NOTES TO FINANCIAL STATEMENTS

There have been no material changes to the following December 31, 2006 Annual Statement notes: 1-4, 5(A2-A12, B3, B4, C-G), 6-8, 9(B, E, F), 10(A-C, F-K), 11-13, 14(C, D), 15, 17(A, B1, B3-B6), 18, 19, 20(A-H, I2, I4) and 22-34.

5. Investments

A. Mortgage Loans, including Mezzanine Real Estate Loans

1. The minimum and maximum lending rates for new mortgage loans for the first three months of 2008 and in 2007 were 5.51% and 6.43%, and 5.38% and 7.65%, respectively. All new mortgage loans in the first three months of 2008 and in 2007 were commercial.

B. Debt Restructuring

1. The total recorded investment in troubled debt restructurings was \$6.2 million and \$5.5 million at March 31, 2008 and December 31, 2007, respectively.
2. The Company realized \$759 thousand of capital losses related to bond restructuring in the first three months of 2008. The Company did not recognize realized capital losses related to troubled debt or troubled loan restructurings in 2007.

9. Income Taxes

A. The components of the net deferred tax asset were as follows:

(in millions)	March 31, 2008	December 31, 2007
Total of gross deferred tax assets	\$ 704	\$ 668
Total of gross deferred tax liabilities	(10)	(18)
Net deferred tax asset	694	650
Deferred tax asset nonadmitted	354	345
Net admitted deferred tax asset	\$ 340	\$ 305
(Increase) decrease in nonadmitted asset	\$ (9)	

C. The provision for incurred income taxes for the three months ended March 31 was:

(in millions)	2008	2007
Federal income tax - excluding net capital gains (losses)	\$ (154)	\$ 29
Federal income tax on net capital gains (losses)	1	17
Federal income taxes incurred	\$ (153)	\$ 46

The provision for income tax incurred did not include foreign income taxes for the three months ended March 31, 2008 or 2007.

The tax effects of temporary differences that gave rise to significant portions of deferred tax assets and deferred tax liabilities were as follows:

(in millions)	March 31, 2008	December 31, 2007
Deferred tax assets:		
Proxy deferred policy acquisition costs	\$ 387	\$ 388

10. Information Concerning Parent, Subsidiaries and Affiliates

D. The Company reported the following as receivable from affiliates:

(in millions)	March 31, 2008	December 31, 2007
Allstate Life Insurance Company of New York ("ALNY")	\$ -	\$ 5
Other	1	-
Total	\$ 1	\$ 5

The Company also reported the following amounts as payable to affiliates:

(in millions)	March 31, 2008	December 31, 2007
Allstate Insurance Company ("AIC" or "Allstate")	\$ 52	\$ 129
Allstate Investments, LLC	6	10
Allstate Distributors, LLC	1	1
ALNY	1	-
Other	1	1
Total	\$ 61	\$ 141

Intercompany receivables and payables are generally cash settled at least quarterly.

E. Structured settlements

The Company has agreed to guarantee the payment of certain structured settlement arrangements and third party payment obligations to injured parties and contingent recipients through certain reinsurance agreements in the event that Lincoln Benefit Life Company ("LBL") or ALNY are unable to make such payments. Reserves recorded by LBL and ALNY for obligations covered by this guarantee were \$32 million and \$35 million at March 31, 2008 and December 31, 2007, respectively.

The Company has also agreed to guarantee the payment of certain structured settlement arrangements and third party payment obligations intended to be qualified assignments established by Allstate Assignment Company ("AACO"), a subsidiary of the Company, through structured settlement agreements funded by annuities purchased from the Company in the event AACO is unable to make such payments. Reserves recorded for obligations covered by this guarantee were \$2.63 billion and \$2.59 billion at March 31, 2008 and December 31, 2007, respectively.

In addition, the Company has agreed to guarantee the payment of certain structured settlement arrangements and third party payment obligations intended to be nonqualified assignments established by NABCO Assignments Ltd. ("NABCO"). This guarantee applies only to those agreements and obligations funded by annuities purchased from the Company in the event NABCO fails to make such payments. Reserves recorded for obligations covered by this guarantee were \$331 million and \$344 million at March 31, 2008 and December 31, 2007, respectively.

14. Contingencies

A. Contingent Commitments

The Company made the following contingent commitments and guarantees in addition to the related party commitments described in Note 10, Part E:

The Company made commitments to invest in limited partnerships interests of \$1.03 billion and \$1.20 billion at March 31, 2008 and December 31, 2007, respectively. These commitments are generally for making additional capital contributions or acquiring financial interests.

