offset by increases in environmental reserves of $54 million. During 2006, incurred losses and loss adjustment expenses related to prior years were primarily composed of net decreases in auto reserves due to claim severity development and late reported loss development that was better than expected due to lower frequency trends in recent years, partially offset by increases in asbestos reserves of $86 million. During 2006, incurred losses and loss adjustment expenses related to prior years also included favorable catastrophe loss reserve reestimates of $132 million net of recoveries for the 2005 and 2004 hurricanes, primarily related to lower than expected claim severity for Hurricane Katrina and $6 million related to a reduction of the expected assessment from FL Citizens.

Anticipated salvage and subrogation of $650 million and $634 million were included as a reduction of loss reserves at December 31, 2007 and 2006, respectively.

25. Intercompany Pooling Arrangements

The Company was not a member of an intercompany pooling arrangement in 2007 or 2006.

NOTES TO FINANCIAL STATEMENTS

26. Structured Settlements

A. To settle certain claims, the Company purchased annuities from various life insurers where the claimant was the payee but for which the Company was contingently liable in the event the issuer of the annuity was unable to perform. At December 31, 2007 and 2006, the aggregate amount of statutory reserves, reported in the financial statements of third party life insurers, for which the Company was contingently liable, was $330 million and $342 million, respectively.

B. ALIC, located in Northbrook, Illinois, was the only life insurer where the total statement value of statutory reserves for which the Company was contingently liable exceeded 1% of the Company's policyholder surplus at December 31. The statement value (i.e. present value) of ALIC statutory reserves for which the Company was contingently liable was $205 million and $214 million at December 31, 2007 and 2006, respectively. This affiliated life insurer is licensed in the Company's state of domicile.

27. Health Care Receivables

The Company did not have health care receivables at December 31, 2007 or 2006.

28. Participating Policies

The Company did not have participating policies, as defined by SSAP No. 51, *Life Contracts,* or SSAP No. 54, *Individual and Group Accident and Health Contracts,* at December 31, 2007 or 2006.

29. Premium Deficiency Reserves

The Company did not record premium deficiency reserves at December 31, 2007 or 2006. Anticipated investment income was considered as a factor in the premium deficiency calculation.

30. High Deductibles

At December 31, 2007 and 2006, the amount of reserve credit recorded for high deductibles on unpaid claims was $398 thousand and $464 thousand, respectively. The amount billed and recoverable on paid claims was $46 thousand and $56 thousand at December 31, 2007 and 2006, respectively.

31. Discounting of Liabilities for Unpaid Losses or Unpaid Loss Adjustment Expenses

The Company did not discount the liabilities for unpaid losses or unpaid loss adjustment expenses at December 31, 2007 or 2006.

32. Asbestos/Environmental Reserves

A. The Company continues to receive asbestos and environmental claims. Asbestos claims relate primarily to bodily injuries asserted by people who were exposed to asbestos or products containing asbestos. Environmental claims relate primarily to pollution and related clean-up costs.

The Company's exposure to asbestos and environmental claims arises principally from assumed reinsurance coverage written during the 1960s through the mid-1980s, including reinsurance on primary insurance written on large United States companies, and from direct excess insurance written from 1972 through 1985, including substantial excess general liability coverages on Fortune 500 companies. Additional exposure stems from direct primary commercial insurance written during the 1960s through the mid-1980s.

In 1986, the general liability policy form used by the Company and others in the property and casualty insurance industry was amended to introduce an "absolute pollution exclusion," which excluded coverage for environmental damage claims, and added an asbestos exclusion. Most general liability policies issued prior to 1987 contain annual aggregate limits for product liability coverage. General liability policies issued in 1987 and thereafter contain annual aggregate limits for product liability coverage and annual aggregate limits for all coverages. The Company's experience to date is that these policy form changes have limited the extent of its exposure to environmental and asbestos claim risks.

The Company's exposure to liability for asbestos and environmental losses manifests differently depending on whether it arises from assumed reinsurance coverage, direct excess insurance, or direct primary commercial insurance. The direct insurance coverage the Company provided for these exposures was substantially "excess" in nature.

