The officers of this reporting entity being duly sworn, each depose and say that they are the described officers of said reporting entity, and that on the reporting period stated above, all of the herein described assets were the absolute property of the said reporting entity, free and clear from any liens or claims thereon, except as herein stated, and that this statement, together with related exhibits, schedules and explanations therein contained, annexed or referred to, is a full and true statement of all the assets and liabilities and of the condition and affairs of the said reporting entity as of the reporting period stated above, and of its income and deductions therefrom for the period ended, and have been completed in accordance with the NAIC Annual Statement Instructions and Accounting Practices and Procedures manual except to the extent that: (1) state law may differ; or, (2) that state rules or regulations require differences in reporting not related to accounting practices and procedures, according to the best of their information, knowledge and belief, respectively. Furthermore, the scope of this attestation by the described officers also includes the related corresponding electronic filing with the NAIC, when required, that is an exact copy (except for formatting differences due to electronic filing) of the enclosed statement. The electronic filing may be requested by various regulators in lieu of or in addition to the enclosed statement.

NOTES TO FINANCIAL STATEMENTS

Notes required on a quarterly basis have been updated in their entirety. There have been no material changes to the following December 31, 2021 Annual Statement notes: 1(B), 2, 4, 5(A-C, J, O-Q), 6, 7, 9(B, E-I), 10(E-L, N, O), 12(B-I), 13(A-C, E-I, K-M), 14, 15, 16(Derivative financial instruments 2, 3 and Off-balance-sheet financial instruments), 17(A), 18, 19, 21(A, B, D-F, H), 23(B, D-K), 24(A, B, D, E) and 26-35. Only material or significant changes from the Annual Statement have been updated for all other notes, or portions thereof.

1. Summary of Significant Accounting Policies

A. Allstate Insurance Company (the “Company” or “Allstate”) prepares its financial statements in conformity with accounting practices prescribed or permitted by the Illinois Department of Insurance (“IL DOI”). Prescribed statutory accounting practices include a variety of publications of the National Association of Insurance Commissioners (“NAIC”), as well as state laws, regulations and general administrative rules. Permitted statutory accounting practices encompass all accounting practices not so prescribed.

The State of Illinois requires its domestic insurance companies to prepare financial statements in conformity with the NAIC Accounting Practices and Procedures Manual, which includes all Statements of Statutory Accounting Principles (“SSAPs”), subject to any deviations prescribed or permitted by the IL DOI.

The Company’s net income and capital and surplus did not include any accounting practices prescribed or permitted by the IL DOI during 2022 and 2021.

| (7)               | State permitted practices that increase/(decrease) NAIC SAP:                                      |        |               |               | -                     | -                    |
| (8)               | NAIC SAP (5-6-7=8)                                                                                | xxx    | xxx           | xxx           | \$ 12,278             | \$ 18,431            |

C. Investments

Loan-backed and structured securities (“LBASS”) with an NAIC designation of 1 or 2 are reported at amortized cost using the effective yield method. LBASS with an NAIC designation of 3 through 6 are reported at the lower of amortized cost or fair value, with the difference reflected in unassigned surplus as an unrealized capital loss. In general, LBASS utilize a multi-step process for determining carrying value and NAIC designation in accordance with SSAP No. 43R, *Loan-backed and Structured Securities*. For LBASS of high credit quality with fixed interest rates, the effective yield is recalculated on a retrospective basis. For all others, the effective yield is generally recalculated on a prospective basis.

D. Based upon its evaluation of relevant conditions and events, management did not have substantial doubt about the Company’s ability to continue as a going concern as of September 30, 2022 or December 31, 2021.

3. Business Combinations and Goodwill

A. Statutory Purchase Method

No statutory purchases occurred in 2022. The Company purchased several limited liability companies in 2021 in preparation of the sale of Allstate Life Insurance Company (“ALIC”). These transactions were accounted for as statutory purchases and reflected as followings:

| (\$ in millions)                         |                  | September 30, 2022      |                             |                                      |  |

None of the Company's LBASS were other-than-temporarily impaired in 2021 as a result of the discounted present value of the cash flows expected to be collected being less than amortized cost.

4. Unrealized losses are calculated as the difference between amortized cost and fair value. They result from declines in fair value below amortized cost and are evaluated for OTTI. Every LBASS with unrealized losses was included in the portfolio monitoring process.

The following table summarizes gross unrealized losses and the fair value of LBASS by the length of time individual securities have been in a continuous unrealized loss position.

| (in millions)                                                             |                        | September 30, 2022 | December 31, 2021 |
|---------------------------------------------------------------------------|------------------------|--------------------|-------------------|
| a. The aggregate amount of unrealized losses:                             |                        |                    |                   |
|                                                                           | 1. Less than 12 months | \$ (1)             | \$ (1)            |
|                                                                           | 2. 12 months or longer | \$ -               | \$ -              |
| b. The aggregate related fair value of securities with unrealized losses: |                        |                    |                   |
|                                                                           | 1. Less than 12 months | \$ 40              | \$ 388            |
|                                                                           | 2. 12 months or longer | \$ 25              | \$ 38             |

5. As of September 30, 2022, unrealized losses were immaterial and the majority were related to investment grade LBASS with an unrealized loss position less than 20% of amortized cost, the degree of which suggested that these securities did not pose a high risk of being other-than-temporarily impaired. Investment grade is defined as a security having an NAIC designation of 1 or 2, which is comparable to a rating of Aaa, Aa, A or Baa from Moody's or a rating of AAA, AA, A or BBB from S&P Global Ratings, or a comparable internal rating if an externally provided rating is not available. Market prices for certain securities may have credit spreads which imply higher or lower credit quality than the current third-party rating. Unrealized losses on investment grade securities were principally related to an increase in market yields which may include increased risk-free interest rates or wider credit spreads since the time of initial purchase. The unrealized losses are expected to reverse as the securities approach maturity.