The Company owns certain bonds that obligate the Company to exchange credit risk or to forfeit principal due, depending on the nature or occurrence of specified credit events for the referenced entities. In the event all such specified credit events were to occur, the Company's maximum amount at risk on these bonds, as measured by the par value was \$196 million and \$197 million at March 31, 2008 and December 31, 2007, respectively. The obligations associated with these bonds expire at various dates during the next seven years.

B. Assessments

Under state insurance guaranty fund laws, insurers doing business in a state can be assessed, up to prescribed limits, for certain obligations of insolvent insurance companies owed to policyholders and claimants. Amounts assessed to each company are typically related to its proportion of business written in a particular state.

The New York Liquidation Bureau (the "Bureau") has publicly reported that Executive Life Insurance Company of New York ("Executive Life"), currently under its jurisdiction as part of a 1992 court-ordered rehabilitation plan, may only be able to meet future obligations of its annuity contracts for the next fifteen years. The shortfall is estimated to be in the range of \$650 million to \$750 million. If Executive Life were to be declared insolvent in the future, the Company would likely have exposure to guaranty fund assessments and other costs.

Based on currently available information, the outcome of this situation is uncertain at this time. The Bureau may eventually take actions to address this situation that may lead to guaranty fund assessments or other costs to the Company's New York subsidiary, ALNY. Under current law, ALNY may be allowed to recoup a portion of the amount of any additional guaranty fund assessment in periods subsequent to the recognition of the assessment by offsetting future premium taxes. ALNY's New York market share was approximately 5.5% in 2006 based on industry annuity premium.

NOTES TO FINANCIAL STATEMENTS

E. All Other Contingencies

Regulation

The Company is subject to changing social, economic and regulatory conditions. From time to time regulatory authorities or legislative bodies seek to impose additional regulations regarding agent and broker compensation and otherwise expand overall regulation of insurance products and the insurance industry. The ultimate changes and eventual effects of these initiatives on the Company's business, if any, are uncertain.

Legal and regulatory proceedings and inquiries

Background

The Company and certain affiliates are involved in a number of lawsuits, regulatory inquiries, and other legal proceedings arising out of various aspects of its business. As background to the "Proceedings" subsection below, please note the following:

- These matters raise difficult and complicated factual and legal issues and are subject to many uncertainties and complexities, including the underlying facts of each matter; novel legal issues; variations between jurisdictions in which matters are being litigated, heard or investigated; differences in applicable laws and judicial interpretations; the length of time before many of these matters might be resolved by settlement, through litigation or otherwise; the fact that some of the lawsuits are putative class actions in which a class has not been certified and in which the purported class may not be clearly defined; the fact that some of the lawsuits involve multi-state class actions in which the applicable law(s) for the claims at issue is in dispute and therefore unclear; and the current challenging legal environment faced by large corporations and insurance companies.
- The outcome on these matters may also be affected by decisions, verdicts, and settlements, and the timing of such decisions, verdicts, and settlements, in other individual and class action lawsuits that involve the Company, other insurers, or other entities and by other legal, governmental, and regulatory actions that involve the Company, other insurers, or other entities.
- In the lawsuits, plaintiffs seek a variety of remedies including equitable relief in the form of injunctive and other remedies and monetary relief in the form of contractual and extra contractual damages. In some cases, the monetary damages sought include punitive damages. Often specific information about the relief sought, such as the amount of damages, is not available because plaintiffs have not requested specific relief in their pleadings. In Allstate's experience, when specific monetary demands are made in pleadings, they bear little relation to the ultimate loss, if any, to the Company.
- In connection with regulatory examinations and proceedings, government authorities may seek various forms of relief, including penalties, restitution and changes in business practices. The Company may not be advised of the nature and extent of relief sought until the final stages of the examination or proceeding.
- For the reasons specified above, it is often not possible to make meaningful estimates of the amount or range of loss that could result from the matters described below in the "Proceedings" subsection. The Company reviews these matters on an ongoing basis and follows the provisions of Statement of Statutory Accounting Principles No. 5, *Liabilities, Contingencies and Impairments of Assets*, when making accrual and disclosure decisions. When assessing reasonably possible and probable outcomes, the Company bases its decisions on its assessment of the ultimate outcome following all appeals.
- Due to the complexity and scope of the matters disclosed in the "Proceedings" subsection below and the many uncertainties that exist, the ultimate outcome of these matters cannot be reasonably predicted. In the event of an unfavorable outcome in one or more of these matters, the ultimate liability may be in excess of amounts currently reserved and may be material to the Company's operating results or cash flows for a particular quarterly or annual period. However, based on information currently known to it, management believes that the ultimate outcome of all matters described below as they are resolved over time is not likely to have a material adverse effect on the financial position of the Company.