Direct excess insurance and reinsurance involve coverage written by the Company for specific layers of protection above retentions and other insurance plans. The nature of excess coverage and reinsurance provided to other insurers limits the Company's exposure to loss to specific layers of protection in excess of policyholder retention on primary insurance plans. The Company's exposure is further limited by the significant reinsurance that was purchased on the direct excess business.

The Company's assumed reinsurance business involved writing generally small participations in other insurers' reinsurance programs. The reinsured losses in which the Company participates may be a proportion of all eligible losses or eligible losses in excess of defined retentions. The majority of the Company's assumed reinsurance exposure, approximately 85%, is for excess of loss coverage, while the remaining 15% is for pro-rata coverage.

The Company's direct primary commercial insurance business did not include coverage to large asbestos manufacturers. This business comprises a cross section of policyholders engaged in many diverse business sectors located throughout the country.

The Company conducts an annual review in the third quarter of each year to evaluate and establish asbestos and environmental reserves. Reserves are recorded in the reporting period in which they are determined. Using established industry and actuarial best practices and assuming no change in the regulatory or economic environment, this detailed and comprehensive "ground up" methodology determines asbestos reserves based on assessments of the characteristics of the exposure (e.g. claim activity, potential liability, jurisdiction, products versus non-products exposure) presented by individual policyholders, and determines environmental reserves based on assessments of the characteristics of exposure (e.g. environmental damage, respective shares of liability of potentially responsible parties, appropriateness and cost of remediation) to pollution and related clean-up costs. The number and cost of these claims is affected by intense advertising by trial lawyers seeking asbestos plaintiffs, and entities with asbestos exposure seeking bankruptcy protection as a result of asbestos liabilities, initially causing a delay in the reporting of claims, often followed by an acceleration and an increase in losses and loss adjustment expenses as settlements occur.

After evaluating insureds' probable liabilities for asbestos and/or environmental claims, the Company evaluates the insureds' coverage programs for such claims. The Company considers the insureds' total available insurance coverage, including the coverage it issued. The Company also considers relevant judicial interpretations of policy language and applicable coverage defenses or determinations, if any.

Evaluation of both the insureds' estimated liabilities and the Company's exposure to the insureds depends heavily on an analysis of the relevant legal issues and litigation environment. This analysis is conducted by the Company's specialized claims adjusting staff and legal counsel. Based on these evaluations, case reserves are established by claims adjusting staff and actuarial analysis is employed to develop an IBNR reserve, which includes estimated potential reserve development and claims that have occurred but have not been reported.

For both asbestos and environmental reserves, the Company also evaluates its historical direct net loss and expense paid and incurred experience to assess any emerging trends, fluctuations or characteristics suggested by the aggregate paid and incurred activity.

NOTES TO FINANCIAL STATEMENTS

Establishing net loss reserves for environmental and asbestos claims is subject to uncertainties that are much greater than those presented by other types of claims. Among the complications are lack of historical data, long reporting delays, uncertainty as to the number and identity of insureds with potential exposure and unresolved legal issues regarding policy coverage; unresolved legal issues regarding the determination, availability and timing of exhaustion of policy limits; plantiffs' evolving and expanding theories of liability, availability and collectibility of recoveries from reinsurance, retrospectively determined premiums and other contractual agreements; estimates of the extent and timing of any contractual liability; the impact of bankruptcy protection sought by various asbestos producers and other asbestos defendants; and other uncertainties. There are also complex legal issues concerning the interpretation of various insurance policy provisions and whether those losses are covered, or were ever intended to be covered, and could be recoverable through retrospectively determined premium, reinsurance or other contractual agreements. Courts have reached different and sometimes inconsistent conclusions as to when losses were deemed to have occurred and which policies provide coverage; what types of losses are covered; whether there is an insurer obligation to defend; how policy limits are determined; how policy exclusions and conditions are applied and interpreted; and whether clean-up costs represent insured property damage. The Company's reserves for asbestos and environmental exposures could be affected by tort reform, class action litigation, and other potential legislation and judicial decisions. Environmental exposures could also be affected by a change in the existing federal Superfund law and similar state statutes. There can be no assurance that any reform legislation will be enacted or that any such legislation will provide for a fair, effective and cost-efficient system for settlement of asbestos or environmental claims. Management believes these issues are not likely to be resolved in the near future, and the ultimate costs may vary materially from the amounts currently recorded resulting in material changes in loss reserves.

