NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

- A. The Company prepares its statutory financial statements in conformity with accounting practices prescribed or permitted by the State of Illinois. Effective January 1, 2001, the State of Illinois required insurance companies domiciled in its state to prepare statutory basis financial statements in accordance with the National Association of Insurance Commissioners ("NAIC") Accounting Practices and Procedures Manual ("Codification") subject to any deviations prescribed or permitted by the State of Illinois insurance commissioner.
- B. The preparation of financial statements in conformity with accounting practices prescribed or permitted by the State of Illinois requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related notes. Actual results could differ from those estimates.

2. Accounting Changes and Corrections of Errors

Accounting changes adopted to conform to the provisions of Codification are reported as changes in accounting principles. The cumulative effect of changes in accounting principles is reported as an adjustment to unassigned funds (surplus) in the period of the change in accounting principle. The cumulative effect is the difference between the amount of capital and surplus at the beginning of the year and the amount of capital and surplus that would have been reported at that date if the new accounting principles had been applied retroactively for all prior periods. The Company reported an increase to surplus of \$81 million effective January 1, 2001. The components of the increase in surplus are as follows:

(\$ in millions)

Net deferred tax asset	\$	68
Effect of initial investment impairments in the calculation of AVR		64
Effect of change in accounting for prepayment penalties in the calculation of IMR		14

- E. **Glenbrook Life and Annuity Company ("GLAC") Guarantee**

Effective October 2, 1995, the Company entered into an agreement to guaranty the performance of GLAC and Allstate Life Financial Services, Inc. under a Master Marketing Agreement with SunTrust Banks.

Structured Settlements

The Company has agreed to guaranty the payment of certain structured settlement arrangements and third party payment obligations to injured parties and contingent recipients through certain reinsurance agreements in the event that Lincoln Benefit Life Company ("LBL") or Allstate Life Insurance Company of New York ("ALNY") is unable to make such payments. Reserves recorded by LBL and ALNY for obligations covered by this guaranty were \$28 million and \$20 million at June 30, 2002 and December 31, 2001, respectively.

The Company has also agreed to guaranty the payment of certain structured settlement arrangements and third party payment obligations intended to be "qualified assignments" established by Allstate Assignment Company ("AAC") through structured settlement agreements funded by annuities purchased from the Company in the event AAC is unable to make such payments. Reserves recorded for obligations covered by this guaranty were \$320 million and \$122 million at June 30, 2002 and December 31, 2001, respectively.

In addition, the Company has entered into an agreement with NABCO Assignments Ltd. ("NABCO") to guaranty the payment of certain structured settlement arrangements and third party payment obligations intended to be "nonqualified assignments" established by NABCO. Said guaranty would apply only to those agreements and obligations funded by annuities purchased from the Company in the event NABCO fails to make such payments. Reserves recorded for obligations covered by this guaranty were \$36 million and \$5 million at June 30, 2002 and December 31, 2001, respectively.

Northbrook Life Insurance Company ("NLIC") Trust

At June 30, 2002 and December 31, 2001, \$2.17 billion and \$2.18 billion, respectively, of the Company's investments are held in a trust for the benefit of NLIC, a wholly owned subsidiary, to permit NLIC to meet policyholder obligations under its reinsurance agreement with the Company.

- F. The Company approved an Investment Advisory Agreement and Amendment to Service Agreement, effective January 1, 2002 with Allstate Investments, LLC ("AILLC") whereby AILLC will provide investment management services to the Company.

14. Contingencies

A. Contingent Commitments

Please refer to Note 10, Part E for a description of the contingent commitments and guarantees the Company has entered into.

D. Regulations and legal proceedings

The Company's business is subject to the effects of a changing social, economic and regulatory environment. State and federal regulatory initiatives have varied and have included employee benefit regulations, removal of barriers preventing banks from engaging in the securities and insurance businesses, tax law changes affecting the taxation of insurance companies, the tax treatment of insurance products and its impact on the relative desirability of various personal investment vehicles, and the overall expansion of regulation. The ultimate changes and eventual effects, if any, of these initiatives are uncertain.

The Company sells its products through a variety of distribution channels including Allstate agencies. Consequently, the outcome of some legal proceedings that involve AIC regarding the Allstate agencies may have an impact on the Company.