Proceedings

Legal proceedings involving AIC and Allstate agencies may impact the Company, even when the Company is not directly involved, because the Company sells its products through a variety of distribution channels including Allstate agencies. Consequently, information about the more significant of these proceedings is provided below.

AIC is defending certain matters relating to its agency program reorganization announced in 1999. These matters are in various stages of development.

- These matters include a lawsuit filed in 2001 by the U.S. Equal Employment Opportunity Commission ("EEOC") alleging retaliation under federal civil rights laws (the "EEOC I" suit) and a class action filed in 2001 by former employee agents alleging retaliation and age discrimination under the Age Discrimination in Employment Act ("ADEA"), breach of contract and Employee Retirement Income Security Act ("ERISA") violations (the "Romero I" suit). In 2004, in the consolidated EEOC I and Romero I litigation, the trial court issued a memorandum and order that, among other things, certified classes of agents, including a mandatory class of agents who had signed a release, for purposes of effecting the court's declaratory judgment that the release is voidable at the option of the release signer. The court also ordered that an agent who voids the release must return to AIC "any and all benefits received by the [agent] in exchange for signing the release." The court also stated that, "on the undisputed facts of record, there is no basis for claims of age discrimination." The EEOC and plaintiffs have asked the court to clarify and/or reconsider its memorandum and order and in January 2007, the judge denied their request. In June 2007, the court granted AIC's motions for summary judgment. Following plaintiffs' filing of a notice of appeal, the Third Circuit issued an order in December 2007 stating that the notice of appeal was not taken from a final order within the meaning of the federal law and thus not appealable at this time. In March 2008, the Third Circuit decided that the appeal should not summarily be dismissed and that the question of whether the matter is appealable at this time will be addressed by the Court along with the merits of the appeal.
- The EEOC also filed another lawsuit in 2004 alleging age discrimination with respect to a policy limiting the rehire of agents affected by the agency program reorganization (the "EEOC II" suit). In EEOC II, in 2006, the court granted partial summary judgment to the EEOC. Although the court did not determine that AIC was liable for age discrimination under the ADEA, it determined that the rehire policy resulted in a disparate impact, reserving for trial the determination on whether AIC had reasonable factors other than age to support the rehire policy. AIC's interlocutory appeal of the trial court's summary judgment order is now pending in the United States Court of Appeals for the Eighth Circuit.
- AIC is also defending a certified class action filed by former employee agents who terminated their employment prior to the agency program reorganization. Plaintiffs allege that they were constructively discharged so that Allstate could avoid paying ERISA and other benefits offered under the reorganization. They claim that the constructive discharge resulted from the implementation of agency standards, including mandatory office hours and a requirement to have licensed staff available during business hours. The court approved the form of class notice which was sent to approximately 1,800 potential class members in November 2007. Fifteen individuals opted out. AIC's motions for judgment on the pleadings were partially granted and AIC's motion for summary judgment remains pending.

NOTES TO FINANCIAL STATEMENTS

- A putative nationwide class action has also been filed by former employee agents alleging various violations of ERISA, including a worker classification issue. These plaintiffs are challenging certain amendments to the Agents Pension Plan and are seeking to have exclusive agent independent contractors treated as employees for benefit purposes. This matter was dismissed with prejudice by the trial court, was the subject of further proceedings on appeal, and was reversed and remanded to the trial court in 2005. In June 2007, the court granted AIC’s motion to dismiss the case. Following plaintiffs’ filing of a notice of appeal, the Third Circuit issued an order in December 2007 stating that the notice of appeal was not taken from a final order within the meaning of the federal law and thus not appealable at this time. In March 2008, the Third Circuit decided that the appeal should not summarily be dismissed and that the question of whether the matter is appealable at this time will be addressed by the Court along with the merits of the appeal.

In all of these various matters, plaintiffs seek compensatory and punitive damages, and equitable relief. AIC has been vigorously defending these lawsuits and other matters related to its agency program reorganization.

