NOTES TO FINANCIAL STATEMENTS

There have been no material changes to the following December 31, 2008 Annual Statement notes: 1(B), 1(C), 2-4, 5(A2-A5, A9, A10, A12, B-G), 6(A), 7, 8, 9(B, E, F), 10(D, F-L), 11, 12, 13(1-9, 11-13), 14(B-D), 15, 16(2-4), 17(A, B1, B3-B6), 18, 19, 20(A-G, H1, H2, H4, I), 21-23 and 25-34.

1. Summary of Significant Accounting Policies

- A. Allstate Life Insurance Company ("Company") prepares its financial statements in conformity with accounting practices prescribed or permitted by the Illinois Division of Insurance ("IL DOI"). Prescribed statutory accounting practices include a variety of publications of the National Association of Insurance Commissioners ("NAIC"), as well as state laws, regulations and general administrative rules. Permitted statutory accounting practices encompass all accounting practices not so prescribed.

The state of Illinois requires its domestic insurance companies to prepare financial statements in conformity with the NAIC Accounting Practices and Procedures Manual ("APPM"), which includes all Statements of Statutory Accounting Principles ("SSAP's), subject to any deviations prescribed or permitted by the IL DOI. The Company, with IL DOI approval, used two accounting permitted practices in preparing its statutory statements at March 31, 2009 and December 31, 2008.

The first permitted practice related to applying the book value method of accounting for market value adjusted annuities ("MVAA") whose related assets are held in a Separate Account. This permitted practice resulted in MVAA related investments being recorded at amortized cost, which is consistent with statutory accounting for other fixed income investments and the book value method of accounting required by the Illinois Administrative Code for MVAA investments held in a General Account. The permitted practice was requested because the Illinois Administrative Code is silent on MVAA's issued by a Separate Account.

In the extreme market conditions of the current economic crisis, the market value method of accounting greatly reduced surplus due to the unrealized losses on investments caused by wide credit spreads and the liquidity based dislocations in the investment markets that are not representative of the economics of the related liabilities. The permitted practice eliminated the inconsistent impacts in the amounts determined by the valuation methodologies for invested assets and insurance reserves and resulted in invested assets being valued at \$7.97 billion and \$8.07 billion at March 31, 2009 and December 31, 2008, respectively and reserves at \$9.15 billion and \$9.17 billion at March 31, 2009 and December 31, 2008, respectively. If the Company had not obtained the permitted practice to use the book value method of accounting for MVAA's, statutory surplus would have been \$1.24 billion lower at both March 31, 2009 and December 31, 2008. This permitted practice is reported as a change in accounting principle per SSAP No. 3, *Accounting Changes and Corrections of Errors* ("SSAP No. 3"), and accordingly, the cumulative effect of this change is reported as an adjustment to unassigned funds (surplus) in the period of the change in accounting principle.

The second permitted practice involves a modification to the accounting for deferred income taxes allowed in SSAP No. 10, *Income Taxes* ("SSAP No. 10"). The permitted practice increased the amount of deferred tax assets that can be recognized as an admitted asset and included in statutory surplus to the lesser of deferred taxes that can be realized within three years or 15% of adjusted statutory surplus. SSAP No. 10 provides for a one year realization limitation and a surplus limitation of 10%. Admitted deferred tax assets totaled \$424 million and \$421 million at March 31, 2009 and December 31, 2008 after the permitted practice, reflecting approximately 52% of total potential net deferred tax assets before non-admission limitations. This permitted practice is deemed a change in accounting principle per SSAP No. 3, and accordingly, the cumulative effect of this change is reported as an adjustment to unassigned funds (surplus) in the period of the change in accounting principle. If the Company had applied SSAP No. 10 guidance without regard to the permitted practice, statutory surplus would have been \$141 million and \$140 million lower at March 31, 2009 and December 31, 2008, respectively.

A reconciliation of the Company's surplus between the APPM and the two permitted practices approved by the IL DOI is shown below. These permitted practices had no impact on net income. If the Company had not obtained approval for these permitted practices, a risk-based capital regulatory event would not have been triggered.

