NOTES TO FINANCIAL STATEMENTS

There have been no material changes to the following December 31, 2007 Annual Statement notes: 1-5, 6(A), 7, 8, 9(B, E, F), 10(G-I, K), 11-13, 14(C, D), 15, 16(2), 17(A, B), 18, 19, 20(A, B, D-G, I2, I4) and 22-34.

6. Joint Ventures, Partnerships and Limited Liability Companies

- B. The Company recognized an impairment write-down of \$4 million on a partnership investment during the first six months of 2008 because the partnership experienced a large decrease in its intangible assets. The fair value of this partnership was determined by performing an updated discounted cash flow analysis. The impairment write-down was identified during the Company’s normal ongoing portfolio monitoring process.

The Company did not recognize impairment write-downs during the first six months of 2007.

9. Income Taxes

- A. The components of the net deferred tax asset were as follows:

(in millions)	June 30, 2008	December 31, 2007
Total of gross deferred tax assets	\$ 854	\$ 671
Total of gross deferred tax liabilities	(15)	(21)
Net deferred tax asset	839	650
Deferred tax asset nonadmitted	415	345
Net admitted deferred tax asset	\$ 424	\$ 305
(Increase) decrease in nonadmitted asset	\$ (70)	

- C. The provision for incurred income taxes for the six months ended June 30 was:

(in millions)	2008	2007
Federal income tax - excluding net capital gains (losses)	\$ (126)	\$ 47
Federal income tax on net capital gains (losses)	(20)	21
Federal income taxes incurred	\$ (146)	\$ 68

The provision for income tax incurred did not include foreign income taxes for the six months ended June 30, 2008 or 2007.

The tax effects of temporary differences that gave rise to significant portions of deferred tax assets and deferred tax liabilities were as follows:

(in millions)	June 30, 2008	December 31, 2007
Deferred tax assets:		
Proxy deferred policy acquisition costs	\$ 383	\$ 388

Total statutory income taxes	\$ 68	20.7	%

10. Information Concerning Parent, Subsidiaries and Affiliates

- A.,
B. &
C. The following transactions were entered into by the Company with related parties during the first six months of 2008 and in 2007 that involved more than 1/2 of 1% of the Company’s admitted assets. Activity resulting from reinsurance agreements, insurance contracts or cost allocation transactions in accordance with intercompany agreement provisions was excluded.

Transactions with Allstate Insurance Company (“AIC” or “Allstate”)

In June 2008, the Company received a capital contribution of \$350 million from its parent, AIC. The contribution consisted of securities with a fair value of \$343 million which was received on June 27 and cash of \$7 million which was received on June 30. Also on June 30, 2008, AIC approved an additional capital contribution of up to \$400 million to the Company, payable in cash and/or securities on or before September 1, 2008.

The Company paid the following cash dividends on common stock to AIC in 2007:

(in millions)	
Date of payment	
September 24	\$ 85
December 17	251
December 21	389
Total	\$ 725

The \$389 million of dividends paid on December 21, 2007 were extraordinary dividends.

The Company issued structured settlement annuities, a type of immediate annuity, at prices determined based upon interest rates in effect at the time of issuance, to fund structured settlements in matters involving AIC. A portion of these amounts related to structured settlement annuities with life contingencies and were included in premium income. In most cases, these annuities were issued under a qualified assignment, whereby prior to July 1, 2001 Allstate Settlement Corporation (“ASC”), and on and subsequent to July 1, 2001 Allstate Assignment Company (“AACO”), both wholly-owned subsidiaries of the Company, purchased annuities from the Company and assumed AIC’s obligation to make the future payments.