LBASS in an unrealized loss position were evaluated based on actual and projected collateral losses relative to the securities' positions in the respective securitization trusts, security specific expectations of cash flows and credit ratings. This evaluation also takes into consideration credit enhancement, measured in terms of: (1) subordination from other classes of securities in the trust that are contractually obligated to absorb losses before the class of security the Company owns, and (2) the expected impact of other structural features embedded in the securitization trust beneficial to the class of securities the Company owns, such as overcollateralization and excess spread.

As of September 30, 2022, the Company had not made the decision to sell and it was not more likely than not the Company would be required to sell LBASS with unrealized losses before recovery of the amortized cost basis. As of September 30, 2022, the Company had the intent and ability to hold LBASS with unrealized losses for a period of time sufficient for them to recover.

| (m) Total collateral reinvested | \$ 2,132           | \$ 2,123   | \$ 1,438          | \$ 1,438   |

b. The Company's sources of cash that is used to return the cash collateral is dependent upon the liquidity of the current market conditions. The invested assets are primarily short-term investments and bonds that can be easily liquidated on demand to match the liability. As of September 30, 2022, the Company had invested assets with a fair value of \$498 million which consisted of investment grade bonds. Unrealized losses on investment grade securities are principally related to an increase in market yields which may include increased risk-free interest rates or wider credit spreads since the time of initial purchase. The unrealized losses are expected to reverse as the securities approach maturity. Additionally, the Company has sufficient liquidity to cover any shortfall on demand.

F. Repurchase Agreements Transactions Accounted for as Secured Borrowing - Not applicable.

G. Reverse Repurchase Agreements Transactions Accounted for as Secured Borrowing - Not applicable.

H. Repurchase Agreements Transactions Accounted for as a Sale - Not applicable.

I. Reverse Repurchase Agreements Transactions Accounted for as a Sale - Not applicable.

K. Low Income Housing Tax Credit ("LIHTC") Property Investments

2. The net amount of LIHTC and other tax benefits recognized during the first nine months of 2022 and 2021 was \$148 million and \$88 million, respectively.

L. Restricted Assets

1. Restricted assets (including pledged) consisted of the following as of:

| Restricted Asset Category                                                                                     | Gross (Admitted and Nonadmitted) Restricted |                                                    |                                                |                                                    |                  |                       |                                  |

| u. Recognized obligations to return collateral assets (General Account) | \$ 1,423 | 3.5 %                                      |
| v. Recognized obligations to return collateral assets (Protected Cell)  | \$ -     | - %                                        |
| * u. = Column 1 divided by Liability Page, Line 26 (Column 1)           |          |                                            |
| v. = Column 1 dividend by Liability Page, Line 27 (Column 1)            |          |                                            |

M. Working Capital Finance Investments - Not applicable.

N. Offsetting and Netting of Assets and Liabilities

None of the Company’s derivative or securities lending transactions contain a valid right to offset assets and liabilities per the requirements of SSAP No. 64, *Offsetting and Netting of Assets and Liabilities*. The Company did not enter into repurchase agreements, reverse repurchase agreements or securities borrowing transactions.

R. Reporting Entity’s Share of Cash Pool by Asset Type

The percentage share of the underlying assets of the Allstate Short term pool (“Short term pool”) was as follows as of September 30, 2022 and December 31, 2021:

|                            |                |
|----------------------------|----------------|
| (1) Cash                   | - %            |
| (2) Cash equivalents       | 100.0 %        |
| (3) Short-term investments | - %            |
| (4) Total Short term pool  | <u>100.0 %</u> |

8. Derivative Instruments

A. Derivatives under SSAP No. 86 – *Derivatives*

8. The Company did not have open option contracts with financing premiums due as of September 30, 2022 or December 31, 2021.

B. Derivatives under SSAP No. 108 – *Derivative Hedging Variable Annuity Guarantees* – Not applicable.

9. Income Taxes

The Inflation Reduction Act of 2022 (“Act”) which contains several tax-related provisions, was signed into law during the reporting period on August 16, 2022. The Act creates a 15% corporate alternative minimum tax (“CAMT”) on certain large corporations, effective beginning in 2023. While, on a consolidated group basis, the Company will be required to compute CAMT starting in 2023, the Company has not included the impact of the CAMT for the third quarter 2022 statutory statement, in evaluating the admissibility of statutory deferred tax assets because a reasonable estimate cannot be made.