(in millions)	March 31, 2009	December 31, 2008
Statutory surplus - Illinois basis	\$ 3,451	\$ 3,243

6. Joint Ventures, Partnerships and Limited Liability Companies

- B. The Company recognized impairment write-downs of \$75 million on twenty-three partnership investments in the first three months of 2009. Impairment write-downs of \$60 million were recognized on seventeen partnerships deemed to be other-than-temporarily impaired due to the length of time and extent to which fair values of their underlying investments were depressed. In addition, impairment write-downs of \$7 million were recognized on two underperforming partnerships which experienced decreases in value due to market conditions. Impairment write-downs of \$4 million were recognized on two partnerships that were nearing liquidation and the Company believes it to be unlikely it will recover its carrying value. The fair value of these twenty-one partnerships was determined by assessing the market value of the investments that the partnerships were holding. There was also an impairment write-down of \$3 million recognized on a limited liability company with significant exposure to the real estate market. In addition, an impairment write-down of \$1 million was recognized on a partnership with liquidity issues. The fair value of these two investments was determined by performing an updated cash flow analysis.

The Company did not recognize impairment write-downs in joint ventures, partnerships or limited liability companies in the first three months of 2008.

All impairment write-downs were identified during the Company's normal ongoing portfolio monitoring process.

10. Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

A.,
B. &
C. The following transactions were entered into by the Company with related parties in the first three months of 2009 and in 2008 that involved more than ½ of 1% of the Company’s admitted assets. Activity resulting from reinsurance agreements, insurance contracts or cost allocation transactions in accordance with intercompany agreement provisions was excluded.

Transactions with Allstate Insurance Company (“AIC”)

On March 31, 2009, AIC contributed \$250 million of cash to the Company.

On December 29, 2008, AIC canceled and forgave the principal amount of the \$400 million surplus note (“Surplus Note 1”) issued on August 29, 2008 by the Company to AIC, and converted the \$400 million to a capital contribution to the Company. On November 17, 2008, AIC purchased, in cash, a \$400 million surplus note (“Surplus Note 2”) from the Company. Surplus Note 2 accrues interest at a rate of 7.00% annually, which will be due on the first day of April and October in each year beginning April 1, 2009 until maturity on November 17, 2028.

On September 10, 2008, the Company purchased certain investment assets with a fair value of \$938 million plus accrued interest of \$6 million from AIC for \$944 million in cash.

In June 2008, the Company received a capital contribution of \$350 million from AIC. The contribution consisted of securities with a fair value of \$343 million which was paid on June 27 and cash of \$7 million which was paid on June 30. On November 13, 2008, the Company received an additional cash capital contribution of \$600 million from AIC.

The Company issued \$11 million and \$14 million of structured settlement annuities (“SSA”), a type of immediate annuity, in the first three months of 2009 and 2008, respectively, at prices determined based upon interest rates in effect at the time of issuance, to fund structured settlements in matters involving AIC. Of these amounts, \$2 million related to SSA’s with life contingencies and were included in premium income for both the three month period ending March 31, 2009 and 2008. In most cases, these annuities were issued under a qualified assignment, whereby prior to July 1, 2001 Allstate Settlement Corporation (“ASC”), and on and subsequent to July 1, 2001 Allstate Assignment Company (“AACO”), both wholly-owned subsidiaries of the Company, purchased annuities from the Company and assumed AIC’s obligation to make the future payments.

AIC issued surety bonds to guarantee the payment of structured settlement benefits assumed by ASC (from both AIC and non-related parties) and funded by certain annuity contracts issued by the Company through June 30, 2001. ASC entered into a General Indemnity Agreement pursuant to which it indemnified AIC for any liabilities associated with the surety bonds and gave AIC certain collateral security rights with respect to the annuities and certain other rights in the event of default covered by the surety bonds. For contracts written on or after July 1, 2001, AIC no longer issues surety bonds to guarantee the payment of structured settlement benefits. Alternatively, the Company guarantees the payment of structured settlement benefits on all contracts issued on or after July 1, 2001. Reserves recorded by the Company for annuities that are guaranteed by the surety bonds of AIC were \$3.64 billion and \$3.66 billion at March 31, 2009 and December 31, 2008, respectively.