AIC issued surety bonds to guarantee the payment of structured settlement benefits assumed by ASC (from both AIC and non-related parties) and funded by certain annuity contracts issued by the Company through June 30, 2001. ASC entered into a General Indemnity Agreement pursuant to which it indemnified AIC for any liabilities associated with the surety bonds and providing certain collateral security rights with respect to the annuities and certain other rights in the event of defaults covered by the surety bonds. For contracts written on or after July 1, 2001, AIC no longer issues surety bonds to guarantee the payment of structured settlement benefits. Alternatively, the Company guarantees the payment of structured settlement benefits on all contracts issued on or after July 1, 2001. Reserves recorded by the Company for annuities that are guaranteed by the surety bonds of AIC were \$3.57 billion at both June 30, 2008 and December 31, 2007.

Transactions with ALIC Reinsurance Company (“ALIC Re”) and Kennett Capital, Inc. (“Kennett”)

On May 28, 2008, the Company purchased a \$50 million surplus note, with a 5.93% interest rate, due June 1, 2038 from its wholly-owned subsidiary, ALIC Re. On June 30, 2008, the Company transferred the surplus note to an affiliate, Kennett. In return, Kennett issued a \$50 million full recourse 5.73% note due on June 1, 2038. Kennett granted the Company a pledge of and security interest in its right, title and interest in the surplus note and its proceeds. The Company has an agreement with ALIC Re whereby, it may purchase up to \$750 million of surplus notes from time to time. The Company also has an agreement with Kennett whereby transactions similar to the one described may be entered into in the future.

At June 30, 2008 and December 31, 2007, the Company also held a \$100 million full recourse 5.98% note due June 1, 2036 and a \$100 million full recourse 4.86% note due July 1, 2035 issued by Kennett. These notes were issued as payments for a \$100 surplus note due June 1, 2036 with a 6.18% interest rate and a \$100 million surplus note due July 1, 2035 with a 5.06% interest rate that ALIC Re issued to the Company and the Company transferred to Kennett. Kennett also granted the Company a pledge of and security interest in its right, title and interest in this surplus note and proceeds.

Transaction with The Allstate Corporation (“Corporation”)

The Company entered into an intercompany loan agreement with the Corporation. The amount available to the Company is at the discretion of the Corporation, however, the maximum amount of loans the Corporation will have outstanding to all eligible subsidiaries at any given point in time is limited to \$1 billion. From time to time, the Company borrows money from the Corporation to meet its short-term cash needs. At June 30, 2008 and December 31, 2007, the Company did not have intercompany loans with the Corporation outstanding. No interest was paid on intercompany debt during the first six months of 2008. Total interest paid on intercompany debt during 2007 was \$4 million.

NOTES TO FINANCIAL STATEMENTS

D. The Company reported the following as receivable from affiliates:

(in thousands)	June 30, 2008	December 31, 2007
Allstate Institutional Advisors, LLC	\$ 173	\$ 4,557
Allstate Bank	133	144
Allstate Life Insurance Company of New York ("ALNY")	-	-
Other	6	18
Total	\$ 312	\$ 4,719

The Company also reported the following amounts as payable to affiliates:

(in millions)	June 30, 2008	December 31, 2007
AIC	\$ 85	\$ 129
Allstate Investments, LLC	6	10
ALNY	5	-
American Heritage Life Insurance Company	2	-
Allstate Distributors, LLC	1	1
Allstate Financial Services, LLC ("AFS")	1	-
Other	1	1
Total	\$ 101	\$ 141

Intercompany receivable and payable balances are evaluated on an individual company basis. Net intercompany balances less than \$1 million and those equal to or greater than \$1 million are generally settled quarterly and monthly, respectively, with one exception. Net intercompany balances with AFS are settled monthly regardless of dollar amount.

E. Structured settlements

The Company has agreed to guarantee the payment of certain structured settlement arrangements and third party payment obligations to injured parties and contingent recipients through certain reinsurance agreements in the event that Lincoln Benefit Life Company ("LBL") or ALNY are unable to make such payments. Reserves recorded by LBL and ALNY for obligations covered by this guarantee were \$30 million and \$35 million at June 30, 2008 and December 31, 2007, respectively.