NOTES TO FINANCIAL STATEMENTS

A. 1. The components of the net deferred tax asset ("DTA") and deferred tax liability ("DTL") were as follows:

| (in millions)                           | 9/30/2022 |         |                    | 12/31/2021 |         |                    | Change                |                      |                    |

| Total statutory income taxes              | \$ (485) | (32.5) %              | \$ 427 | 14.0 %                |

10. Information Concerning Parent, Subsidiaries, Affiliates and Other Related Parties

- A.,  
B. &  
C. Transactions with Allstate Insurance Holdings, LLC ("AIH")

The Company paid \$4.20 billion of dividends in cash and bonds to its parent, AIH, in 2022. See Note 13, Part D for details.

Transactions with Allstate Short Term Pool, LLC

The Company invests in the Short term pool, which is offered by Allstate Short Term Pool, LLC, to certain wholly owned affiliated companies of The Allstate Corporation (the "Corporation"). The Short term pool is an investment pool managed by Allstate Investment Management Company, an affiliate of the Corporation, whose purpose is to efficiently manage cash and cash equivalents for its member companies. Each member company has an undivided interest in the underlying assets of the Short term pool per the Operating Agreement of Allstate Short Term Pool, LLC. The value of net assets that is the basis for current transactions and each share is determined daily by the Short term pool custodian. As of September 30, 2022, the Company's reported investment in the Short term pool was \$1.32 billion. See Ref # - 001 in table below.

13. Capital and Surplus, Dividend Restrictions and Quasi-Reorganizations

D. The Company paid the following ordinary cash dividends to AIH:

| (in millions)   |          |          |
|-----------------|----------|----------|
| Date of Payment | 2022     | 2021     |
| March 25        | \$ 2,430 | \$ 2,819 |
| April 20        | 627      | 818      |
| July 22         | 254      | 254      |
| October 19      | -        | 200      |
| December 20     | -        | 1,103    |
| Total           | \$ 3,311 | \$ 5,194 |

In addition, the Company paid ordinary dividends to AIH consisting of bonds with fair values of \$697 million and related accrued interest of \$4 million on March 25, 2022, and bonds with fair values of \$190 million and related accrued interest of \$1 million on April 20, 2022.

The Company also paid ordinary dividends to AIH consisting of bonds with fair values of \$748 million and related accrued interest of \$4 million on March 25, 2021.

J. Cumulative unrealized gains and losses increased unassigned funds by \$1.61 billion and \$2.41 billion as of September 30, 2022 and December 31, 2021, respectively.

16. Information about Financial Instruments with Off-Balance-Sheet Risk and Financial Instruments with Concentrations of Credit Risk

Derivative financial instruments

1. The following table summarizes the notional amount of the Company's derivative financial instruments, including those with off-balance-sheet risk:

| (in millions) | Assets             |                   | Liabilities        |                   |
|---------------|--------------------|-------------------|--------------------|-------------------|
|               | September 30, 2022 | December 31, 2021 | September 30, 2022 | December 31, 2021 |
| a. Swaps      | \$ 629             | \$ 760            | \$ 196             | \$ 315            |
| b. Futures    | 93                 | 32                | 649                | 256               |
| c. Options    | 542                | 25                | 500                | -                 |
| d. Total      | \$ 1,264           | \$ 817            | \$ 1,345           | \$ 571            |

4. The Company's policy for requiring collateral is discussed in Note 8, Parts A-C in the Annual Statement. In general, the collateral pledged by the Company is in the custody of a counterparty, a clearing house or an exchange. However, the Company has access to this collateral at any time, subject to replacement. For certain exchange traded and cleared derivatives, margin deposits are required as well as daily cash settlements of margin accounts. As of September 30, 2022, the Company pledged cash and securities with fair values of \$162 million and received cash of \$3 million in the form of margin deposits. As of December 31, 2021, the Company pledged cash and securities with fair values of \$73 million and received cash of \$3 million in the form of margin deposits.

The Company pledges or obtains collateral for over-the-counter derivative transactions when certain predetermined exposure limits are exceeded. As of September 30, 2022, counterparties pledged \$71 million in cash collateral to the Company, and the Company pledged less than \$1 million in cash to counterparties. As of December 31, 2021, counterparties pledged \$17 million in cash collateral to the Company, and the Company pledged \$2 million in cash to counterparties.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

B. Transfer and Servicing of Financial Assets

1. The Company's business activities included securities lending programs with third parties, mostly large banks. As of September 30, 2022 and December 31, 2021, bonds, including LBASS and common stocks with fair values of \$2.05 billion and \$1.42 billion, respectively, were on loan under these agreements. Securities lent were either specifically identified by the lending bank or segregated into a separate custody account. See Note 5, Part E for more information about securities lending collateral.
2. The Company did not enter into agreements to service assets or liabilities.
4. The Company was not a transferor or transferee with respect to securitizations and asset-backed financing arrangements.

C. Wash Sales

1. In the course of managing the investment portfolio, securities may be sold and reacquired within 30 days of the sale date in order to enhance the portfolio's yield.