Management believes its net loss reserves for asbestos and environmental exposures are appropriately established based on available facts, technology, laws, regulations, and assessments of other pertinent factors and characteristics of exposure (e.g. claim activity, potential liability, jurisdiction, products versus non-products exposure) presented by individual policyholders, assuming no change in the legal, legislative or economic environment. Due to the uncertainties and factors described above, management believes it is not practicable to develop a meaningful range for any such additional net loss reserves that may be required.

The table below summarizes the Company's reserve and claim activity for asbestos claims on a direct basis, for assumed reinsurance and after (net) the effects of ceded reinsurance.

The FL OIR filed an Immediate Final Order (the "Order") with respect to the Company as well as nine other named affiliated Allstate companies ("Companies") on January 17, 2008, suspending their certificates of authority in Florida and ordering them to discontinue transacting any new insurance business in Florida until all requested documents were produced in accordance with previously issued FL OIR subpoenas. The subpoenas are in connection with the investigation of residential property insurance rate practices. The Order did allow the Companies to continue all of their existing insurance business and renewals of that insurance; only the writing of new insurance policies was prohibited. On January 18, 2008, the Companies filed an emergency motion for immediate relief with the First District Court of Appeal of the state of Florida. The Court granted the motion and stayed the Order and subsequently upheld the stay pending a final disposition on the merits. The Court also ordered that the appeal process be expedited. The Companies continue to write new business in the interim. On February 18, 2008 the FL OIR filed an administrative complaint against the Companies regarding the response to the subpoenas. Florida law required the FL OIR to provide the Companies an opportunity for an evidentiary hearing after it issued the Order. As part of this complaint, the FL OIR is seeking to suspend the certificates of authority of these Companies. Additionally, following hearings in February 2008 regarding residential property insurance rate practices before the Florida Senate Select Committee on Property Insurance Accountability ("Committee"), the Committee has submitted a request to the Companies to produce certain documents.

GENERAL INTERROGATORIES

PART 2 - PROPERTY AND CASUALTY INTERROGATORIES

6.1 What provision has this reporting entity made to protect itself from an excessive loss in the event of a catastrophe under a workers' compensation contract issued without limit of loss?
THE COMPANY DOES NOT WRITE THIS LINE OF BUSINESS.

6.2 Describe the method used to estimate this reporting entity's probable maximum insurance loss, and identify the type of insured exposures comprising that probable maximum loss, the locations of concentrations of those exposures and the external resources (such as consulting firms or computer software models), if any, used in the estimation process.
THE COMPANY PLACES HEAVY EMPHASIS ON THE USE OF CATASTROPHIC SIMULATION MODELING BY LEADING CAT MODELING VENDORS TO ESTIMATE PROBABLE MAXIMUM LOSS. AN ADVANCED METHODOLOGY IS EMPLOYED TO GENERATE A LARGE SAMPLE OF HYPOTHETICAL BUT POSSIBLE EVENTS, APPLY MODEL DAMAGE EXPECTATIONS AGAINST THE COMPANY'S BOOK OF BUSINESS, AND EVALUATE THE EXISTING POLICY CONDITIONS OF THE POLICIES IN FORCE TO DETERMINE AN ESTIMATE OF TOTAL DAMAGE.

6.3 What provision has this reporting entity made (such as a catastrophic reinsurance program) to protect itself from an excessive loss arising from the types and concentrations of insured exposures comprising its probable maximum property insurance loss?
THE COMPANY PURCHASED THE FOLLOWING EXCESS CATASTROPHE REINSURANCE CONTRACTS: ONE-YEAR REIMBURSEMENT CONTRACT THROUGH THE FLORIDA HURRICANE CATASTROPHE FUND; A ONE-YEAR CATASTROPHE REINSURANCE CONTRACT COVERING LA, MS, AL, GA, SC, NC, VA, MD, PA, DE, RI AND DISTRICT OF COLUMBIA; A MULTI-YEAR REINSURANCE CONTRACT IN CA, COVERING FIRE FOLLOWING EARTHQUAKE; A ONE-YEAR CONTRACT COVERING EARTHQUAKE LOSSES IN THE STATE OF KENTUCKY; A THREE-YEAR CONTRACT COVERING NEW YORK AND CONNECTICUT; A MULTI-YEAR CONTRACT COVERING NEW YORK, NEW JERSEY AND CONNECTICUT; A ONE-YEAR COUNTRYWIDE AGGREGATE REINSURANCE CONTRACT EXCLUDING FLORIDA EFFECTIVE JUNE 1, 2007 - MAY 31, 2008. LIMITS ARE 95% OF $2 BILLION IN THE AGGREGATE EXCESS OF A $2 BILLION AGGREGATE RETENTION.