The Company has also agreed to guarantee the payment of certain structured settlement arrangements and third party payment obligations intended to be qualified assignments established by AACO through structured settlement agreements funded by annuities purchased from the Company in the event AACO is unable to make such payments. Reserves recorded for obligations covered by this guarantee were \$2.67 billion and \$2.59 billion at June 30, 2008 and December 31, 2007, respectively.

In addition, the Company has agreed to guarantee the payment of certain structured settlement arrangements and third party payment obligations intended to be nonqualified assignments established by NABCO Assignments Ltd. ("NABCO"). This guarantee applies only to those agreements and obligations funded by annuities purchased from the Company in the event NABCO fails to make such payments. Reserves recorded for obligations covered by this guarantee were \$326 million and \$344 million at June 30, 2008 and December 31, 2007, respectively.

F. Effective May 8, 2008, the Company, AIC and the Corporation became parties to a one-year Amended and Restated Intercompany Liquidity Agreement ("Liquidity Agreement") which amends and restates the Intercompany Liquidity Agreement between the Company and AIC, dated January 1, 2008. The purpose of the agreement is to allow for short-term advances of funds to be made between parties for liquidity and other general corporate purposes. It shall be automatically renewed for subsequent one-year terms unless terminated by the parties. The Liquidity Agreement does not establish a commitment to advance funds on the part of either party. While the Company and AIC each serve as a lender and borrower, the Corporation's role is only as a lender. The maximum amount of advances each party may make or receive is limited to \$1 billion. Netting or offsetting of advances made and received is not permitted. Advances between the parties are required to have specified due dates less than or equal to 364 days from the date of the advance and be payable upon demand by written request from the lender at least ten business days prior to the demand date. The borrower may make prepayments of the outstanding principal balance of an advance without penalty. Advances will bear interest equal to or greater than the rate applicable to 30-day commercial paper issued by the Corporation on the date the advance is made with an adjustment on the first day of each month thereafter. Additional direct and indirect subsidiaries of the Corporation may be added to the Liquidity Agreement from time to time and are subject to obtaining all required corporate authorizations and regulatory approvals.

For information on the Company's other material management, service, and cost-sharing agreements, please refer to the 2007 Annual Statement notes.

J. The Company recognized an impairment write-down of \$4 million on a partnership investment during the first six months of 2008. The write-down was on an investment that was also considered subsidiary, controlled or affiliated entities. The details of the write-down are described in Note 6. The Company did not recognize impairment write-downs during the first six months of 2007.

14. Contingencies

A. Contingent Commitments

The Company made the following contingent commitments and guarantees in addition to the related party commitments described in Note 10, Part E:

The Company made commitments to invest in limited partnerships interests of \$1.11 billion and \$1.20 billion at June 30, 2008 and December 31, 2007, respectively. These commitments are generally for making additional capital contributions or acquiring financial interests.

The Company owns certain bonds that obligate the Company to exchange credit risk or to forfeit principal due, depending on the nature or occurrence of specified credit events for the referenced entities. In the event all such specified credit events were to occur, the Company's maximum amount at risk on these bonds, as measured by the amount of the aggregate initial investment was \$196 million and \$197 million at June 30, 2008 and December 31, 2007, respectively. The obligations associated with these bonds expire at various dates during the next seven years.

B. Assessments

Under state insurance guaranty fund laws, insurers doing business in a state can be assessed, up to prescribed limits, for certain obligations of insolvent insurance companies owed to policyholders and claimants. Amounts assessed to each company are typically related to its proportion of business written in a particular state.

The New York Liquidation Bureau (the "Bureau") has publicly reported that Executive Life Insurance Company of New York ("Executive Life"), currently under its jurisdiction as part of a 1992 court-ordered rehabilitation plan, may only be able to meet future obligations of its annuity contracts for the next fifteen years. The shortfall is estimated to be in the range of \$650 million to \$750 million. If Executive Life were to be declared insolvent in the future, the Company would likely have exposure to guaranty fund assessments and other costs.