NOTES TO FINANCIAL STATEMENTS

2. The details of securities with an NAIC designation of 3 or below, and those without an NAIC designation, which were sold during the third quarter of 2022 and 2021 and reacquired within 30 days of the sale date were as follows:

| 2022                       |                  |                        |                               |                                |             |
|----------------------------|------------------|------------------------|-------------------------------|--------------------------------|-------------|
| Description                | NAIC Designation | Number of Transactions | Book Value of Securities Sold | Cost of Securities Repurchased | Gain (Loss) |
| Bonds                      | 3                | -                      | \$ -                          | \$ -                           | \$ -        |
| Bonds                      | 4                | 2                      | \$ 1                          | \$ 1                           | \$ -        |

| Bonds                      | 4                | 1                      | \$ 2                          | \$ 2                           | \$ -        |
| Unaffiliated common stocks |                  | 7                      | \$ 3                          | \$ 3                           | \$ -        |

20. Fair Value Measurements

- A. Fair value is defined, per SSAP No. 100R, *Fair Value* ("SSAP No. 100R"), as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. SSAP No. 100R identified three valuation techniques which are used, either independently or in combination, to determine fair value: (1) market approach; (2) income approach; and (3) cost approach. SSAP No. 100R also contains guidance about observable and unobservable inputs, which are assumptions that market participants would use in pricing an asset or liability. To increase consistency and comparability in fair value measurements, the fair value hierarchy prioritizes the inputs to valuation techniques into three broad levels: 1, 2 and 3. The hierarchy for inputs used in determining fair value maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that observable inputs be used when available. Certain assets are measured utilizing net asset value ("NAV") as a practical expedient to determine fair value.

The Company has two types of situations where investments are classified as Level 3 in the fair value hierarchy:

- (1) Specific inputs significant to the fair value estimation models are not market observable. This primarily occurs in the Company's use of broker quotes to value certain securities where the inputs have not been corroborated to be market observable, and the use of valuation models that use significant non-market observable inputs.
- (2) Quotes continue to be received from independent third-party valuation service providers and all significant inputs are market observable; however, there has been a significant decrease in the volume and level of activity for the asset when compared to normal market activity such that the degree of market observability has declined to a point where categorization as a Level 3 measurement is considered appropriate. The indicators considered in determining whether a significant decrease in the volume and level of activity for a specific asset has occurred include the level of new issuances in the primary market, trading volume in the secondary market, the level of credit spreads over historical levels, applicable bid-ask spreads, and price consensus among market participants and other pricing sources.

1. The following tables summarize the Company's assets and liabilities measured and reported at fair value in the Assets and Liabilities, Surplus and Other Funds pages:

| September 30, 2022                                                                         |           |           |           |        |          |
|--------------------------------------------------------------------------------------------|-----------|-----------|-----------|--------|----------|
| (in millions)                                                                              | (Level 1) | (Level 2) | (Level 3) | NAV    | Total    |
| Description for each class of asset or liability                                           |           |           |           |        |          |

Transfers into Level 3 during the first nine months of 2022 and 2021 included securities measured at lower of cost or market and reported at fair value in 2022 and 2021, and at cost in 2021 and 2020, respectively.

Transfers out of Level 3 during the first nine months of 2022 and 2021 included securities measured at lower of cost or market and reported at cost in 2022 and 2021, and fair value in 2021 and 2020, respectively. Transfers out of Level 3 during the first nine months of 2022 and 2021 were also the result of assets utilizing NAV as a practical expedient to determine fair value. Transfers out of Level 3 during the first nine months of 2022 included a situation where the valuation was not based on market observable inputs in the prior period, a price quote utilizing market observable inputs became available and was utilized; any gains and losses related to the change in valuation source were not significant.

3. The Company consistently follows its policy for determining when transfers between levels are recognized. The policy about the timing of recognizing transfers into Level 3 is the same as that for recognizing transfers out of Level 3.
4. In determining fair value, the Company principally uses the market approach which generally utilizes market transaction data for the same or similar instruments. To a lesser extent, the Company uses the income approach which involves determining fair values from discounted cash flow methodologies. For the majority of Level 2 and Level 3 valuations, a combination of the market and income approaches is used.

Listed below is a summary of the significant valuation techniques for assets and liabilities measured and reported at fair value.

Level 2 measurements

Bonds - Includes corporate bonds, including those that are privately placed, residential mortgage-backed securities (“RMBS”), asset-backed securities (“ABS”) and municipal bonds.

The primary inputs to the valuation for publicly traded corporate bonds and municipal bonds include quoted prices for identical or similar assets in markets that are not active, contractual cash flows, benchmark yields and credit spreads. Privately placed corporate bonds are valued using a discounted cash flow model that is widely accepted in the financial services industry and uses market observable inputs and inputs derived principally from, or corroborated by, observable market data. The primary inputs to the discounted cash flow model include an interest rate yield curve, as well as published credit spreads for similar assets in markets that are not active that incorporate the credit quality and industry sector of the issuer. The primary inputs to the valuation for RMBS and ABS include quoted prices for identical or similar assets in markets that are not active, contractual cash flows, benchmark yields, prepayment speeds, collateral performance and credit spreads. Certain ABS are valued based on non-binding broker quotes whose inputs have been corroborated to be market observable.

Unaffiliated common and perpetual preferred stocks - The primary inputs to the valuation include quoted prices or quoted net asset values for identical or similar assets in markets that are not active.