6.4 Does the reporting entity carry catastrophe reinsurance protection for at least one reinstatement, in an amount sufficient to cover its estimated probable maximum loss attributable to a single loss event or occurrence? Yes [X] No [ ]

6.5 If no, describe any arrangements or mechanisms employed by the reporting entity to supplement its catastrophe reinsurance program or to hedge its exposure to unreinsured catastrophic loss.

7.1 Has this reporting entity reinsured any risk with any other entity under a quota share reinsurance contract that includes a provision that would limit the reinsurer's losses below the stated quota share percentage (e.g., a deductible, a loss ratio corridor, a loss ratio cap, an aggregate limit or any similar provisions)? Yes [ ] No [X]

7.2 If yes, indicate the number of reinsurance contracts containing such provisions:

7.3 If yes, does the amount of reinsurance credit taken reflect the reduction in quota share coverage caused by any applicable limiting provision(s)? Yes [ ] No [ ]

8.1 Has this reporting entity reinsured any risk with any other entity and agreed to release such entity from liability, in whole or in part, from any loss that may occur on this risk, or portion thereof, reinsured? Yes [ ] No [X]

8.2 If yes, give full information

9.1 Has the reporting entity ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement: (i) it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; (ii) it accounted for that contract as reinsurance and not as a deposit; and (iii) the contract(s) contain one or more of the following features or other features that would have similar results:
(a) A contract term longer than two years and the contract is noncancellable by the reporting entity during the contract term;
(b) A limited or conditional cancellation provision under which cancellation triggers an obligation by the reporting entity, or an affiliate of the reporting entity, to enter into a new reinsurance contract with the reinsurer, or an affiliate of the reinsurer;
(c) Aggregate stop loss reinsurance coverage;
(d) A unilateral right by either party (or both parties) to commute the reinsurance contract, whether conditional or not, except for such provisions which are only triggered by a decline in the credit status of the other party;
(e) A provision permitting reporting of losses, or payment of losses, less frequently than on a quarterly basis (unless there is no activity during the period); or
(f) Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity. Yes [ ] No [X]

9.2 Has the reporting entity during the period covered by the statement ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates), for which, during the period covered by the statement, it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; excluding cessions to approved pooling arrangements or to captive insurance companies that are directly or indirectly controlling, controlled by, or under common control with (i) one or more unaffiliated policyholders of the reporting entity, or (ii) an association of which one or more unaffiliated policyholders of the reporting entity is a member where:
(a) The written premium ceded to the reinsurer by the reporting entity or its affiliates represents fifty percent (50%) or more of the entire direct and assumed premium written by the reinsurer based on its most recently available financial statement; or
(b) Twenty-five percent (25%) or more of the written premium ceded to the reinsurer has been retroceded back to the reporting entity or its affiliates in a separate reinsurance contract. Yes [X] No [ ]

9.3 If yes to 9.1 or 9.2, please provide the following information in the Reinsurance Summary Supplemental Filing for General Interrogatory 9:
(a) The aggregate financial statement impact gross of all such ceded reinsurance contracts on the balance sheet and statement of income;
(b) A summary of the reinsurance contract terms and indicate whether it applies to the contracts meeting the criteria in 9.1 or 9.2; and
(c) A brief discussion of management's principle objectives in entering into the reinsurance contract including the economic purpose to be achieved.

9.4 Except for transactions meeting the requirements of paragraph 31 of SSAP No. 62, Property and Casualty Reinsurance, has the reporting entity ceded any risk under any reinsurance contract (or multiple contracts with the same reinsurer or its affiliates) during the period covered by the financial statement, and either:
(a) Accounted for that contract as reinsurance (either prospective or retroactive) under statutory accounting principles ("SAP") and as a deposit under generally accepted accounting principles ("GAAP"); or
(b) Accounted for that contract as reinsurance under GAAP and as a deposit under SAP? Yes [ ] No [X]

9.5 If yes to 9.4, explain in the Reinsurance Summary Supplemental Filing for General Interrogatory 9 (Section D) why the contract(s) is treated differently for GAAP and SAP.