NOTES TO FINANCIAL STATEMENTS

Based on currently available public information, the outcome of this situation is uncertain at this time. The Bureau may eventually take actions to address this situation that may lead to guaranty fund assessments or other costs to the Company's New York subsidiary, ALNY. Under current law, ALNY may be allowed to recoup a portion of the amount of any additional guaranty fund assessment in periods subsequent to the recognition of the assessment by offsetting future premium taxes. ALNY's New York market share was approximately 5.5% in 2006 based on industry annuity premium.

E. All Other Contingencies

Regulation

The Company is subject to changing social, economic and regulatory conditions. From time to time regulatory authorities or legislative bodies seek to impose additional regulations regarding agent and broker compensation and otherwise expand overall regulation of insurance products and the insurance industry. The ultimate changes and eventual effects of these initiatives on the Company's business, if any, are uncertain.

Legal and regulatory proceedings and inquiries

Background

The Company and certain affiliates are involved in a number of lawsuits, regulatory inquiries, and other legal proceedings arising out of various aspects of its business. As background to the "Proceedings" subsection below, please note the following:

- These matters raise difficult and complicated factual and legal issues and are subject to many uncertainties and complexities, including the underlying facts of each matter; novel legal issues; variations between jurisdictions in which matters are being litigated, heard or investigated; differences in applicable laws and judicial interpretations; the length of time before many of these matters might be resolved by settlement, through litigation or otherwise; the fact that some of the lawsuits are putative class actions in which a class has not been certified and in which the purported class may not be clearly defined; the fact that some of the lawsuits involve multi-state class actions in which the applicable law(s) for the claims at issue is in dispute and therefore unclear; and the current challenging legal environment faced by large corporations and insurance companies.
- The outcome on these matters may also be affected by decisions, verdicts, and settlements, and the timing of such decisions, verdicts, and settlements, in other individual and class action lawsuits that involve the Company, other insurers, or other entities and by other legal, governmental, and regulatory actions that involve the Company, other insurers, or other entities.
- In the lawsuits, plaintiffs seek a variety of remedies including equitable relief in the form of injunctive and other remedies and monetary relief in the form of contractual and extra contractual damages. In some cases, the monetary damages sought include punitive damages. Often specific information about the relief sought, such as the amount of damages, is not available because plaintiffs have not requested specific relief in their pleadings. In Allstate's experience, when specific monetary demands are made in pleadings, they bear little relation to the ultimate loss, if any, to the Company.
- In connection with regulatory examinations and proceedings, government authorities may seek various forms of relief, including penalties, restitution and changes in business practices. The Company may not be advised of the nature and extent of relief sought until the final stages of the examination or proceeding.
- For the reasons specified above, it is often not possible to make meaningful estimates of the amount or range of loss that could result from the matters described below in the "Proceedings" subsection. The Company reviews these matters on an ongoing basis and follows the provisions of Statement of Statutory Accounting Principles No. 5, *Liabilities, Contingencies and Impairments of Assets*, when making accrual and disclosure decisions. When assessing reasonably possible and probable outcomes, the Company bases its decisions on its assessment of the ultimate outcome following all appeals.
- Due to the complexity and scope of the matters disclosed in the "Proceedings" subsection below and the many uncertainties that exist, the ultimate outcome of these matters cannot be reasonably predicted. In the event of an unfavorable outcome in one or more of these matters, the ultimate liability may be in excess of amounts currently reserved and may be material to the Company's operating results or cash flows for a particular quarterly or annual period. However, based on information currently known to it, management believes that the ultimate outcome of all matters described below as they are resolved over time is not likely to have a material adverse effect on the financial position of the Company.