Derivatives - Free-standing exchange listed derivatives that are not actively traded are valued based on quoted prices for identical instruments in markets that are not active. Over-the-counter derivatives, including foreign currency contracts, total return swap agreements and certain credit default swap agreements, are valued using models that rely on inputs such as interest rate yield curves, implied volatilities, index price levels, currency rates and credit spreads that are observable for substantially the full term of the contract. The valuation techniques underlying the models are widely accepted in the financial services industry and do not involve significant judgment.

Level 3 measurements

Bonds - Includes corporate bonds, including those that are privately placed, bank loans, commercial mortgage-backed securities (“CMBS”), ABS and municipal bonds.

Corporate bonds, including those that are privately placed, and bank loans are valued based on non-binding broker quotes where the inputs have not been corroborated to be market observable. Other inputs include an interest rate yield curve, as well as published credit spreads for similar assets that incorporate credit quality and industry sector of the issuer. CMBS and ABS are valued based on non-binding broker quotes received from brokers where the inputs have not been corroborated to be market observable. For municipal bonds that are not rated by third-party credit rating agencies, but receive an NAIC designation, the primary inputs to the valuation include quoted prices for identical or similar assets in markets that exhibit less liquidity relative to those markets supporting Level 2 fair value measurements, contractual cash flows, benchmark yields and credit spreads. Also included are municipal bonds valued based on non-binding broker quotes where the inputs have not been corroborated to be market observable and municipal bonds in default valued based on the present value of expected cash flows.

Perpetual preferred stocks - The primary inputs to the valuation include non-binding broker quotes where the inputs have not been corroborated to be market observable.

Unaffiliated common stocks - The primary inputs to the valuation include quoted prices or quoted net asset values for identical or similar assets in markets that are less active relative to those markets supporting Level 2 fair value measurements.

5. All information related to derivatives measured and reported at fair value is presented above.

NOTES TO FINANCIAL STATEMENTS

B. &  
C. Presented below are the aggregate fair value estimates and admitted values of financial instruments:

The fair value of bonds in Level 1 is based on unadjusted quoted prices for identical assets in active markets the Company can access. The fair value of publicly traded bonds in Level 2 is based upon quoted prices for identical or similar assets in markets that are not active, contractual cash flows, benchmark yields and credit spreads. Non-publicly traded bonds in Level 2 are valued using a discounted cash flow model that is widely accepted in the financial services industry and uses market observable inputs and inputs derived principally from, or corroborated by, observable market data. The primary inputs to the discounted cash flow model include an interest rate yield curve, as well as published credit spreads for similar assets in markets that are not active that incorporate the credit quality and industry sector of the issuer. The fair value of municipal bonds in Level 3 not rated by third-party credit rating agencies, but receiving an NAIC designation is based on quoted prices for identical or similar assets in markets that exhibit less liquidity relative to those markets supporting Level 2 fair value measurements, contractual cash flows, benchmark yields and credit spreads. Also included are municipal bonds valued based on non-binding broker quotes where the inputs have not been corroborated to be market observable and municipal bonds in default valued based on the present value of expected cash flows. The fair value of corporate bonds in Level 3 is primarily based on non-binding broker quotes where the inputs have not been corroborated to be market observable. Other inputs for corporate bonds include an interest rate yield curve, as well as published credit spreads for similar assets that incorporate the credit quality and industry sector of the issuer. The fair value of LBASS in Level 2 is primarily based on valuation models utilizing quoted prices for identical or similar assets in markets that are not active, contractual cash flows, benchmark yields, prepayment speeds, collateral performance and credit spreads to determine fair value. Certain LBASS in Level 2 are valued based on non-binding broker quotes whose inputs have been corroborated to be market observable. The fair value of LBASS in Level 3 is primarily based on non-binding broker quotes where the inputs have not been corroborated to be market observable.

The fair value of preferred stocks in Levels 2 is based on valuation methods described in Part A4 of this note. The fair value of preferred stocks in Level 3 is based on non-binding broker quotes where the inputs have not been corroborated to be market observable. Certain preferred stocks, which do not have readily determinable fair values, and are investments in investment companies are measured utilizing NAV as a practical expedient.

The fair value of unaffiliated common stocks in Level 1 is based on unadjusted quoted prices for identical assets in active markets the Company can access. The fair value of unaffiliated common stocks in Levels 2 and 3 is based on the valuation methods described in Part A4 of this note. Certain unaffiliated private common stocks carried at fair value, which do not have readily determinable fair values, and are investments in investment companies that measure their assets at fair value on a recurring basis, are reported utilizing NAV as a practical expedient and are excluded from the fair value hierarchy.

The fair value of mortgage loans on real estate in Level 3 is based on discounted contractual cash flows or, if the loans are impaired due to credit reasons, the fair value of collateral less costs to sell. Risk adjusted discount rates are selected using current rates at which similar loans would be made to borrowers with similar characteristics, using similar types of properties as collateral.

The fair value of cash equivalents in Level 1 is based on unadjusted quoted prices or daily quoted net asset values for identical assets in active markets the Company can access. The fair value of cash equivalents in Level 2 is based on quoted prices for identical or similar assets in markets that are not active, contractual cash flows, benchmark yields and credit spreads.