Transactions with ALIC Reinsurance Company (“ALIC Re”) and Kennett Capital, Inc. (“Kennett”)

On May 28, 2008, the Company purchased a \$50 million surplus note, with a 5.93% interest rate, due June 1, 2038 from its wholly-owned subsidiary, ALIC Re. On June 30, 2008, the Company transferred the surplus note to an affiliate, Kennett. In return, Kennett issued a \$50 million full recourse 5.73% note due on June 1, 2038. Kennett granted the Company a pledge of and security interest in its right, title and interest in the surplus note and its proceeds. The Company has an agreement with ALIC Re, whereby it may purchase up to \$750 million of surplus notes from time to time. The Company also has an agreement with Kennett, whereby transactions similar to the one described may be entered into in the future.

At March 31, 2009 and December 31, 2008, the Company also held a \$100 million full recourse 5.98% note due June 1, 2036 and a \$100 million full recourse 4.86% note due July 1, 2035 issued by Kennett. These notes were issued as payments for a \$100 million surplus note due June 1, 2036 with a 6.18% interest rate and a \$100 million surplus note due July 1, 2035 with a 5.06% interest rate that ALIC Re issued to the Company and the Company transferred to Kennett. Kennett also granted the Company a pledge of and security interest in its right, title and interest in this surplus note and proceeds.

Transaction with The Allstate Corporation (“Corporation”)

The Company entered into an intercompany loan agreement with the Corporation. The amount available to the Company is at the discretion of the Corporation, however, the maximum amount of loans the Corporation will have outstanding to all eligible subsidiaries at any given point in time is limited to \$1.00 billion. From time to time, the Company borrows money from the Corporation to meet its short-term cash needs. At March 31, 2009 and December 31, 2008, the Company did not have intercompany loans with the Corporation outstanding.

The Company made the following contingent commitments with external parties.

The Company made commitments to invest in limited partnerships interests of \$992 million and \$1.07 billion at March 31, 2009 and December 31, 2008, respectively. These commitments are generally for making additional capital contributions or acquiring financial interests.

The Company owns certain bonds under which it is obligated to exchange credit risk or forfeit principal due, depending on the nature or occurrence of specified credit events for the referenced entities. In the event all such specified credit events were to occur, the Company's maximum amount at risk on these bonds, as measured by the amount of the aggregate initial investment was \$195 million at both March 31, 2009 and December 31, 2008. The obligations associated with these bonds expire at various dates during the next six years.

The Company agreed to guarantee certain liabilities of its affiliate, American Heritage Life Insurance Company ("AHL"), in connection with AHL's sale of its subsidiary, Columbia Universal Life Insurance Company to Verde Financial Corporation ("Verde") in 2004. The liabilities guaranteed to Verde primarily relate to indemnifications for breaches of standard representations and warranties and covenants. The Company believes that the possibility of loss related to this guaranty is remote and the amount is immaterial to the Company's financial position.

E. All Other Contingencies

Regulation

The Company is subject to changing social, economic and regulatory conditions. From time to time regulatory authorities or legislative bodies seek to impose additional regulations regarding agent and broker compensation and otherwise expand overall regulation of insurance products and the insurance industry. The ultimate changes and eventual effects of these initiatives on the Company's business, if any, are uncertain.

Legal and regulatory proceedings and inquiries

Background

The Company and certain affiliates are involved in a number of lawsuits, regulatory inquiries, and other legal proceedings arising out of various aspects of its business. As background to the "Proceedings" subsection below, please note the following:

- These matters raise difficult and complicated factual and legal issues and are subject to many uncertainties and complexities, including the underlying facts of each matter; novel legal issues; variations between jurisdictions in which matters are being litigated, heard or investigated; differences in applicable laws and judicial interpretations; the length of time before many of these matters might be resolved by settlement, through litigation or otherwise; the fact that some of the lawsuits are putative class actions in which a class has not been certified and in which the purported class may not be clearly defined; the fact that some of the lawsuits involve multi-state class actions in which the applicable law(s) for the claims at issue is in dispute and therefore unclear; and the current challenging legal environment faced by large corporations and insurance companies.
- The outcome of these matters may also be affected by decisions, verdicts, and settlements, and the timing of such decisions, verdicts, and settlements, in other individual and class action lawsuits that involve the Company, other insurers, or other entities and by other legal, governmental, and regulatory actions that involve the Company, other insurers, or other entities.
- In the lawsuits, plaintiffs seek a variety of remedies including equitable relief in the form of injunctive and other remedies and monetary relief in the form of contractual and extra contractual damages. In some cases, the monetary damages sought include punitive damages. Often specific information about the relief sought, such as the amount of damages, is not available because plaintiffs have not requested specific relief in their pleadings. In AIC's experience, when specific monetary demands are made in pleadings, they bear little relation to the ultimate loss, if any, to the Company.
- In connection with regulatory examinations and proceedings, government authorities may seek various forms of relief, including penalties, restitution and changes in business practices. The Company may not be advised of the nature and extent of relief sought until the final stages of the examination or proceeding.
- For the reasons specified above, it is often not possible to make meaningful estimates of the amount or range of loss that could result from the matters described below in the "Proceedings" subsection. The Company reviews these matters on an ongoing basis and follows the provisions of SSAP No. 5, *Liabilities, Contingencies and Impairments of Assets*, when making accrual and disclosure decisions. When assessing reasonably possible and probable outcomes, the Company bases its decisions on its assessment of the ultimate outcome following all appeals.
- Due to the complexity and scope of the matters disclosed in the "Proceedings" subsection below and the many uncertainties that exist, the ultimate outcome of these matters cannot be reasonably predicted. In the event of an unfavorable outcome in one or more of these matters, the ultimate liability may be in excess of amounts currently reserved, if any, and may be material to the Company's operating results or cash flows for a particular quarterly or annual period. However, based on information currently known to it, management believes that the ultimate outcome of all matters described below as they are resolved over time is not likely to have a material adverse effect on the financial position of the Company.

Proceedings

Legal proceedings involving AIC and Allstate agencies may impact the Company, even when the Company is not directly involved, because the Company sells its products through a variety of distribution channels including Allstate agencies. Consequently, information about the more significant of these proceedings is provided below.

NOTES TO FINANCIAL STATEMENTS

AIC is defending certain matters relating to its agency program reorganization announced in 1999. These matters are in various stages of development.

- These matters include a lawsuit filed in 2001 by the U.S. Equal Employment Opportunity Commission (“EEOC”) alleging retaliation under federal civil rights laws (the “EEOC I” suit) and a class action filed in 2001 by former employee agents alleging retaliation and age discrimination under the Age Discrimination in Employment Act (“ADEA”), breach of contract and Employee Retirement Income Security Act (“ERISA”) violations (the “Romero I” suit). In 2004, in the consolidated EEOC I and Romero I litigation, the trial court issued a memorandum and order that, among other things, certified classes of agents, including a mandatory class of agents who had signed a release, for purposes of effecting the court’s declaratory judgment that the release is voidable at the option of the release signer. The court also ordered that an agent who voids the release must return to AIC “any and all benefits received by the [agent] in exchange for signing the release.” The court also stated that, “on the undisputed facts of record, there is no basis for claims of age discrimination.” The EEOC and plaintiffs have asked the court to clarify and/or reconsider its memorandum and order and in January 2007, the judge denied their request. In June 2007, the court granted AIC’s motions for summary judgment. Following plaintiffs’ filing of a notice of appeal, the Third Circuit issued an order in December 2007 stating that the notice of appeal was not taken from a final order within the meaning of the federal law and thus not appealable at this time. In March 2008, the Third Circuit decided that the appeal should not summarily be dismissed and that the question of whether the matter is appealable at this time will be addressed by the Court along with the merits of the appeal.
- The EEOC also filed another lawsuit in 2004 alleging age discrimination with respect to a policy limiting the rehire of agents affected by the agency program reorganization (the “EEOC II” suit). In EEOC II, in 2006, the court granted partial summary judgment to the EEOC. Although the court did not determine that AIC was liable for age discrimination under the ADEA, it determined that the rehire policy resulted in a disparate impact, reserving for trial the determination on whether AIC had reasonable factors other than age to support the rehire policy. AIC’s interlocutory appeal from the partial summary judgment was granted. In June 2008, the Eighth Circuit Court of Appeals affirmed summary judgment in the EEOC’s favor. In September 2008, the Court of Appeals granted AIC’s petition for rehearing *en banc* and vacated its earlier decision affirming the trial court’s grant of summary judgment in favor of the EEOC. The Court of Appeals then dismissed the appeal, determining that it lacked jurisdiction to consider the appeal at this stage of the litigation.
- A putative nationwide class action has also been filed by former employee agents alleging various violations of ERISA, including a worker classification issue. These plaintiffs are challenging certain amendments to the Agents Pension Plan and are seeking to have exclusive agent independent contractors treated as employees for benefit purposes. This matter was dismissed with prejudice by the trial court, was the subject of further proceedings on appeal, and was reversed and remanded to the trial court in 2005. In June 2007, the court granted AIC’s motion to dismiss the case. Following plaintiffs’ filing of a notice of appeal, the Third Circuit issued an order in December 2007 stating that the notice of appeal was not taken from a final order within the meaning of the federal law and thus not appealable at this time. In March 2008, the Third Circuit decided that the appeal should not summarily be dismissed and that the question of whether the matter is appealable at this time will be addressed by the Court along with the merits of the appeal.