Proceedings

Legal proceedings involving AIC and Allstate agencies may impact the Company, even when the Company is not directly involved, because the Company sells its products through a variety of distribution channels including Allstate agencies. Consequently, information about the more significant of these proceedings is provided below.

AIC is defending certain matters relating to its agency program reorganization announced in 1999. These matters are in various stages of development.

- These matters include a lawsuit filed in 2001 by the U.S. Equal Employment Opportunity Commission ("EEOC") alleging retaliation under federal civil rights laws (the "EEOC I" suit) and a class action filed in 2001 by former employee agents alleging retaliation and age discrimination under the Age Discrimination in Employment Act ("ADEA"), breach of contract and Employee Retirement Income Security Act ("ERISA") violations (the "Romero I" suit). In 2004, in the consolidated EEOC I and Romero I litigation, the trial court issued a memorandum and order that, among other things, certified classes of agents, including a mandatory class of agents who had signed a release, for purposes of effecting the court's declaratory judgment that the release is voidable at the option of the release signer. The court also ordered that an agent who voids the release must return to AIC "any and all benefits received by the [agent] in exchange for signing the release." The court also stated that, "on the undisputed facts of record, there is no basis for claims of age discrimination." The EEOC and plaintiffs have asked the court to clarify and/or reconsider its memorandum and order and in January 2007, the judge denied their request. In June 2007, the court granted AIC's motions for summary judgment. Following plaintiffs' filing of a notice of appeal, the Third Circuit issued an order in December 2007 stating that the notice of appeal was not taken from a final order within the meaning of the federal law and thus not appealable at this time. In March 2008, the Third Circuit decided that the appeal should not summarily be dismissed and that the question of whether the matter is appealable at this time will be addressed by the Court along with the merits of the appeal.
- The EEOC also filed another lawsuit in 2004 alleging age discrimination with respect to a policy limiting the rehire of agents affected by the agency program reorganization (the "EEOC II" suit). In EEOC II, in 2006, the court granted partial summary judgment to the EEOC. Although the court did not determine that AIC was liable for age discrimination under the ADEA, it determined that the rehire policy resulted in a disparate impact, reserving for trial the determination on whether AIC had reasonable factors other than age to support the rehire policy. In June 2008, the Eighth Circuit Court of Appeals affirmed summary judgment in the EEOC's favor. AIC filed a petition for rehearing *en banc*.
- AIC is also defending a certified class action filed by former employee agents who terminated their employment prior to the agency program reorganization. Plaintiffs allege that they were constructively discharged so that Allstate could avoid paying ERISA and other benefits offered under the reorganization. They claim that the constructive discharge resulted from the implementation of agency standards, including mandatory office hours and a requirement to have licensed staff available during business hours. The

NOTES TO FINANCIAL STATEMENTS

court approved the form of class notice which was sent to approximately 1,800 potential class members in November 2007. Fifteen individuals opted out. AIC’s motions for judgment on the pleadings were partially granted. In May 2008, the Court granted summary judgment in AIC’s favor on all class claims. Plaintiffs moved for reconsideration and in the alternative to decertify the class. AIC opposed this motion and filed a motion for summary judgment with respect to the remaining non-class claim.

- A putative nationwide class action has also been filed by former employee agents alleging various violations of ERISA, including a worker classification issue. These plaintiffs are challenging certain amendments to the Agents Pension Plan and are seeking to have exclusive agent independent contractors treated as employees for benefit purposes. This matter was dismissed with prejudice by the trial court, was the subject of further proceedings on appeal, and was reversed and remanded to the trial court in 2005. In June 2007, the court granted AIC’s motion to dismiss the case. Following plaintiffs’ filing of a notice of appeal, the Third Circuit issued an order in December 2007 stating that the notice of appeal was not taken from a final order within the meaning of the federal law and thus not appealable at this time. In March 2008, the Third Circuit decided that the appeal should not summarily be dismissed and that the question of whether the matter is appealable at this time will be addressed by the Court along with the merits of the appeal.