The fair value of short-term investments in Level 1 is based on unadjusted quoted prices for identical assets in active markets the Company can access. The fair value of short-term investments in Level 2 is based on quoted prices for identical or similar assets in markets that are not active, contractual cash flows, benchmark yields and credit spreads. The fair value of short-term investments in Level 3 is primarily based on non-binding broker quotes where the inputs have not been corroborated to be market observable.

The fair value of free-standing exchange listed derivatives in Level 1 is based on unadjusted quoted prices for identical assets in active markets the Company can access. The fair value of derivatives in Level 2 is based on the valuation methods described in Part A4 of this note.

The fair value of LIHTC property investments in Level 3 is based on amortized cost, using the proportional amortization method, which approximates fair value.

The fair value of affiliated surplus notes and collateral loans in Level 3 is based on discounted cash flow calculations using current interest rates for instruments with comparable terms.

NOTES TO FINANCIAL STATEMENTS

The fair value of reinvested collateral from securities lending in Level 2 is based on carrying value due to its short-term nature.

Financial liabilities

Presented below are the aggregate fair value estimates and statement values of financial instruments:

| Type of Financial Instrument  | Aggregate Fair Value | Statement Value | (Level 1) | (Level 2) | (Level 3) | NAV  | Not Practicable (Carrying Value) |
| Securities lending collateral | \$ 1,423             | \$ 1,423        | \$ -      | \$ 1,423  | \$ -      | \$ - | \$ -                             |
| Derivatives                   | \$ 15                | \$ 12           | \$ 3      | \$ 12     | \$ -      | \$ - | \$ -                             |

The fair value of the liabilities for collateral related to securities lending in Level 2 is based on carrying value due to its short-term nature.

The fair value of free-standing exchange listed derivatives in Level 1 is based on unadjusted quoted prices for identical assets in active markets the Company can access. The fair value of derivatives in Level 2 is based on the valuation methods described in Part A4 of this note.

- D. The Company was able to estimate the fair value of all its financial instruments in 2022 and 2021.
- E. Investments in certain common and preferred stocks measured and reported at NAV in the Assets page and presented in the table in Part A1 are generally not redeemable with the issuing corporation and cannot be sold without approval of the managing members. Distributions of income are usually received from the sale of the common stock or the liquidation of the underlying asset or assets of the issuing corporation over the life of these investments, typically 3-7 years. The Company had \$24 million of remaining commitments to invest in these investments over their remaining lives.
21. Other Items
- C. Other Disclosures

The Novel Coronavirus Pandemic or COVID-19 (“Coronavirus”)

The Coronavirus resulted in governments worldwide enacting emergency measures to combat the spread of the virus, including travel restrictions, government-imposed shelter-in-place orders, quarantine periods, social distancing and restrictions on large gatherings. These measures have moderated, but new variants of the Coronavirus could result in further economic volatility. The Company continues to closely monitor and proactively adapt to developments and changing conditions. Currently, it is not possible to reliably estimate the impact to the Company’s operations, but the effects have been and could be material.

Transfer of Investments

During 2018, the Company transferred limited partnership investments with a book/adjusted carrying value of \$1.70 billion and cash of \$12 million to AIMCO Private Fund II, LLC (“AIMCO II”). Since the transfer of the assets did not meet the conditions of a sale per SSAP No. 103R, *Transfer and Servicing of Financial Assets and Extinguishments of Liabilities*, the assets of AIMCO II are directly reported in the Company’s financial statements. In connection with the sale of Allstate Life Insurance Company, additional assets were transferred into AIMCO during 2021. As of September 30, 2022, AIMCO II consisted of limited partnership investments with a book/adjusted carrying value of \$2.59 billion, cash equivalents of \$57 million and cash of \$15 million and were included in the Company’s assets.

State of California

At this time, the Company will no longer write new homeowners and condominium business in the State of California, although the Company will offer continuing coverage to existing customers.

Exit of Commercial Insurance

Commercial insurance is being exited in five states and coverage to transportation network companies will not be offered unless it utilizes telematics-based pricing. The Company expects these actions will negatively impact premiums starting in the fourth quarter of 2022.

- G. Insurance-linked Securities (“ILS”) Contracts

The Company and certain of its affiliated insurance companies were ceding insurers of eight ILS agreements and seven ILS agreements related to directly-written insurance risks as of September 30, 2022 and December 31, 2021, respectively.

As of September 30, 2022, the ILS placements provide \$1.45 billion of reinsurance limits (with \$1.43 billion remaining limit available) for qualifying losses in all states except Florida caused by “Named Peril Basis” events with no reinstatement of limits. The ILS placements were comprised of \$150 million, \$250 million, \$550 million (45.5% placed), and \$550 million (36.4% placed) placements providing occurrence only coverage; \$100 million (\$81 million remaining aggregate limit available), \$225 million (66.7% placed), and \$500 million (35% placed) placements providing occurrence and aggregate protection; and a \$500 million (35% placed) placement providing aggregate only coverage.