AIC is defending various lawsuits involving worker classification issues. Examples of these lawsuits include a number of putative class actions challenging the overtime exemption claimed by AIC under the Fair Labor Standards Act or state wage and hour laws. These class actions mirror similar lawsuits filed recently against other carriers in the industry and other employers. Another example involves the worker classification of staff working in agencies. In this putative class action, plaintiffs seek damages under the Employee Retirement Income Security Act ("ERISA") and the Racketeer Influenced and Corrupt Organizations Act alleging that agency secretaries were terminated as employees by AIC and rehired by agencies through outside staffing vendors for the purpose of avoiding the payment of employee benefits. A putative nationwide class action filed by former employee agents also includes a worker classification issue; these agents are challenging certain amendments to the Agents Pension Plan and are seeking to have exclusive agent independent contractors treated as employees for benefit purposes. AIC has been vigorously defending these and various other worker classification lawsuits. The outcome of these disputes is currently uncertain.

In addition, on August 6, 2002 a petition was filed with the National Labor Relations Board ("NLRB") by the United Exclusive Allstate Agents, Office and Professional Employees International Union, seeking certification as the collective bargaining representative of all Allstate agents in the United States. AIC is opposing the petition on a number of grounds, including that the agents are independent contractors and, therefore, the NLRB lacks jurisdiction over the issue. The outcome is currently uncertain.

NOTES TO FINANCIAL STATEMENTS

AIC is also defending certain matters relating to its agency program reorganization announced in 1999. These matters include an investigation by the U.S. Department of Labor and a lawsuit filed in December 2001 by the U.S. Equal Employment Opportunity Commission ("EEOC") with respect to allegations of retaliation under the Age Discrimination in Employment Act, the Americans with Disabilities Act and Title VII of the Civil Rights Act of 1964. A putative nationwide class action has also been filed by former employee agents alleging various violations of ERISA, breach of contract and age discrimination. AIC has been vigorously defending these lawsuits and other matters related to its agency program reorganization. In addition, the Company is defending certain matters relating to its life agency program reorganization announced in 2000. These matters include an investigation by the EEOC with respect to allegations of age discrimination and retaliation. The Company is cooperating fully with the agency investigation and will continue to vigorously defend these and other claims related to the life agency program reorganization. The outcome of these disputes is currently uncertain.

The Company is defending various lawsuits that allege that it engaged in business or sales practices inconsistent with state or federal law. The Company has been vigorously defending these lawsuits, but their outcome is currently uncertain. The judge has granted a partial summary judgment against the Company in one statewide class action that alleged that the Company violated insurance statutes in the sale of credit insurance; however, the Company has settled that case, subject to court approval, for an amount that is not material to the Company.

Various other legal and regulatory actions are currently pending that involve the Company and specific aspects of its conduct of business. Like other members of the insurance industry, the Company is the target of an increasing number of class action lawsuits and other types of litigation based on a variety of issues, some of which involve claims for substantial and/or indeterminate amounts (including punitive and treble damages) and the outcomes of which are unpredictable. However, at this time, based on their present status, it is the opinion of management that the ultimate liability, if any, in one or more of these other actions in excess of amounts currently reserved is not expected to have a material effect on the results of operations, liquidity or financial position of the Company.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

- C. In the course of the Company's investment management, securities are sold and reacquired within 30 days of the sale date. This practice is referred to as wash sales. The details, by NAIC designation 3 or below of bonds and preferred stock sold and reacquired within 30 days of the sale date for the second quarter, are:

2002				
(\$ in millions)	Number of Transactions	Book Value of Securities Sold	Cost of Securities Repurchased	Gain/(Loss)

NAIC 3	2	\$ 1	\$ 2	\$ (1)
NAIC 4	4	1	1	-
2001				
(\$ in millions)	Number of Transactions	Book Value of Securities Sold	Cost of Securities Repurchased	Gain/(Loss)

NAIC 3	3	\$ 1	\$ 4	\$ (3)

20. Other Items

Due to system constraints, fixed income security and preferred stock impairments of \$41 million for the six-month period ending June 30, 2002 are included in column 10 (increase/decrease by adjustment) on Schedule D, Part 4. The 2002 NAIC Instructions requires this amount to be presented in column 16 (increase/decrease by adjustment) on Schedule D, Part 1.