In all of these various matters, plaintiffs seek compensatory and punitive damages, and equitable relief. AIC has been vigorously defending these lawsuits and other matters related to its agency program reorganization.

Other matters

Various other legal, governmental, and regulatory actions, including state market conduct exams, and other governmental and regulatory inquiries are currently pending that involve the Company and specific aspects of its conduct of business. Like other members of the insurance industry, the Company is the target of a number of class action lawsuits and other types of proceedings, some of which involve claims for substantial or indeterminate amounts. These actions are based on a variety of issues and target a range of the Company’s practices. The outcome of these disputes is currently unpredictable.

One or more of these matters could have an adverse effect on the Company’s operating results or cash flows for a particular quarterly or annual period. However, based on information currently known to it, management believes that the ultimate outcome of all matters described in this “Other matters” subsection in excess of amounts currently reserved, as they are resolved over time, is not likely to have a material effect on the operating results, cash flows or financial position of the Company.

16. Information about Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk

Derivative financial instruments

1. The following tables summarize the notional amount, statement value and fair value of the Company’s derivative financial instruments:

(in millions)	June 30, 2008		
	Notional Amount	Statement Value	Fair Value
Interest rate contracts			
Interest rate swap agreements	\$ 13,818	\$ 22	\$ (196)

The notional amounts specified in the contracts are used to calculate the exchange of contractual payments under the agreements, and are generally not representative of the potential for gain or loss on these agreements. However, the notional amounts specified in credit default swap agreements represent the maximum amount of potential loss, assuming no recoveries. Statement values are generally equal to consideration paid or received except when non-hedge accounting is used, in which case statement value is equal to current fair value. Fair value is the estimated amount that the Company would receive or pay to terminate the derivative contracts at the reporting date. The fair value for exchange traded derivative contracts is based on observable market quotations in active markets, whereas the fair value for non-exchange traded derivative contracts is determined using widely accepted valuation models and other appropriate valuation methods.

NOTES TO FINANCIAL STATEMENTS

3. The following table summarizes the credit exposure on the Company's over-the-counter contracts:

(in millions)	June 30, 2008	December 31, 2007
Foreign currency swap agreements	\$ 409	\$ 365
Interest rate swap agreements	24	42
Interest rate cap and floor agreements	2	-
Option contracts	1	175
Foreign currency forward contracts	-	(1)
Total derivative financial instruments	\$ 436	\$ 581

Credit exposure represents the Company's potential loss if all of the counterparties concurrently fail to perform under the terms of the contracts and all collateral, if any, becomes worthless. This exposure is measured by the fair value of contracts with a positive fair value at the reporting date reduced by the effect, if any, of master netting agreements. The Company has not incurred any losses on derivative financial instruments due to counterparty nonperformance.

4. The Company's policy for requiring collateral is discussed in Note 8, Part A in the December 31, 2007 Annual Statement notes. In general, the collateral pledged by the Company is in the custody of a counterparty or an exchange. However, the Company has access to this collateral at any time, subject to replacement. For exchange traded derivatives, the exchange requires margin deposits as well as daily cash settlements of margin accounts. At June 30, 2008 and December 31, 2007, the Company pledged \$47 million and \$18 million, respectively, of securities in the form of margin deposits. Usually, the Company pledges U.S. Treasury bonds to satisfy this collateral requirement. The Company uses master netting agreements for over-the-counter derivative transactions. These agreements permit either party to net payments due for transactions covered by the agreements. Under the provisions of the agreements, collateral is either pledged or obtained when certain predetermined exposure limits are exceeded. At June 30, 2008, counterparties pledged \$161 million in cash and \$228 million in securities to the Company, and the Company pledged \$61 million in securities to counterparties. At December 31, 2007, counterparties pledged \$72 million in cash and \$226 million in securities to the Company, and the Company pledged \$582 thousand in cash and \$107 million in securities to counterparties.