In all of these various matters, plaintiffs seek compensatory and punitive damages, and equitable relief. AIC has been vigorously defending these lawsuits and other matters related to its agency program reorganization.

Other matters

Various other legal, governmental, and regulatory actions, including state market conduct exams, and other governmental and regulatory inquiries are currently pending that involve the Company and specific aspects of its conduct of business. Like other members of the insurance industry, the Company is the target of a number of class action lawsuits and other types of proceedings, some of which involve claims for substantial or indeterminate amounts. These actions are based on a variety of issues and target a range of the Company’s practices. The outcome of these disputes is currently unpredictable.

One or more of these matters could have an adverse effect on the Company’s operating results or cash flows for a particular quarterly or annual period. However, based on information currently known to it, management believes that the ultimate outcome of all matters described in this “Other matters” subsection, in excess of amounts currently reserved, if any, as they are resolved over time is not likely to have a material effect on the operating results, cash flows or financial position of the Company.

The notional amounts specified in the contracts are used to calculate the exchange of contractual payments under agreements and are generally not representative of the potential for gain or loss on these agreements. However, the notional amounts specified in credit default swap selling protection agreements represent the maximum amount of potential loss, assuming no recoveries. Statement values are generally equal to consideration paid or received except when non-hedge accounting is used, in which case statement value is equal to current fair value. Fair value is the estimated amount that the Company would receive or pay to terminate the derivative contracts at the reporting date. The fair value of exchange traded derivative contracts is based on observable market quotations in active markets, whereas the fair value of non-exchange traded derivative contracts is determined using widely accepted valuation models and other appropriate valuation methods.

Other than derivative financial instruments

1. The contractual amounts of off-balance sheet financial instruments, other than derivatives, were as follows:

(in millions)	March 31, 2009	December 31, 2008

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

B. Transfer and Servicing of Financial Assets

2. The Company entered into securities lending agreements using U.S. Treasury and corporate bonds within the General Account and Separate Accounts in 2009 and 2008. The same policies and procedures are used for General Account and Separate Accounts securities lending transactions. Securities lent were either specifically identified by the lending bank or segregated into a separate custody account. The fair values of securities loaned within the General Account were \$98 million and \$183 million at March 31, 2009 and December 31, 2008, respectively. The fair values of securities loaned within the Separate Accounts were \$7 million and \$10 million at March 31, 2009 and December 31, 2008, respectively. The Company receives collateral for securities loaned in an amount generally equal to 102% and 105% of the fair value of securities and records the related obligations to return the collateral within liabilities. All collateral is received in the form of cash, unrestricted and maintained in a separate custody account. None of the collateral was sold or repledged.

Generally, collateral is invested in short-term investments or bonds during the agreement period. The Company monitors the fair value of securities loaned on a daily basis and obtains additional collateral as necessary to mitigate counterparty credit risk. The Company maintains the right and ability to redeem the securities loaned on short notice. Substantially all of the Company's securities loaned were placed with large brokerage firms. Securities lending transactions are generally short-term in nature, usually 30 days or less.

- C. In the course of managing the Company's investment portfolio, securities may be sold and reacquired within 30 days of the sale date. Such transactions are referred to as wash sales. The Company had no wash sales during the first quarter of 2009 that required disclosure per SSAP No. 91, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*. During the first quarter of 2008, the Company had 4 wash sale transactions related to bonds with NAIC ratings of 3. The book values of securities sold and the cost of the securities purchased related to those wash sales were both \$7 million in the first quarter of 2008. There was no gain or loss on the wash sale transactions in the first quarter of 2008.