9.6 The reporting entity is exempt from the Reinsurance Attestation Supplement under one or more of the following criteria:
(a) The entity does not utilize reinsurance; or Yes [ ] No [X]
(b) The entity only engages in a 100% quota share contract with an affiliate and the affiliated or lead company has filed an attestation supplement; or Yes [ ] No [X]
(c) The entity has no external cessions and only participates in an intercompany pool and the affiliated or lead company has filed an attestation supplement. Yes [ ] No [X]

10. If the reporting entity has assumed risks from another entity, there should be charged on account of such reinsurances a reserve equal to that which the original entity would have been required to charge had it retained the risks. Has this been done? Yes [X] No [ ] N/A [ ]

GENERAL INTERROGATORIES

SCHEDULE P INTERROGATORIES

1. What is the extended loss and expense reserve - direct and assumed - for the following classes? An example of an extended loss and expense reserve is the actuarial reserve for the free-tail coverage arising upon death, disability or retirement in most medical malpractice policies. Such a liability is to be reported here even if it was not reported elsewhere in Schedule P, but otherwise reported as a liability item on Page 3. Show the full reserve amount, not just the change during the current year.

	Years in which premiums were earned and losses were incurred	1 Medical Malpractice	2 Other Liability	3 Products Liability
1.01	Prior			
1.02	1998			
1.03	1999			
1.04	2000			
1.05	2001			
1.06	2002			
1.07	2003			
1.08	2004			
1.09	2005			
1.10	2006			
1.11	2007			
1.12	Totals			

2. The definition of allocated loss adjustment expenses (ALAE) and, therefore, unallocated loss adjustment expenses (ULAE) was changed effective January 1, 1998. This change in definition applies to both paid and unpaid expenses. Are these expenses (now reported as " Defense and Cost Containment" and "Adjusting and Other") reported in compliance with these definitions in this statement? ..... Yes [X] No [ ]

3. The Adjusting and Other expense payments and reserves should be allocated to the years in which the losses were incurred based on the number of claims reported, closed and outstanding in those years. When allocating Adjusting and Other expense between companies in a group or a pool, the Adjusting and Other expense should be allocated in the same percentage used for the loss amounts and the claim counts. For reinsurers, Adjusting and Other expense assumed should be reported according to the reinsurance contract. For Adjusting and Other expense incurred by reinsurers, or in those situations where suitable claim count information is not available, Adjusting and Other expense should be allocated by a reasonable method determined by the company and described in Interrogatory 7 below. Are they so reported in this Statement? ..... Yes [X] No [ ]

4. Do any lines in Schedule P include reserves that are reported gross of any discount to present value of future payments, and that are reported net of such discounts on Page 10 ..... Yes [ ] No [X]

   If Yes, proper disclosure must be made in the Notes to Financial Statements, as specified in the Instructions. Also, the discounts must be reported in Schedule P - Part 1, Columns 32 and 33. Schedule P must be completed gross of non-tabular discounting. Work papers relating to discount calculations must be available for examination upon request.

   Discounting is allowed only if expressly permitted by the state insurance department to which this Annual Statement is being filed.

5. What were the net premiums in force at the end of the year for:

   (in thousands of dollars)

   5.1 Fidelity 306

   5.2 Surety 4

6. Claim count information is reported per claim or per claimant (Indicate which) ..... per claim

   If not the same in all years, explain in Interrogatory 7.

7.1 The information provided in Schedule P will be used by many persons to estimate the adequacy of the current loss and expense reserves, among other things. Are there any especially significant events, coverage, retention or accounting changes that have occurred that must be considered when making such analyses? ..... Yes [X] No [ ]

7.2 (An extended statement may be attached.)

   Persons using Schedule P to estimate the adequacy of auto liability loss and loss expense reserves should consider the effect that disposition rate changes over the last 10 year period may have on their estimates, taking into account the distortions that changing claim disposition rates cause to development patterns inherent in the historical data and projections that rely on that data. .....