Other than derivative financial instruments

1. The contractual amounts of off-balance sheet financial instruments, other than derivatives, were as follows:

(in millions)	June 30, 2008	December 31, 2007
Commitments to invest in limited partnership interests	\$ 1,109	\$ 1,198
Credit guarantees	196	197
Commitments to extend mortgage loans	90	320
Private placement commitments	-	20
Commitments to invest - other	4	12

3. For information on the credit exposure of off-balance sheet financial instruments other than derivative financial instruments, please refer to the 2007 Annual Statement notes.

4. The Company does not require collateral or other securities to support off-balance sheet financial instruments with credit risk.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

C. In the course of managing the Company's investment portfolio, securities are sold and reacquired within 30 days of the sale date. Such transactions are referred to as wash sales. The details, by NAIC designation 3 or below, of bonds sold during the second quarter of 2008 and 2007 and reacquired within 30 days of the sale date were:

(\$ in millions)	2008			
	Number of Transactions	Book Value of Securities Sold	Cost of Securities Repurchased	Gain/(Loss)
Bonds				
NAIC 3	-	\$ -	\$ -	\$ -
NAIC 4	7	12	12	(1)

(\$ in millions)	2007			
	Number of Transactions	Book Value of Securities Sold	Cost of Securities Repurchased	Gain/(Loss)
Bonds				
NAIC 3	4	\$ 8	\$ 8	\$ -
NAIC 4	4	7	7	-

The Company did not have wash sales related to preferred stock for the second quarter of 2008 or 2007.

20. Other Items

C. Other Disclosures

The Company, along with AIC and the Corporation, has access to a \$1 billion unsecured revolving credit facility that has an initial term of 5 years expiring in 2012 with two optional one-year extensions that can be exercised at the end of any of the remaining four years of the facility upon approval of existing or replacement lenders providing more than two thirds of the commitments to lend. This facility contains an increase provision that would allow up to an additional \$500 million of borrowing provided the increased portion could be fully syndicated at a later date among existing and new lenders. There were no borrowings under the line of credit during the first six months of 2008 or in 2007.

H. Hybrid Securities

The Company had \$2.18 billion and \$2.55 billion of hybrid securities at June 30, 2008 and December 31, 2007, respectively.

I. Subprime Mortgage Related Risk Exposure

1. The Company identified that it had exposure to subprime residential mortgage related risk in the form of asset-backed residential mortgage-backed securities ("ABS RMBS") and asset-backed collateralized debt obligations ("ABS CDO). The ABS RMBS portfolio includes securities that are collateralized by mortgage loans issued to borrowers that cannot qualify for prime or alternative financing terms due in part to an impaired or limited credit history. It also includes securities that are collateralized by certain second lien mortgages regardless of the borrower's credit profile. The ABS CDO portfolio contains securities collateralized by a variety of residential mortgage-backed and other securities, which may include subprime residential mortgage-backed securities. The gross and net unrealized gains and losses for investments having exposure to subprime mortgage risk are presented below:

NOTES TO FINANCIAL STATEMENTS

(in millions)	June 30, 2008			December 31, 2007		
	Gross Unrealized Losses	Gains	Net Unrealized Gains (losses)	Gross Unrealized Losses	Gains	Net Unrealized Gains (Losses)
Type of Investment						
ABS RMBS	\$ (375)	\$ -	\$ (375)	\$ (249)	\$ 1	\$ (248)
ABS CDO	-	-	-	(15)	-	(15)
Total	<u>\$ (375)</u>	<u>\$ -</u>	<u>\$ (375)</u>	<u>\$ (264)</u>	<u>\$ 1</u>	<u>\$ (263)</u>

In addition, the Company owns Alt-A residential mortgage-backed securities (“Alt-A”) which it does not consider to be a component of its exposure to subprime mortgage related risk. The Alt-A portfolio consists of mortgage-backed securities at fixed or variable rates and includes certain securities that are collateralized by residential mortgage loans issued to borrowers with stronger credit profiles than subprime borrowers, but do not qualify for prime financing terms due to high loan-to-value ratios or limited supporting documentation. At June 30, 2008, the Alt-A portfolio had net unrealized losses of \$53 million, of which \$58 million were gross unrealized losses and \$5 million were gross unrealized gains. At December 31, 2007, the Alt-A portfolio had net unrealized losses of \$23 million, for which all but \$182 thousand were gross unrealized losses.