As of December 31, 2021, the ILS placements provide \$1.70 billion of reinsurance limits (with \$1.40 billion remaining limit available) for qualifying losses in all states except Florida caused by “Named Peril Basis” events with no reinstatement of limits. The ILS placements were comprised of \$150 million, \$400 million (62.5% placed), and \$250 million placements providing occurrence only coverage; \$500 million, \$400 million (75% placed, \$0 remaining aggregate limit available), \$100 million (\$97 million remaining aggregate limit available) placements providing occurrence and aggregate protection; and a placement providing an occurrence limit of \$225 million (66.7% placed) and aggregate limit of \$500 million (30% placed, available April 1, 2022).

Allstate declared catastrophes to personal lines property and automobile business can be aggregated to erode the aggregate retention and qualify for coverage under the aggregate limit. Recoveries are limited to our ultimate net loss from the reinsured event. Each agreement’s contractual limit applies to the Company and its ceding affiliated property and casualty companies under the agreement as a group, and not separately to each ceding company. There were 46 and 42 ceding affiliated property and casualty companies under the agreement as a group as of September 30, 2022 and December 31, 2021, respectively. A ceding company’s share of loss recovery under an agreement for a loss occurrence is based on the proportion of the ceding company’s ultimate net loss for such loss occurrence to the total ultimate net loss incurred by the Company and its ceding affiliated property and casualty companies for the loss occurrence, and is limited to the ceding company’s ultimate net loss. Reinsurance recoveries under the contract are limited to our ultimate net loss from a covered event subject to the contract’s limit.

NOTES TO FINANCIAL STATEMENTS

The table below reports all known ILS involvements that would likely be used to satisfy the Company’s reinsurance agreements. The term “Aggregate Maximum Proceeds”, as listed in the table, represents the aggregate of the contract limits of all of the Company’s outstanding ILS contracts. Proceeds of \$319 million and \$303 million were expected to be received under the terms of the ILS agreements as of September 30, 2022 and December 31, 2021, respectively.

22. Events Subsequent

On October 18, 2022, the Company closed the sale of its headquarters for \$232 million resulting in a gain of approximately \$89 million, pre-tax, to be reported as realized investment gain in the fourth quarter of 2022.

An evaluation of subsequent events was made through November 9, 2022 for the Quarterly Statement issued on November 11, 2022. There were no other significant subsequent events requiring adjustment to or disclosure in the financial statements.

23. Reinsurance

A. Unsecured Reinsurance Recoverables

The Company had unsecured reinsurance recoverables that exceeded 3% of the Company’s policyholders surplus of \$455 million as of September 30, 2022 with National Flood Insurance Program (NAIC Group Code 0000, FEIN AA-9992201). The Company did not have unsecured reinsurance recoverables that exceeded 3% of the policyholders surplus as of December 31, 2021.

C. Reinsurance Assumed and Ceded

1. The maximum amount of return commission which would have been due to reinsurers if they or the Company had canceled all of the Company’s reinsurance, or if the Company or reinsurers had canceled all the Company’s insurance assumed with the return of unearned premium reserve was as follows:

| (in millions)                      | September 30, 2022  |                   |                   |                   |                 |                   |

| d. Direct unearned premium reserve | \$ 2.11 billion     |                   |                   |                   |                 |                   |

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination

- C. The amount of net premiums written by the Company in the nine months ended September 30, 2022 and 2021 subject to retrospective rating features was \$5.28 billion and \$4.53 billion, respectively. These amounts represented 17.4% and 16.0% of total net premiums written in the nine months ended September 30, 2022 and 2021, respectively.

F. Risk-Sharing Provisions of the Affordable Care Act (ACA)

As a result of the acquisition of National General Holdings Corp. (“National General”) and reinsurance agreements entered into with Integon National Insurance Company (“INIC”), the Company assumed balances related to the risk sharing provisions of the ACA as of December 31, 2021.

- (1) Did the reporting entity write accident and health insurance premium that is subject to the Affordable Care Act risk-sharing provisions?  
Yes ( ) No (X)

- (2) Impact of Risk-Sharing Provisions of the Affordable Care Act on admitted assets, liabilities and revenue:

| (in thousands)                                                                                                     |    |        |

<sup>(1)</sup> See “Interdependent Transactions Effective April 1, 2021: Commutation, Division and Merger” in Note 10, Parts A, B & C in the December 31, 2021 Annual Statement for details.

As a result of the acquisition of National General and reinsurance agreements entered into with INIC, the Company assumed the associated reserve for losses and loss adjustment expenses effective January 4, 2021. See “Novation Endorsement and Quota Share Reinsurance Agreement” in Note 21, Part C in the December 31, 2021 Annual Statement for details.

Incurred losses and loss adjustment expenses represent the sum of paid losses, loss adjustment expenses and reserve changes in the calendar year. This expense included net losses from catastrophes of \$2.24 billion and \$2.95 billion for the nine months ended September 30, 2022 and year ended December 31, 2021, respectively. Catastrophes are an inherent risk that have contributed to, and will continue to contribute to, material year-to-year fluctuations in the Company's net income and financial position.

The Company calculates and records a single best reserve estimate for losses from catastrophes, in conformance with generally accepted actuarial standards. As a result, management believes that no other estimate is better than the recorded amount. Due to the uncertainties involved, including the factors described above, the ultimate cost of losses may vary materially from recorded amounts, which are based on management's best estimates. Accordingly, management believes that it is not practical to develop a meaningful range for any such changes in losses incurred.