Other matters

Various other legal, governmental, and regulatory actions, including state market conduct exams, and other governmental and regulatory inquiries are currently pending that involve the Company and specific aspects of its conduct of business. Like other members of the insurance industry, the Company is the target of a number of class action lawsuits and other types of proceedings, some of which involve claims for substantial or indeterminate amounts. These actions are based on a variety of issues and target a range of the Company’s practices. The outcome of these disputes is currently unpredictable.

One or more of these matters could have an adverse effect on the Company’s operating results or cash flows for a particular quarterly or annual period. However, based on information currently known to it, management believes that the ultimate outcome of all matters described in this “Other matters” subsection in excess of amounts currently reserved, as they are resolved over time, is not likely to have a material effect on the operating results, cash flows or financial position of the Company.

The notional amounts specified in the contracts are used to calculate the exchange of contractual payments under the agreements, and are generally not representative of the potential for gain or loss on these agreements. However, the notional amounts specified in credit default swap agreements represent the maximum amount of potential loss, assuming no recoveries. Statement values are generally equal to consideration paid or received except when non-hedge accounting is used, in which case statement value is equal to current fair value. Fair value is the estimated amount that the Company would receive or pay to terminate the derivative contracts at the reporting date. The fair value for exchange traded derivative contracts is based on observable market quotations in active markets, whereas the fair value for non-exchange traded derivative contracts is determined using widely accepted valuation models and other appropriate valuation methods.

2. The credit risk, market risk, and cash requirements of the Company’s derivative instruments are discussed in Note 8, Part A in the December 31, 2007 Annual Statement notes. The accounting policies for the Company’s derivative instruments are disclosed in Note 1, Part C and Note 8, Part C in the December 31, 2007 Annual Statement notes.

NOTES TO FINANCIAL STATEMENTS

3. The following table summarizes the credit exposure on the Company's over-the-counter contracts:

(in millions)	March 31, 2008	December 31, 2007
Foreign currency swap agreements	\$ 391	\$ 365
Interest rate swap agreements	123	42
Interest rate cap and floor agreements	(17)	7
Replication credit default swap agreements	(2)	(1)
Option contracts	-	175
Foreign currency forward contracts	-	(1)
Total derivative financial instruments	\$ 495	\$ 587

Credit exposure represents the Company's potential loss if all of the counterparties concurrently fail to perform under the terms of the contracts and all collateral, if any, becomes worthless. This exposure is measured by the fair value of contracts with a positive fair value at the reporting date reduced by the effect, if any, of master netting agreements. The Company has not incurred any losses on derivative financial instruments due to counterparty nonperformance.

4. The Company's policy for requiring collateral is discussed in Note 8, Part A in the December 31, 2007 Annual Statement notes. In general, the collateral pledged by the Company is in the custody of a counterparty or an exchange. However, the Company has access to this collateral at any time, subject to replacement. For exchange traded derivatives, the exchange requires margin deposits as well as daily cash settlements of margin accounts. At March 31, 2008 and December 31, 2007, the Company pledged \$223 million and \$18 million, respectively, of securities in the form of margin deposits. Usually, the Company pledges U.S. Treasury bonds to satisfy this collateral requirement. The Company uses master netting agreements for over-the-counter derivative transactions. These agreements permit either party to net payments due for transactions covered by the agreements. Under the provisions of the agreements, collateral is either pledged or obtained when certain predetermined exposure limits are exceeded. At March 31, 2008, counterparties pledged \$892 thousand in cash and \$480 million in securities to the Company, and the Company pledged \$77 million in cash and \$181 million in securities to counterparties. At December 31, 2007, counterparties pledged \$72 million in cash and \$226 million in securities to the Company, and the Company pledged \$582 thousand in cash and \$107 million in securities to counterparties.

Other than derivative financial instruments

1. The contractual amounts of off-balance sheet financial instruments, other than derivatives, were as follows:

(in millions)	March 31, 2008	December 31, 2007
Commitments to invest in limited partnership interests	\$ 1,028	\$ 1,198
Credit guarantees	196	197
Commitments to extend mortgage loans	138	320
Private placement commitments	-	20
Commitments to invest - other	5	12

2. Commitments to invest represent commitments to acquire financial interests or instruments. The Company enters into these agreements primarily to allow for additional participation in certain limited partnership investments. The Company also enters into delayed draw term loan agreements, which are facilities that can be funded over a given period of time and allow for the purchase of specified assets or acquisitions in exchange for a fee. Delayed draw term loan agreements are included in Commitments to invest – other. Commitments to invest are generally callable at the counterparty's request.