ABS RMBS, ABS CDO and Alt-A securities are considered loan-backed, and included in bonds in the Company’s Asset page. Additionally, at June 30, 2008 and December 31, 2007, 92% and 98%, respectively, of the total ABS RMBS securities and all of the ABS CDO and Alt-A securities were rated NAIC 1FE.

The Company has a comprehensive portfolio monitoring process to identify and evaluate, on a case-by-case basis, investments whose carrying value may be other-than-temporarily impaired. The Company recorded the following investment write-downs related to asset impairments.

(in millions)	December 31,	
Type of Investment	June 30, 2008	2007
ABS RMBS	\$ 101	\$ 3
ABS CDO	28	62
Total	<u>\$ 129</u>	<u>\$ 65</u>

The Company also recorded investment write-downs of \$44 million in the ABS RMBS portfolio related to the potential sale of assets to meet future cash flow requirements at June 30, 2008. In addition, the Company recorded investment write-downs of \$40 million and \$10 million, respectively, in the Alt-A portfolio due to asset impairments and the potential sale of assets to meet future cash flow requirements at June 30, 2008. At December 31, 2007, the Company recorded investment write-downs of \$1 million in the Alt-A portfolio related to the potential sale of assets to meet future cash flow requirements. The Company continues to believe that the unrealized losses on these securities are not necessarily predictive of the performance of the underlying collateral. In the absence of further deterioration in the collateral relative to the Company’s positions in the securities’ respective capital structures, which could require recognition of other-than-temporary impairments, the unrealized losses should reverse over the remaining lives of the securities.

The Company’s practice for acquiring and monitoring ABS RMBS, ABS CDO and Alt-A mortgage-backed securities takes into consideration the quality of the originator, quality of the servicer, security credit rating, underlying characteristics of the mortgages, borrower characteristics, level of credit enhancement in the transaction, and bond insurer strength, where applicable. The originators and servicers of the underlying mortgage loans are primarily subsidiaries of large banks and broker/dealers.

3. The Company’s direct exposure for other subprime investments is summarized as follows:

(in millions)	June 30, 2008			
	Actual Cost	Book/Adjusted Carrying Values	Fair Values	Other-Than-Temporary Losses
Type of Investment				
ABS RMBS	\$ 1,842	\$ 1,796	\$ 1,421	\$ 145
ABS CDO	4	4	4	28
Total	<u>\$ 1,846</u>	<u>\$ 1,780</u>	<u>\$ 1,425</u>	<u>\$ 173</u>

(in millions)	December 31, 2007			
	Actual Cost	Book/Adjusted Carrying Values	Fair Values	Other-Than-Temporary Losses
Type of Investment				
ABS RMBS	\$ 2,667	\$ 2,554	\$ 2,306	\$ 3
ABS CDO	76	51	36	62
Total	<u>\$ 2,743</u>	<u>\$ 2,605</u>	<u>\$ 2,342</u>	<u>\$ 65</u>

In addition, the Company had Alt-A securities at June 30, 2008 with actual cost, book/adjusted carrying values and fair values of \$471 million, \$460 million and \$407 million, respectively, and other-than-temporary losses of \$50 million. The Company had Alt-A securities at December 31, 2007 with actual cost and book/adjusted carrying values of \$524 million, fair values of \$502 million and other-than-temporary losses of \$1 million.