Incurred losses and loss adjustment expenses attributable to insured events of prior years were \$1.39 billion and \$46 million as a result of the reestimation of unpaid losses and loss adjustment expenses for the nine months ended September 30, 2022 and year ended December 31, 2021, respectively. These changes were generally the result of ongoing analyses of recent loss development trends, primarily from bodily injury and physical damage coverages. Increases in injury coverages reflect recent data and updated assumptions related to severity with third-party bodily injury claims, increased claims with attorney representation, litigation costs and higher medical inflation. Increases in physical damage reflect the ongoing inflationary factors and supply chain shortages impacting used vehicle and parts prices, labor rates and length of claim resolution. Delays in the receipt of third-party carrier claims also contributed to the adverse development of claims reported in prior years.

Anticipated salvage and subrogation of \$1.47 billion and \$1.18 billion was included as a reduction of loss reserves as of September 30, 2022 and December 31, 2021, respectively.

- B. There were no significant changes in methodologies used in calculating the liability of unpaid losses and loss adjustment expenses for the most recent reporting period presented. Revised assumptions considered the increased claims with attorney representation, litigation costs and higher medical inflation. For the physical damage coverages, the revised assumptions reflected the ongoing inflationary factors and supply chain shortages impacting used vehicle and parts prices, labor rates and length of claim resolution. Revised assumptions also considered delays in the receipt of third-party carrier claims that contributed to the adverse development of claims reported in prior years, as noted in Part A above.

36. Financial Guaranty Insurance

Not applicable.

GENERAL INTERROGATORIES

PART 1 - COMMON INTERROGATORIES

GENERAL

- 1.1

Did the reporting entity experience any material transactions requiring the filing of Disclosure of Material Transactions with the State of Domicile, as required by the Model Act? .....

Yes [ ] No [ X ]
- 1.2

If yes, has the report been filed with the domiciliary state? .....

Yes [ ] No [ ]
- 2.1

Has any change been made during the year of this statement in the charter, by-laws, articles of incorporation, or deed of settlement of the reporting entity? .....

Yes [ ] No [ X ]
- 2.2

If yes, date of change: .....
- 3.1

Is the reporting entity a member of an Insurance Holding Company System consisting of two or more affiliated persons, one or more of which is an insurer? .....

If yes, complete Schedule Y, Parts 1 and 1A.

Yes [ X ] No [ ]
- 3.2

Have there been any substantial changes in the organizational chart since the prior quarter end? .....

Yes [ ] No [ X ]
- 3.3

- 18.1 Have all the filing requirements of the Purposes and Procedures Manual of the NAIC Investment Analysis Office been followed? ..... Yes [ X ] No [ ]

- 18.2 If no, list exceptions:

19. By self-designating 5GI securities, the reporting entity is certifying the following elements for each self-designated 5GI security:
- a. Documentation necessary to permit a full credit analysis of the security does not exist or an NAIC CRP credit rating for an FE or PL security is not available.
- b. Issuer or obligor is current on all contracted interest and principal payments.
- c. The insurer has an actual expectation of ultimate payment of all contracted interest and principal.
- Has the reporting entity self-designated 5GI securities? ..... Yes [ X ] No [ ]

20. By self-designating PLGI securities, the reporting entity is certifying the following elements of each self-designated PLGI security:
- a. The security was purchased prior to January 1, 2018.
- b. The reporting entity is holding capital commensurate with the NAIC Designation reported for the security.
- c. The NAIC Designation was derived from the credit rating assigned by an NAIC CRP in its legal capacity as a NRSRO which is shown on a current private letter rating held by the insurer and available for examination by state insurance regulators.
- d. The reporting entity is not permitted to share this credit rating of the PL security with the SVO.
- Has the reporting entity self-designated PLGI securities? ..... Yes [ ] No [ X ]

21. By assigning FE to a Schedule BA non-registered private fund, the reporting entity is certifying the following elements of each self-designated FE fund:
- a. The shares were purchased prior to January 1, 2019.
- b. The reporting entity is holding capital commensurate with the NAIC Designation reported for the security.
- c. The security had a public credit rating(s) with annual surveillance assigned by an NAIC CRP in its legal capacity as an NRSRO prior to January 1, 2019.
- d. The fund only or predominantly holds bonds in its portfolio.
- e. The current reported NAIC Designation was derived from the public credit rating(s) with annual surveillance assigned by an NAIC CRP in its legal capacity as an NRSRO.
- f. The public credit rating(s) with annual surveillance assigned by an NAIC CRP has not lapsed.
- Has the reporting entity assigned FE to Schedule BA non-registered private funds that complied with the above criteria? ..... Yes [ ] No [ X ]

STATEMENT AS OF SEPTEMBER 30, 2022 OF THE ALLSTATE INSURANCE COMPANY

SUPPLEMENTAL EXHIBITS AND SCHEDULES INTERROGATORIES

The following supplemental reports are required to be filed as part of your statement filing. However, in the event that your company does not transact the type of business for which the special report must be filed, your response of NO to the specific interrogatory will be accepted in lieu of filing a "NONE" report and a bar code will be printed below. If the supplement is required of your company but is not being filed for whatever reason enter SEE EXPLANATION and provide an explanation following the interrogatory questions.