Credit guarantees represent conditional commitments included in certain bonds owned by the Company. These commitments provide for obligations to exchange credit risk or to forfeit principal due, depending on the nature or occurrence of credit events for the referenced entities. The Company enters into these transactions in order to achieve higher yields than direct investment in referenced entities. The fees for assuming the conditional commitments are reflected in the interest reported in net investment income over the lives of the contracts.

Commitments to extend mortgage loans are agreements to lend to a borrower provided there is no violation of any condition established in the contract. The Company enters into these agreements to commit to future loan fundings at a predetermined interest rate. Commitments generally have fixed expiration dates or other termination clauses. Commitments to extend mortgage loans, which are secured by the underlying properties, are valued based on estimates of fees charged by other institutions to make similar commitments to similar borrowers.

Private placement commitments represent conditional commitments to purchase private placement debt and equity securities at a specified future date. The Company regularly enters into these agreements in the normal course of business.

3. The contractual amounts presented in Part 1 above represent the amount at risk if the contract is fully drawn upon, the counterparty defaults and the value of any underlying security becomes worthless.

4. The Company does not require collateral or other securities to support off-balance sheet financial instruments with credit risk.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

B. Transfer and Servicing of Financial Assets

2. The Company entered into securities lending agreements using U.S. Treasury and corporate bonds in the first three months of 2008 and in 2007. Securities lent were either specifically identified by the lending bank or segregated into a separate custody account. The fair values of securities loaned were \$1.84 billion and \$1.51 billion at March 31, 2008 and December 31, 2007, respectively. The Company receives collateral for securities loaned in an amount generally equal to 102% and 105% of the fair value of securities and records the related obligations to return the collateral in aggregate write-ins for liabilities. All collateral is received in the form of cash, unrestricted and maintained in a separate custody account. None of the collateral was sold or repledged.

Generally, collateral is invested in short-term investments or bonds during the agreement period. The Company monitors the fair value of securities loaned on a daily basis and obtains additional collateral as necessary to mitigate counterparty credit risk. The Company maintains the right and ability to redeem the securities loaned on short notice. Substantially all of the Company's securities loaned were placed with large brokerage firms. Securities lending transactions are generally short-term in nature, usually 30 days or less.

C. In the course of managing the Company's investment portfolio, securities are sold and reacquired within 30 days of the sale date. Such transactions are referred to as wash sales. The details, by NAIC designation 3 or below, of bonds sold during the first quarter of 2008 and 2007 and reacquired within 30 days of the sale date were:

(\$ in millions)	2008			
	Number of Transactions	Book Value of Securities Sold	Cost of Securities Repurchased	Gain/(Loss)

(\$ in millions)	2007			
	Number of Transactions	Book Value of Securities Sold	Cost of Securities Repurchased	Gain/(Loss)

The Company did not have wash sales related to preferred stock for the first quarter of 2008 or 2007.

20. Other Items

I. Subprime Mortgage Related Risk Exposure

1. The Company identified that it had exposure to subprime residential mortgage related risk in the form of asset-backed residential mortgage-backed securities (“ABS RMBS”) and asset-backed collateralized debt obligations (“ABS CDO). The ABS RMBS portfolio includes securities that are collateralized by mortgage loans issued to borrowers that cannot qualify for prime or alternative financing terms due in part to an impaired or limited credit history. It also includes securities that are collateralized by certain second lien mortgages regardless of the borrower’s credit profile. The ABS CDO portfolio contains securities collateralized by a variety of residential mortgage-backed and other securities, which may include subprime residential mortgage-backed securities. The gross and net unrealized gains and losses for investments having exposure to subprime mortgage risk are presented below:

(in millions)	March 31, 2008			December 31, 2007		
	Gross Unrealized Losses	Unrealized Gains	Net Unrealized Gains (losses)	Gross Unrealized Losses	Unrealized Gains	Net Unrealized Gains (Losses)
Type of Investment						
ABS RMBS	\$ (452)	\$ 1	\$ (451)	\$ (249)	\$ 1	\$ (248)
ABS CDO	-	-	-	(14)	-	(14)
Total	\$ (452)	\$ 1	\$ (451)	\$ (263)	\$ 1	\$ (262)

In addition, the Company owns Alt-A residential mortgage-backed securities (“Alt-A”) which it does not consider to be a component of its exposure to subprime mortgage related risk. The Alt-A portfolio consists of mortgage-backed securities at fixed or variable rates and includes certain securities that are collateralized by residential mortgage loans issued to borrowers with stronger credit profiles than subprime borrowers, but do not qualify for prime financing terms due to high loan-to-value ratios or limited supporting documentation. At March 31, 2008, the Alt-A portfolio had net unrealized losses of \$65 million, of which \$67 million were gross unrealized losses and \$2 million were gross unrealized gains. At December 31, 2007, the Alt-A portfolio had net unrealized losses of \$23 million which were fully comprised of gross unrealized losses.

ABS RMBS, ABS CDO and Alt-A securities are considered loan-backed, and included in bonds in the Company’s Asset page. Additionally, at March 31, 2008 and December 31, 2007, 93% and 98%, respectively, of the total ABS RMBS securities and all of the ABS CDO and Alt-A securities were rated NAIC 1FE.

The Company has a comprehensive portfolio monitoring process to identify and evaluate, on a case-by-case basis, investments whose carrying value may be other-than-temporarily impaired. At March 31, 2008 and December 31, 2007, the Company recorded investment write-downs of \$81 million and \$65 million, respectively, in the ABS RMBS and ABS CDO portfolios related to asset impairments. In addition, the Company recorded investment write-downs of \$39 million and \$2 million, respectively, in the Alt-A portfolio due to the potential sale of assets to meet future cash flow requirements. The Company continues to believe that the unrealized losses on these securities are not necessarily predictive of the performance of the underlying collateral. In the absence of further deterioration in the collateral relative to the Company’s positions in the securities’ respective capital structures, which could require recognition of other-than-temporary impairments, the unrealized losses should reverse over the remaining lives of the securities.

The Company’s practice for acquiring and monitoring ABS RMBS, ABS CDO and Alt-A mortgage-backed securities takes into consideration the quality of the originator, quality of the servicer, security credit rating, underlying characteristics of the mortgages, borrower characteristics, level of credit enhancement in the transaction, and bond insurer strength, where applicable. The originators and servicers of the underlying mortgage loans are primarily subsidiaries of large banks and broker/dealers.

3. The Company’s direct exposure for other subprime investments is summarized as follows:

(in millions)	March 31, 2008			
	Actual Cost	Book/Adjusted Carrying Values	Fair Values	Other-Than-Temporary Losses
Type of Investment				
ABS RMBS	\$ 2,496	\$ 2,384	\$ 1,933	\$ 21
ABS CDO	16	17	17	60
Total	\$ 2,512	\$ 2,401	\$ 1,950	\$ 81

(in millions)	December 31, 2007			
	Actual Cost	Book/Adjusted Carrying Values	Fair Values	Other-Than-Temporary Losses
Type of Investment				
ABS RMBS	\$ 2,667	\$ 2,554	\$ 2,306	\$ 3
ABS CDO	76	51	36	62
Total	\$ 2,743	\$ 2,605	\$ 2,342	\$ 65

In addition, the Company had Alt-A securities at March 31, 2008 with actual cost, book/adjusted carrying values and fair values of \$526 million, \$525 million and \$459 million, respectively, and other-than-temporary losses of \$39 million. The Company had Alt-A securities at December 31, 2007 with actual cost and book/adjusted carrying values of \$568 million, fair values of \$545 million and other-than-temporary losses of \$2 million.

21. Events Subsequent

Effective May 8, 2008, the Company, AIC and The Allstate Corporation (the “Corporation”) became parties to a one-year Amended and Restated Intercompany Liquidity Agreement (“Liquidity Agreement”) which amends and restates the Intercompany Liquidity Agreement between the Company and AIC, dated January 1, 2008. The purpose of the agreement is to allow for short-term advances of funds to be made between parties for liquidity and other general corporate purposes. It shall be automatically renewed for subsequent one-year terms unless terminated by the parties. The Liquidity Agreement does not establish a commitment to advance funds on the part of either party. While the Company and AIC each serve as a lender and borrower, the Corporation’s role is only as a lender. The maximum amount of advances each party may make or receive is limited to \$1 billion. Netting or offsetting of advances made and received is not permitted. Advances between the parties are required to have specified due dates less than or equal to 364 days from the date of the advance and be payable upon demand by written request from the lender at least ten business days prior to the demand date. The borrower may make prepayments of the outstanding principal balance of an advance without penalty. Advances will bear interest equal to or greater than the rate applicable to 30-day commercial paper issued by the Corporation on the date the advance is made with an adjustment on the first day of each month thereafter. Additional direct and indirect subsidiaries of the Corporation may be added to the Liquidity Agreement from time to time and are subject to obtaining all required corporate authorizations and regulatory approvals.
